rlace with women the men absent ing our future farmers. "But perhaps the condition to 'Owing to the custom being a- which farm gainst women working on the land United Kingdom may be better unin England, the problem has been particulary difficult. The English type of farm laborer is highly skill-that up to the time of the passing of He would the great Reform Bill in 1832, land

the basis of power from land ownership was manifested gradually, and "The only English counties in that depression which was the great-which exception is found to this at-est catastrophe in the history of agthat depression which was the greatriculture did not begin until the end of the seventies. That was with the fall in the price of wheat to 24 shillings a quarter, and of corn and o other farm produce in proportion. between what countries with highly Farming, of course, ceased to be

centralized governments, like those a business proposition. Effect of Reform Bill "Millions of pounds were lost, and life as we are attempting here in housands of farmers were absolutely ruined. Conditions remained very bad for farming for thirty-five years. "Owing to the variety of causes an improvement occurred between 1900 and 1905. This improvement was being maintained and was increasing when the war broke out. Although it had placed the farmer so he was making a good commercial profit ten years before the war, every year saw and spontaneous effort. And the maless land under cultivation and more acres devoted to grass. The increase in the areas going to grass was due "But the spirit of the people here to the fact that farmers could make a good living in that way with less risk, and the memory of the terrible

experience of the depression."

Lord Selborne will have something to do with the revival of agriculture, ven now that he has resigned Colleges as a country of larger rural place as president of the Board of Agriculture, as the Prime Minister population like the United States, we are paying state grants to institutions has invited him to co-operate with cattered over the entire country him in the task of reconstruction of griculture after the war.

A Sacred National Duty Speaking before the Agricultural rganization Society, Lord Selborne

"Increased food production during he war is a sacred national duty. The man on a Hamppshire farm can strike a blow for England equally with his son in Flanders. The manner in which women have resonded o the call of duty in this war should make it impossible for any man to think them less patriotic, less capable of comprehending a great issue less firm in purpose or less prone to sacrifice than men." He made a plea or better wages for farm laborers better houses, and for a multiplica ion of the occupying owners of land drawn from the laboring classes."

Children Cry FOR FLETCHER'S CASTORIA

When you get behind a pair of Spectacles you want to be careful that you have the right kind of lenses that will suit your eyes without injuring your sight in any way. The older you are the better you should know how to value your eyesight, and the great importance of choosing glasses carefully. We take infinite pains to give you the correct fit; in fact, we will not be satisfied until your eyes are suited.
