How Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. For sale by A. C. Denike.

A Christmas tree and concert was held at the South Lake school house on the 18th inst., when a large number were present and enjoyed themselves immensely. Mr. E. Frederick made a most efficient chairman, and the program presented was excellent, while the little ones were made happy with presents from the tree.

"Big 5" Assembly.

The "Big 5," otherwise the five great railway brotherhoods, will be the hosts at an Assembly, to be held in the opera house, Havelock, on New Year's eve, Tuesday, Dec. 31st. The 40th Regt. Orchestra of Cambellford, will supply the music, and Mr. F. Miskelly of Smith's Falls, will be the floor manager. Tickets have been placed at \$1.50. Any one in Havelock wishing to attend are welcome to do so, but invitations will only be issued to outside parties.

Presbyterian Concert.

The Christmas tree and concert in the hall on Monday night under the auspices of the Presbyterian church, was fairly well attended. The choruses, tableaux and drills by the scholars were good considering the short time in which they were prepared. A duet by Misses Irene Herrington and M. Green brought down the house, and a song by Miss C. Green was also well received. The best number on the program was the solo by Miss B. Rose, in which the natural sweetness and flexibility of her voice was shown to great advantage. The great attraction of the evening for the youngsters, however, centred in the presents on the tree, and many small hearts were made happy by Christmas gifts.

DON'T WORRY

While every intelligent person realizes the danger encountered every day from germ diseases, it is comforting to know that none of them can develop in a perfectly healthy body. Rich blood and a clean body are the greatest protection, but it is very important to keep the body clean. If the bowels are irregular, the body cannot be clean, as the poisonous matter, instead of being eliminated, is re-absorbed into the system. In that condition you are not safe and might easily fall a victim to any of the germ diseases, such as typhoid fever, typhus fever, diphtheria and even tuberculosis. Common sense dictates that you should keep your liver and kidneys active, and no better medicine has been discovered for this purpose than King Palmetto Compound. As an intelligent individual, you want to know what you are taking, and the manufacturers of King Palmetto Compound make no secret of the ingredients of their preparation. The formula is on the wrapper. They do claim, however, that they know how to prepare it scientifically and are in a position to obtain the very purest material. Price \$1.00 per bottle. Write for free sample, King Palmetto Co., Bridgeburg, Ont. King Palmetto Compound is guaranteed to act directly on the bowels, liver and kidneys and on the strength of this fact it is guaranteed and recommended by
