RED CROSS APPEAL

As the war progresses the need of more work from the Red Cross Societies is apparent. The cost of materials to be made into clothing socks, etc., is mounting upwards and the funds is not forthcoming to meet demands. The Canadian Red Cross Society confesses its inability to furnish what is required on account of lack of funds.

So it is necessary to start a campaign throughout Canada for money. The Kentville Red Cross Society made some plans for holding a supper. But the amount of work and trouble entailed falling on a few very busy people, it has been decided to make a direct appeal for money from everyone. Commencing next week the Red Cross workers will canvass the whole town and vicinity and we ask for them a most hearty response from our citizens to meet the

existing need to carry on the good work.

It has been suggested that each church or society holding a supper or sale contribute a part of their funds to this object. Remember the war must be won and the work of the Red Cross is contributing to that end to a very great extent. Let your contributions be hearty and generous.

LINER DEUTSCHLAND AND 200 U-BOATS TAKEN, BUTLER SAYS

Pittsburg, Feb. 13—Nicholas Murray Butler, president of Columbia University, declared here today that the submarine Deutschland had been captured by the British.

"I have positive knowledge," he said, "that the Deutschland is one of eighty-five German submarines in one British port. I know that the British have captured not less than 200 German submarines."

"The Deutschland, now lying at Bremen is another submarine with that name painted on it to support the German story that the big commerce carrier never started on a third trip," Mr. Butler said.

"The German submarine plan will not succeed," he declared. "The British patrol and the active submarine arm of the British navy will prove their sufficiency to adequately and most effectively deal with the blockade," he added.

PRESIDENT WILSON MAY SOON BE FORCED TO TAKE SOME ACTION

America's Entry Into War Appears to be Only a Question of Time

Washington, February 14—A steady accumulation of violations of American rights by Germany made it appear possible today that President Wilson would go before Congress to ask authority for further protecting lives and property, without waiting for a serious disaster which might shock the country. There were no indications, however, that he believed the time for such a step had come, and it again was stated authoritatively that he would move deliberately and with full appreciation of all the consequences involved.

Braces

For stooped-over children, humped over their desk in school, a good shoulder brace makes them stand erect, expands the lungs, gives the body shape and the system health.
