In the recent examinations questions were asked upon the work of the year rather than upon that of the third quarter only and the time allowed for writing each examination was limited as nearly as possible to two hours whether a pupil had finished his paper or not.

Classes did fairly well, however, with the exception of Grade (IX) where too many failed to pass. Then again, several pupils in each grade were sick and unable to write the examinations.

In the Common School classes added interest, coupled with some fear and trembling, was occasioned by the fact that two subjects in each grade were examined and marked by the teacher of the next higher grade.

Pupils should attend with the greatest possible regularity from now to the end of the year particularly during the grading examinations for the Common Schools will be distributed over the month and announcement made by Report Cards on closing day, as to success or failure.

J. LOGAN TRASK, Principal.

WALL Decorations

WALL PAPER—Exclusive, artistic goods—that's the whole story in a few words—wall papers that are different to what you can find elsewhere—now don't be frightened by the word artistic and exclusive, it doesn't necessary mean expensiveness, in this case it means designs and colors, artistic to the highest degree.

Styles with newness and out of the ordinary effects yet well within the bounds of reason in price. Come in and let us show you all the latest ideas in wall decorations, you will miss some nice things if you buy any wall papers without seeing our stock.
