

THE TESTIMONY OF THOSE WHO KNOW

An Ontario Man Tells of His Experience With Dodd's Dyspepsia Tablets and How They Cured Him of Indigestion.

Mr. A. D. Miller, of Tomstown, Ont., says: "For many years I suffered from indigestion and could not find any cure. My doctor treated me for liver complaint, but instead of getting better I grew worse. My appetite was very irregular. I would lose so much after eating that my stomach was constantly in pain. I had palpitation and my heart would beat so violently that I thought I should drop and I was so bad I could hardly get round. I was persuaded to try Dodd's Dyspepsia Tablets and after taking a few I felt better. I persevered with them and now I am pleased to say I am quite cured and Dodd's Dyspepsia Tablets have done it."

Such a statement as this cannot help but carry conviction with it. It is a verdict of indigestion should follow Mr. Miller's example and take Dodd's Dyspepsia Tablets if they wish to get cured.

Four Years in Penitentiary.
Pictou, April 20.—At the spring Assizes yesterday, Judge Britton sentenced Frank Nelson to four years at Kingston penitentiary. The jury brought in a verdict of manslaughter. Nelson, who is only seventeen years of age, was arrested a few weeks ago for shooting Mrs. Sarah Brown, an old lady through the lungs from the effects of which she died a few days later. He was willfully reckless in the handling of a small rifle on a public road.

RADIANT WOMANHOOD.

The glory and satisfaction of beautiful womanhood can be obtained only by those possessing the unlimited advantages of health. No weak woman can be happy or enjoy all the pleasures of life. VALUABLE ADVICE TO MOTHERS

If your child comes in from play coughing or showing evidences of la grippe, sore throat, or sickness of any kind, get out your bottle of Nerviline. Rub the chest and back with Nerviline, and give internal doses of ten drops of Nerviline in sweetened water every two hours. This will prevent any serious trouble. No influenza or pain reliever equals Polson's Nerviline, which has been the great family remedy in Canada for the past fifty years. Try a 25c. bottle of Nerviline.

Fire at Omeene.

Omeene, April 20.—The Bradburn House was destroyed by fire yesterday morning at 4 o'clock. Inmates had to flee in their night clothes. Houses across the street were in danger, but the fire was confined to the hotel building. Loss \$6,000; insured.

THE UNGALLANT HOUSE

Denies Votes to Women in Parliamentary Elections.

Only Eight M. P.'s Voted For the Bill—Nurses' Bill Was Discussed and Took Up Considerable of the Time of the House—Will Be Considered Again and Likely to Be Amended.

Toronto, April 20.—Once again was the familiar bill of Mr. Smith (Peel) to give widows and spinsters qualified to vote in municipal elections the right to vote in Parliamentary contests, given its quieting in the Legislature yesterday, being snuffed under on division. After some debate, the vote was taken. It was defeated by 66 to 8. The ayes were Auld, Hielon, Smith, (Peel), Thompson, (Wentworth), Currie, McMullen, Racine, McDougall.

The competition of prison labor with free labor was discussed on Mr. Hanna's motion to ratify contracts with E. J. Taylor for the manufacture of woodenware at the Central Prison.

Hon. Mr. Willoughby, in moving, as chairman of the special committee that dealt with the nurses' bill, that the graduation be held over as an important body had asked to be heard drew some words of criticism from Mr. Crawford and Mr. Gage. In reply to these dissentient members, the Premier said there should be no delay, but that Dr. Willoughby was to be commended for wishing to allow other bodies to be heard. The bill was held over to hear the deputations.

At six o'clock Premier Whitney moved, seconded by Mr. Ross, the sympathy of the Legislature for the people of San Francisco.

Mr. Graham asked the Attorney-General if a promise had been given to President Phillips of the York Loan that he would not be prosecuted if certain assets were handed over.

Mr. Fox said negotiations had been in progress and the department promised that if restitution were made due consideration would be given, but no promise of immunity had been given.

Third Readings.
The following bills were read a third time:

Respecting the Town of Galt (Pattinson); respecting the Sao Paulo Tramway Co. (Crawford).

Hon. Dr. Reaume withdrew his bill respecting consolidation roads. It would be remembered next year, he said.

Principle Accepted.
At the evening session the nurses' bill was again taken up. Mr. Harcourt desired to know the intention of the House.

After some further discussion, the Premier said it was the intention of the Government to allow the bill to go through if it was the wish of the House.

He said, too, that the committee could not rise and report progress, and then it could be decided later to send it back to the special committee. Since he had come into the House he had been handed a list of objections to the bill.

Finally on the suggestions of Mr. Harcourt, the committee accepted clause one of the bill and then rose. This ensures further consideration at a later period.

RESTITUTION.

Phillips Turns Over \$106,000 to York Loan Co. Liquidators—Committed For Trial—Out on Bail.

Toronto, April 20.—Within two minutes after the Joseph Phillips was committed to the York Loan to the liquidators of the York Loan, he was committed to trial by Magistrate Denison.

Later in the evening he was allowed bail under two sureties of \$2,500 each furnished by Andrew M. Hoberlin and John Hudson and himself in \$5,000.

Among the shares turned over to the liquidators were those held in the names of Burt, the Hudsons, Joan McCann and Mrs. Sauter. It leaves the Hudson girls with only sixty shares of Toronto Life stock in their possession.

These were actually purchased with cash. Burt also turned in the amount of the overvaluing commission given him by Phillips and invested in Toronto Life stock.

Another of the turnovers made by Phillips were the National Monthly, and the Canadian Monthly. The latter Plan Co. has been in the hands of the liquidators for the past week.

The value of the Toronto Life stock is placed at \$50,000. The National Monthly, \$45,000, and the latter Plan Co. \$50,000, making a total of \$106,000 turned over by Phillips for the benefit of the shareholders in the York Loan.

Phillips was photographed and the Benvenuto taken.

Magistrate R. E. Kingsford was present at the jail last night when Phillips was allowed out under bonds to appear on May 8, when the sessions begin, or whenever called upon.

Want on a Drunk With \$1,700.

Detroit, April 20.—Robert J. Tilley, a young farmer from Essex, Ont., reported at police headquarters yesterday that he was robbed Wednesday night of seventeen hundred dollars cash, the proceeds of the sale of his farm Wednesday. Tilley says he went on a "drunk" with a man he knew and a man he didn't know.

Long Terms For Safe Blowers.

Toronto, April 20.—The safe-blowers which, for upwards of two years have menaced Toronto and Canada, were sentenced yesterday. The magistrate considered that Bennett was the leader of the gang and sent him down for ten years. James Hunter and John Crosby were sent down for eight years each.

Another Circus Man Dead.

New York, April 20.—William H. Gardner, a show man and associate for many years of the late James A. Bailey, died of pneumonia yesterday. Mr. Gardner was the son of the famous old circus clown, Dan Gardner.

Fatal Fall.

Welland, April 20.—Michael Bauer, an aged carpenter, fell from a building at the Cordova works yesterday, dying shortly afterwards.

THE PLANET URANUS.

Oddities a Voyage to This Gigantic World Would Disclose.

If Uranus, which is a star of about the sixth magnitude, were a planet like those little ones called asteroids, which are being discovered by the dozen every year, it could not have much claim upon popular attention, but Uranus is really a gigantic world, more than sixty times as large as ours. Its vast distance, about 1,700,000,000 miles from the earth, is what causes it to look so small. Uranus has four moons, which revolve backward in their orbits—that is to say, they revolve from east to west around Uranus, while Uranus goes, like all the other planets, from west to east around the sun. It is believed that Uranus rotates backward on its axis also. Moreover, the axis of that great, strange globe lies in such a direction that in the course of its year, which is equal to eighty-four of our years, the sun shines almost perpendicularly first upon one pole and then upon the other. Measured by our time standard, there are forty years of constant daylight, followed by forty years of unbroken night, around the poles made by the sun. The sun rises in the west and sets in the east there. But the sun looks very small when viewed from Uranus—only one four-hundredth as large as it appears to us. Still it sheds upon that planet 1,500 times as much light as the full moon sends to the earth, so that daylight upon Uranus, while faint compared with the blaze of a terrestrial noonday, is nevertheless a very respectable kind of illumination.

CAKE AN OLD INSTITUTION.

The Ancients Made and Ate It, but It Was a Simple Affair.

The ancients made cake, but it was not the rich, highly seasoned and flavored confection which we indulge in nowadays. They had plain cakes made with flour and water, some of them without a suspicion of sweet or flavor. Some of them were not unlike our plainest crackers and were often eaten as we eat bread.

Wedding cake was an institution among them, as with us, but the cake was a plain one and was broken above the head of the bride as she went to her new home. This was a special feature of Roman marriages 2,000 years ago.

The breaking of the cake was part of a solemn ceremony. All of the cakes of ancient history are plain and simple. It is only as we come down to more modern times that we hear of spices and fruits and all of the rich and luxurious ingredients in which present day cake makers delight. In Queen Elizabeth's time spice cakes and buns were eaten at weddings. From these the fashion and fancy grew for all sorts of elaborate and daintily unwholesome combinations until there seems to be a perpetual struggle for something new and more unusual to stir into the cake of the period.

Measuring Medicine.

Use a medicine glass with the amount of each spoonful and drop marked upon it. Teaspoonfuls and tablespoonfuls are always measured, but as these vary in size it is not safe to rely upon them. Drops, too, cannot be properly measured without a glass. Keep the medicine glass perfectly clean. It should be washed out after each dose, in readiness for the next time. It is desirable that if the patient is to have medicine with a strong smell, oils, etc., to keep a glass specially for them, letting it soak in hot water for half an hour after use to remove all disagreeable odor. It is impossible to cleanse such a glass in a few moments. When the medicine is being poured out hold the label uppermost in order that it may not become stained with any drops escaping down the side of the bottle.

Mozart and Bretzner.

When Mozart was at the height of his fame he composed the music for Bretzner's "Belmont and Konstanze" ("The Abduction from the Seraglio") at the request of the Emperor Joseph II. The author of the drama was so angry at this that he inserted the following notice in the Leipzig Zeitung: "A certain fellow of the name of Mozart has dared to misuse my drama, 'Belmont and Konstanze,' for an operetta. I hereby solemnly protest against this invasion of my rights, and I reserve to myself further proceedings." (Signed), Christoph Friedrich Bretzner, author of "Rauschen."

A Ground Hog Case.

"A ground hog case" is a case of absolute necessity—one in which the reward of perseverance is certain and the necessity for perseverance is imperative. Its origin is told in this story: A boy was seen digging vigorously with a grub hoe at the mouth of a hole in which a ground hog had taken refuge. He was asked if he thought he would get the ground hog, to which he replied with scorn: "Catch him? Why, yes; I'm bound to catch him; we're out of meat."

Johnny's Faith.

"But why do you think Johnny believes so thoroughly in the efficacy of prayer?"

"Because when I suggested that he pray for a little brother he refused to do it and prayed for a goat and a red wagon instead."

DISFIGURED WITH ECZEMA

Brushed Scales from Face Like Powder—Under Physicians Six Months—But Grew Worse—Some Said Face Would Be Marked for Life—Now Without a Blemish.

CUTICURA REMEDIES WORK WONDERS

"As I was a sufferer with eczema I write to tell you what a great friend I found in Cuticura Remedies. In six months I had tried three doctors, but did not get any better. It was on my body and on my feet so thick that I could hardly put a pin on me without touching eczema. My face was covered, my eyebrows came out, and then it got in my eye. I then went to another doctor. He asked me what I was taking for it, and I told him Cuticura. He said that was a very good thing, but that he thought that my face would be marked for life. But Cuticura did its work and my face is now just as clear as it ever was as clear as ever."

"My brother-in-law told me about the wonderful Cuticura remedies. I took his advice and got the Ointment, Soap, and Resolvent. I washed with the Cuticura Soap and then applied the Ointment, and took Cuticura Resolvent as directed. In a short time my face began to get better, and when I had taken one bottle of Resolvent, and I had the scales off my face like a powder. When I had taken four bottles my face was as clear as ever."

"I told all my friends about my remarkable cure. I feel so thankful I want everybody far and wide to know what Cuticura can do. It is a sure cure for eczema. (Signed) Mrs. Emma White, 441 Cherry Place, Camden, N. J., April 25, 1905."
