Cricket Activities

Wolfville vs. Bridgetown

A match was played on Wednesday between these two teams which after a most enjoyable game resulted in a victory for the visiting team by one run and three wickets. For Bridgetown, Messrs. Donat and Gill did some remarkably successful bowling. Messrs. Spittal, Jowett and White rendering the service for the home team.

In the first innings the play of the Wolfville eleven was rather weak and they were disposed of for 35 runs, but in the second innings they made the very creditable score of 75. The batting of Mr. Geo. Gill for the visiting team contributed largely to their success, Mr. Gill being an all round cricketer of exceptional merit. Mr. C. Koppel again distinguished himself by a number of difficult catches and by hitting the wickets at a great distance which resulted in the retirement of Mr. Gill in the 2nd innings. Messrs. Pierce, Ford and Donat acted as umpires.

The Bridgetown team was entertained by the Wolfville men at lunch at the Royal Hotel. A few short speeches were made by the President and Captains Gill and Herbin. A return match for Aug. 18th at Bridgetown was provisionally arranged. Bridgetown plays Windsor next week and another match between Wolfville and Windsor will likely be played soon. A cricket league for the Valley is now being planned and steps are being taken to organize a club at Annapolis Royal.

Following is the score of Wednesday's game:

In the second innings, Bridgetown made 39 runs with three more men to go in.

Wolfville vs. Kentville

Nothing daunted by their defeat on Wednesday, July 28th, the Kentville team played a return match on the following Saturday. A victory of about the same ratio as their defeat at the previous match rewarded their pluck and good sportsmanship. The principal features of the game were the bowling of Inspector Robinson who was in splendid form, and that of Capt. Holland the Kentville bowler, the brilliant fielding of C. Koppel and the batting of Mr. Vereker. Following is the score:

WOLFVILLE	
D'Almeida, b Neary	6
Saunders, run	7
White, b Holland	0
W. Bauld, b Holland	0
Robinson, c Vereker, b Holland	0

Town Council

HOLDS MONTHLY MEETING

The regular monthly meeting of the Town Council was held on Wednesday evening with all the Councillors present. In the absence of the Mayor at the beginning of the meeting, Presiding Councillor Rand occupied the chair.

A delegation of the Board of Trade, comprised of Messrs. H. E. Calkin and B. O. Davidson, waited on the Council, asking that action taken some time ago relative to the extension of the town boundaries at the east be reconsidered. The delegation was given an attentive hearing and the matter will be voted upon at a special meeting to be held on the 18th inst.

The resignation of Mr. J. D. Chamber of the position of Chief Assessor was read, and Mayor Fitch and Councillor Rand were appointed a committee to confer with him regarding it.

Applications from a number of citizens for permission to erect awnings over the street were read and referred to the street committee.

Mayor Fitch and Councillors Graham, Rand and Moore were appointed delegates to the meeting of the Union of Nova Scotia Municipalities at Windsor on August 25th, and following days.

A bonus of \$100 was voted to Supt. Johnson, half of the amount arranged at the beginning of the year to be paid at the option of the streets committee in consideration of good work.

WOLFVILLE DEFEATS KENTVILLE

The Wolfville boys played their final game in the League series on Wednesday, when they defeated the Kentville team at Aldershot by the score of 11 to 3. Eagles pitched for Wolfville and was given splendid support by the other members of the team.

Middleton defeated Bridgetown and Annapolis defeated Berwick on Wednesday also, these being the final games in the series which stands as follows:

	Won	Lost
Middleton	10	0
Annapolis	7	2
Bridgetown	5	5
Kentville	3	6
Berwick	2	8
Bridgetown	2	8

The Nova Scotia Tennis Tournament will be held in Truro beginning on Monday next. The Wolfville club will be represented by the following: R. W. Tufts, Dr. deWitt, Austen Chute, F. G. O'Brien (Windsor), Miss Marjorie Chute, and Miss Helen DeWolfe. We wish them success.

That old saying, "There is something rotten in the State of Denmark," evidently does not apply to sugar prices. In Denmark sugar is sold at ten cents a pound, practically one-third the local price, and at this the industry pays dividends at the rate of twenty-two per cent. Unfortunately for Denmark and for the out-side world as well, the supply, made from native beets, is limited to a rationed three-quarters of a pound a week. There is no possibility of an extra quantity for export.

I bought a horse with supposedly incurable ringbone for \$30.00—I treated him with \$1.00 worth of MINARD'S LINIMENT and sold him for \$85.00. Profit on Liniment, \$54.00.

The Evangeline Statue

A Regrettable Oversight

It is to be regretted that the unveiling of the statue of Evangeline at Grand Pré on Thursday last week, was an event of local interest as marking the inauguration of a movement looking to the perpetuation of the story of the deported people—should have been simply an incident in connection with the visit of the Imperial Press Delegation. The ACADIAN would have liked to have seen provision made for a special observance of the event and an opportunity given to young and old to be present. The people of the vicinity are particularly interested and if the undertaking is to be the success that it is hoped it must mean much to us all.

Mr. J. F. Herbin, of this town, has done more than any other man to arouse public interest in the movement and suitable recognition of the part the Acadians—his people—played in connection with the early history of this country. Through the Wolfville Board of Trade he accomplished much and made the present monument possible. Neither Mr. Herbin nor any representative of the Board of Trade or of the town, or of the community vitally interested, was asked to participate in the occasion. This was undoubtedly an oversight, but in our opinion a very pardonable one.

The continuation of the work begun a goodly number of years ago, of constructing a memorial park at Grand Pré and the preserving of all the authentic history of the Acadian people that can be obtained, is one that appeals to every person in the neighbourhood, and the management of the D. A. R. may be assured of the interest and co-operation of all. May the work so well begun be continued in real earnest.

AN APPRECIATION OF DR. AND MRS. FISHER

C. R. Fisher, Mus. Doc., who has been Musical Director of Acadia Seminary the last two years, left for his home town, St. John, N. B., on Friday last. Mrs. Fisher who has been an efficient Organist and Choir Leader in the Baptist church the last year, accompanied him to St. John, where she will spend several weeks.

Dr. Fisher enjoys and maintains a most excellent reputation as a Musician, Instructor of Music and as a Composer. We call attention to one or two testimonials, from the many which have come to us in printed form: Alfred Christensen, Berlin Musical Conservatory, speaks of Dr. Fisher's high executive ability as a Pianist, together with an efficient Theoretical knowledge of Music and as a most competent teacher.

Dr. John Haslam, President of Oldersome College, Leeds, England, speaks of Dr. Fisher as being painstaking, conscientious, and thorough in his work, not only skilled in execution, but enthusiastic in imparting instruction.

Dr. L. G. McNeil, of St. Andrew's Presbyterian church, St. John, N. B., says "I have much pleasure in testifying to Mr. Fisher's high musical ability and taste. He has been regular and punctual in the performance of his duties, and his work in the church has been very highly appreciated by myself and the Session. Mr. Fisher is a gentleman with whom it is always a pleasure to be associated and I feel sure that I express the feelings of the congregation, when I say that we shall part with Mr. Fisher with very great reluctance, should he feel compelled to press his resignation upon the church."

Of Dr. Fisher's Musical Compositions, Competent judges ascribe to him a foremost place. His songs are marked by a refinement of feeling and touches of originality which places them among the limited number which deserve "honorable mention".

Dr. Fisher is also a man of the press, and is a contributor to some of the leading publications in England. Mrs. Fisher, held in high esteem by her friends is like-wise a most gifted Musician and is a teacher of Violin and Piano of high merit.

Wolfville shall greatly miss these talented Artists. Their many friends join in the hope that Mrs. Fisher's recovery from her recent illness, may be speedy and be able to resume her place in the Musical World, so congenial to their united life.—Con.

The Boy Scouts

Last Friday evening at the regular meeting held on the Campus the results of the inter-patrol competition were announced.

The results were as follows:

1st. Wolves; 2nd. Lions; 3rd. Tigers; 4th. Cuckoos. This competition has resulted in much good work among the boys and was very close throughout. The winners owe their place largely to good attendance at church and Sunday School as well as to the large number of "good turns" reported by the people about town.

The Lions were first in Friday evening attendance and were also the front in "good turns". The Tigers won most of the team games but lost out on attendance.

It was hoped that the winning patrol could be given a trip to Chester; but owing to the heavy task of changing the camp from Black River to Sunken Lake it was found impossible to make the trip this year. However we hope that next year this plan can be carried out.

A beautiful camp site of about 4 acres has recently been purchased. It is situated on the north shore of Sunken Lake about 8 miles from Wolfville.

The winning patrol (Wolves) will go to camp on August 16th and assist the leaders prepare for the County Camp which will be held from August 23rd (Monday) to August 30th. On the latter date the Wolfville Girl Guides will go to camp, using the boys equipment. The charge for camp will be \$5.00 per week to all except the Wolf patrol, who are entitled to a credit of \$25.00 towards camp expenses.

It is expected that the County Camp will be a very large one this year as a number of boys from Canning, Berwick, Waterville and Kentville have already signified their intention of being present.

The camp site is now being cleared and a large shanty will be erected as soon as possible.

A new feature of camp this year and one which is sure to draw many boys will be the canoe and the guide's instruction in woodcraft.

Any boy in the County who wishes more information about Camp should write to Mr. E. Percy Brown, District Commissioner of the Boy Scouts for Kings Co.

TORONTO, August 1—A. C. Ross, formerly member for Sydney, N. S., has sent a challenger to the New York Club on behalf of the Nova Scotia Yacht Squadron to the effect that he intends to compete for the America's Cup in the summer of 1921. If the challenge is accepted, it is proposed to have the boat designed by a Britisher, built in Canada, and manned by Nova Scotia fishermen.

Commodore Aemiles Jarvis, of Toronto, who was in conference today with Mr. Ross, has intimated his willingness to be the skipper for the next races.

The estimated cost for the new challenger, which will be christened "The Maple Leaf," will be over \$1,000,000, and the cost of building is to be made the object of a popular subscription. When told about the proposed challenge by a Canadian yacht, several British Columbia skippers expressed their willingness to finance the project, but Mr. Ross intends to make the challenge for the America's Cup a matter of national interest, and subscriptions will be received from a dollar upwards.

The British fruit crop this year will not amount to more than 50 per cent. of that of last year and some estimates place it as low as 25 per cent. There should be a good demand for Nova Scotia apples and consequently good prices.

Business Change

Old Firm Adopts New Name

By reference to our ady. columns it will be noticed that Waterbury Co., Ltd. is the new name under which the late business of F. K. Bishop Co., Ltd. is in future to be carried on.

This business was founded in about the year 1880 and is one of the oldest in town. It was conducted for some time by the late Alfred C. Borden, who afterwards died in Oregon, and was taken over by his brother, the late Clarence H. Borden, who successfully carried it on for many years. On his death a few years ago the firm of F. K. Bishop Co., Ltd. was organized and have since conducted the business.

Our popular young townsmen, Mr. G. H. Waterbury, has been the manager of the business since the death of Mr. Borden, and the firm now becomes and will in future be styled Waterbury Co., Ltd.

The firm does a large business in boots, shoes and clothing and men's furnishings generally and is one of the most important in Wolfville. It has been one of the best advertisers THE ACADIAN has had since the paper was established in the spring of 1883 and the late Mr. Borden was very frank in acknowledging that this paper had been a great help in building up the business and making it such a success.

We trust that under the new name still greater success and prosperity may ensue.

WESTWOOD HOSPITAL

Through the kindness of Dr. C. E. A. deWitt THE ACADIAN had the pleasure one day recently of inspecting the improvements lately made in Westwood Hospital. The operating room has been enlarged and additional lighting provided and is now regarded by surgeons as being decidedly well arranged and adapted to operations of any description. The wards present a comfortable appearance and the whole institution has the appearance of being well taken care of. Room has been provided for admission

ing demands being made upon the hospital. Dr. deWitt has well demonstrated the claim of THE ACADIAN that there is a real need of a good hospital in Wolfville and plenty of work to be done. Since our people do not appear willing to provide a public institution of this kind we are very glad that the proprietor of Westwood Hospital has the courage and enterprise to undertake the work and wish him abundant success in what is certainly a most worthy undertaking.

At the last monthly business meeting of the Wolfville Baptist church the following resolution was unanimously passed:

"Whereas Mrs. C. R. Fisher, who so acceptably filled the position of organist and choir leader in this church during the last year, has recently been obliged to undergo a rather serious surgical operation, from which she is slowly recovering.

Therefore resolved that we express our deep interest and sympathy with Mrs. Fisher and also Dr. Fisher and sincerely hope she may be speedily restored to her usual good health and strength.

And further that a copy of this resolution be forwarded by the clerk of this church to Dr. and Mrs. Fisher, and a note of the same incorporated in the minutes of this meeting.

Moved by C. R. H. Starr. Seconded by Rev. Dr. Gates. C. S. FITCH, Clerk.

Wolfville, July 28, 1920.

The Apple Crop in the Valley is estimated at 1,200,000 barrels. The crop is somewhat cleaner than usual. Apples are beginning to show freely in some sections.
