CHASE RIVER ROAD.

Some attention has been called to the condition of the road between Nanaimo and Chase River by the whiz-bang drivers who are operating between town and South Wellington and Granby. It must be said that the condition of the road is beyond a joke. The direct road from Halliburton Street has been closed, and all traffic has now to proceed via the old black road. It would have been an easy matter to fix this road up temporarily so as to make it passable. Nothing, however, was done, and the surface is a mass of chuck holes, and the road altogether is absolutely unfit for traffic. Yet it is the only road into town, and the men now living in Nanaimo, who are working at South Wellington, Granby, and Morden mines have to suffer a jolting twice a day, while the cars

turned men has been given under compulsion. Our contemporary is as silent as the government propaganda it is reprinting as to the incident on the steps of the Parliament Building. However, in its second installment it has brought the government's legislative record up to 1919. Well, as bearing on the perfect peace and content with which the returned men regard the Oliver Government, let it turn up its file for April 23rd, 1919. It will read that a big delegation of returned men waited upon the Government, and after reciting a long list of grievances, asked for its resignation. Our contemporary may easily turn this incident aside by merely stating that the returned men did not know what they were talking about, and proceeding with the reprint of another batch of Government propaganda. But, all the same, here is an indisputable fact, well meriting the careful consideration of the Free Press, that so recently as April,

RETURNED MEN'S CAUSE

Our evening contemporary is at least determined to deserve the favors it has received from the Hon. Mr. Sloan and the Oliver Government. It came out with more government reprint in its issue last night, and has still another batch of the same meaningless propaganda to inflict upon its

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" is the thumb-print of genuine Aspirin. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocrotic acid of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

1919, the returned soldiers of this province were so dissatisfied with the Oliver government that they actually asked it to resign forthwith.

A MYSTERY

Frederick, Md., Oct. 28.—Scientists here are investigating what they declare is an unusual psychic phenomenon. When Clarence L. Marsh, of Akron, Ohio, becomes ill, his twin sister, Clara Marsh, who lives here, also invariably becomes ill. The unusual bond between the twins has existed since they were children.
