qrs frem Atlantic ports, 75,000 qrs from California and 120,000 qrs from Chili and Australia; of maize 63,000 qrs, all from American Atlantic ports, and of barley 3,000 qrs from Azov ports. Further cable advices to the 26th Peas, No. 1, per 60 lbs... ... No. 2, and No. 8 inst. give a most gloomy account of the situation of ive a much of the low-lying lands had caused the sub-seriously laid the crops in many parts or the seriously laid the crops in many parts or the serious serious of the low-lying lands had caused the heat plants to rot in the root and develop mildew in the ear in large quantities. Nearly everywhere the fields were chocked with weeds, and there was every sign that the present year would be as had or worse for the farmers than its immediate much of the set of the farmers that its much of the set of the PRICES AT PARMERS' WAGGONS. October, rather than September, was named as the probable harvest month in Scotland. Markets were kept down by the immense imports ; it was difficult to persuade millers to buy, except in retail, in the face of a supply considerably exceeding 300, 000 quarters in three weeks on the eve of a harvest, oven if the prospects of such harvest are admittedly bad. America's capacity for gigantic shipments was back the prospect of the program of the p difficult to persuade millers to buy, except in retail, Tomatee, per doz A. Turnips, per doz Carrots, per doz Beets, per doz Parsnips, per bag Hay, per ton. Straw, per ton. Wool, per lb. also thoroughly understood by buyers, and in view of it they operated cautionaly. The sales of English wheat in the preceding week were 13,302 quarters at 498 3d, against 26,379 quarters at 458 2d for the same period last year. From harvest to PROVISIONS. August 9th the sales in the 150 principal markets August 9th the sales in the 150 principal markets have been 2,464,674 quarters, against 1,176,424 quarters; and it is computed that in the whole kingdom they have been 9,818,700 quarters, against 7,905,800 quarters in the corresponding period of last season. Continental advices by mail state that in France crop pre-pects were improving; but altogether there was a certain amount of continential advices by mail state that in France crop pre-pects were improving; but altogether there was a cortain smount of containcticion in the various a thread of all tweek, and that in evacuties could probably be bought at 76, but we have heard of only one bid all week, and that in evacuties could probably be now have been rais of dairy. English advices to the 16th uit, say that in weakler, duinces abroad, and large American exports, had caused duiness in the wheat trade, and a elight dodine in prices. At the Paris weekly market on Wednessky a decline of about 56c too place in foreign whrat. Bed winter on the spot was held at 498 9d per 480 lbs, whilst September in the ports the trade had been very quiet. In Belgium cereal crop prospects were improving. The trade this week has been much quieter, buton material decline has been quoted. The quantities could fail, well at \$12,60 to its of the system rather better. At Berlin heart 10 to 126 for round fors, and 45 to 65. Oracs-Stock of Canobas have been steady with receipte masterial decline has been quoted. The quarkity to long of wheat 45 the theter at Berlin heart 10 to 126 for round fors, and 45 to 65. Oracs-Stock of Canobas have been steady with receipte has increased to 57,000 qrs. In Germany also crop romagin for export. In Austro-Hungary prices show da store upward tendency at both its reported. Suburt de store of the usual Hungarian scouth. Rase-An active demand for small lots has been nail definent and the for small of the show be and the for canowased. Flocked and 12 to 136 to read-store demand for small lots has been nain dread, at 36 to 60 read to 16 to 130 to 30 TRADE-Seems generally to have been quiet ; but have been 2,454,674 quarters, against 1,176,442 steady in meats. up for the absence of the usual Hungarian supplies. LARD-Has been more active and finer; round lots of summer-cured tinnets have changed hands at 5jc, and small lots at 5j to 9c. Palls sell in small lots at 9 by 6, and barrels at 8jc. Summer-cured tierces quiet at 8c. Latest postal advices from Odessa state that the wheat crop in South Russia had suffered considerably in several Governments, particularly in Bes-sarabla, Podolia and Kiew, the yield turning out Hogs-There are a few sold to order at \$6. very deceptive; the acreage sown, however, is re-ported to be larger than 1878 crop. There was some Auto-Liverpool has been commer at and selling rather easier; cars of coarse to arrive could be had at 70c, and small lots at 75c Liverpool dairy in unbleached bags has sold at \$1.20 to \$1.25, and in bleached bags at \$1.40 to \$1.45. Hors-There have been a few sales for shipment made at 5c for poor qualities; at 6c for ordinary and 7gc for choice. export movement of wheat from Egypt for the United Kingdom, but shipments from British Indis have remained small. On this side markets have been quiet and prices have remained easy all over the States. This is in part due to the late advices from London and Liverpool, representing these markets as overstocked with American wheats, and the latest orders thence are at reduced limits. The latest western advices do not corroborate th the interference of the spring wheat. The Chicago Daily Commercial Bulletin has issued its annual estimate of the spring wheat crop of the North-west based on reports from 305 °ountles; and
