Municipal Council

(Continued from page 3)

Coun. Watling said the Government should take the money wasted on the wireless garrison. Let the Government save up money to pay these bills.

Coun. Sinclair said no better cause could come to us for aid, and it was our place to give them help.

Coun. Swin thought we should make the small amount that is proposed by the resolution. He had never been in favor of the Patriotic Fund, but thought the Government should pay the bills. Some persons contributed nothing. He thought he had given enough to pay his taxes for ten years. If the Government financed it every man would have to pay his share. As this had not been done we should be ready to contribute to the comfort of our defend-ers and their families. The few cents we are paying didn't amount to a row of beans. We should put through the \$500 without a word.

Coun. O'Shaughnessy asked where we would do it if it were not for the British navy. It would be a disgrace to refuse to vote this \$500.

Coun. Vanderbeck was in favor of voting the money.

Coun. Chaisson felt that we had done a great deal in paying \$5,000 to the Patriotic Fund. The war was not finished. More money would have to be voted. Who was going to support men who returned from the war disabled?

Coun. Doyle thought the Government should support the navy and tax the people for it. The County had the poor to look after, and the insane. The County had done nobly.

Coun. Burchill said Coun. Doyle had moved for \$1000 to the Serbians and Belgians, and surely after that he would not refuse \$500 to the British navy.

Coun. Doyle claimed that we should display our patriotism by subscription and not by imposing a further burden on the poor.

Resolution adopted.

Mayor Fish said the expressions of loyalty and patriotism were worth more than the money.

Want Railways to Tobique

Coun. Somers moved a resolution asking the Dominion Government to build a railway from the Intercolonial, up the North West to the Tobique.

Coun. Vanderbeck supported the resolution. The road would go through a great lumber country.

Coun. Sinclair would oppose it if he thought it would come to anything as it would accommodate only one parish. There was just as good farm lands in North Esk.

Adopted.

Scott Act Inspector

Coun. O'Shaughnessy moved that Daniel Baldwin be reappointed Scott Act Inspector at a salary of \$500. Carried.

Line Agreement

Coun. Swin reported that an agreement had been made of a line between Derby and South Esk. Adopted.

Auditor

Coun. Lamont moved that J. W. Davidson be reappointed Auditor. Carried.

July Meeting Committee

Coun. Doyle moved that a committee of five be appointed by the Wardens to act instead of a July session. Carried. Committee—Doyle, Baldwin, Burchill, Sinclair.

Bond Printing Committee

Coun. Parker moved that Councilors Doyle, Vanderbeck and Burchill be a committee on printing the bonds. Carried.

More Money for Prisoner's Meals

Coun. Schofield moved that the Deputy Sheriff get 16 cents instead of 10 cents for prisoners' meals.

Coun. Doyle wanted to know why it should cost twice as much to feed prisoners as to feed inmates of the Municipal Home. He wouldn't consent to an increase unless the bill of fare were prescribed. Lost.

Major Crocker suggested that Major Crocker be asked to address the Council. Carried.

Major Crocker Addresses Council

Major Crocker who was received with great applause, said he had dropped in to meet old friends, and not to talk. He wasn't a public man and had no desire to appear in public press. Soldiers had trained themselves to forget the horrors they had seen and shared. He was a firm believer in conscription. Canada was not doing her share or backing up the men at the front as they should. Was anybody giving so much that it hurt him? The people to whom the war comes home are those who have sons or brothers at the front. The country was never more prosperous than it is today, and this was largely due to the war. Go to France or Belgium and see how the country is torn up and how the farms are worked by women, children and old men and they would realize that there is a war. The least a man could do was to sign the National Service cards. Men were wanted for munition making as well as for the trenches. The least we could do was to back up every movement projected by the Government for helping in the war. Every man who failed to do so was a friend of the enemy. Every man whether he wanted to or not, would have to serve in the army if the Germans had not been checked.

Three cheers were given for Major Crocker.

Ludlow Assessors

Coun. McAlear moved that the assessors of Ludlow be paid \$14 in excess of the usual commission. Carried.

Councilor's Pay

On motion of Coun. Anderson the usual mileage and per diem were ordered to be paid.

Jailor Gets 2 1/2c a Meal More

Coun. Burchill moved that the jailer be given an increase of 2 1/2 cents a meal.

Coun. MacLachlan said prisoners should be given a decent diet, and ten cents was not enough. A diet of bread and water was out of time with modern ideas. The increase should be five cents. He moved as an amendment that it be five cents, making it 15 cents a meal.

Coun. Watling said the more you fed the prisoners the more you'll have to feed them.

The amendment was defeated and the original motion carried.

Constable's Fees

Ordered that the constable be paid the usual fees.

Cut Out Auto Rides

Coun. O'Shaughnessy moved that auto rides to Maple Glen, at \$5 each, be discontinued, and horses hired by constables instead.

Coun. Parker said Chief Lucas told him that it would have cost more for a horse than he paid for an auto.

Coun. O'Shaughnessy—Mr. Irving is here. Did you, Mr. Irving, ever pay \$5 for a ride to Maple Glen?

Deputy Sheriff Irving—I have enough to do to shoulder my own burdens.

Warden McNaughton Thanked

Coun. Burchill was called to the chair. Coun. Doyle moved a vote of thanks to Warden McNaughton for the courteous and satisfactory manner in which he had performed his duties. Carried by acclamation.

The Warden responded in a brief speech, thanking the Council for the vote.

Adjourned sine die.

WHEN YOU ADVERTISE YOU WANT

RESULTS

That's What You Expect to Get
when you do advertise
and that's where we come in

No matter what paper you have tried, results are sure if you try

The Union Advocate
THE HOME PAPER OF NORTHUMBERLAND COUNTY

Results have been produced for hundreds of others who have tried our columns, and we can make good for you. There are two vital points in the advertising game. The first is to select the paper YOU KNOW has the largest circulation, and the second is to look after your advertising, changing your advt. at least twice a month in a weekly paper. The Union Advocate circulates to all corners of Northumberland County, which no other paper does, and is read by more people each week than any other paper. Is there any reason then why it should not be a better advertising medium than any other paper? If you have any doubts about the above, the subscription lists are open to interested bona-fide advertisers, why not investigate? Is it not worth your while? The Advocate has nothing to hide, and will be only too pleased to prove to advertisers the truth of the above statements. In these war times, particularly, advertisers want the very best possible results to be obtained from their advertising, and unless they use the paper that reaches the most people, they are not getting full value for the money they are spending each year. The

Average Circulation

of The Advocate each month is steadily increasing. From January 1st, this year, until May 31st, more than 43,000 copies were printed and put in circulation, and this without special editions or extra runs—bona-fide circulation only. Nearly 45,000 circulation in five months! These figures should interest every advertiser and non-advertiser within the radius that The Advocate is covering.

What Results are You Getting?

Are they satisfactory, or do you not think you should be getting more? If you have any doubts, why not investigate, and when convinced, investigate the advertising power of The Union Advocate. This will cost you nothing, and may prove the foundation of a successful business. Country merchants will be wise in taking this matter into consideration. Some have already done so, and have received surprising results.

YOU WILL FIND A TRIAL WORTH WHILE

DON'T FORGET THAT WE HAVE THE BEST JOB PRINTING

plant in Northern New Brunswick, and can handle all kinds of Job work from a dodger to the very finest class of color and plain black printing. Every bit of work turned out of our office has that nice fine printed effect—no clumsy work, such as comes from poor presses and old rollers. The work is done by experienced hands and the proper touch and color is given to it. Samples sent to Canadian and American printers' journals of art have been most favorably commented on, which shows that work turned out from this office ranks with the best or it would not receive recognition at all. It goes to show further that only the best grades of stock are used. We are also prepared now to do a very fine class of

EMBOSSING

by which your letter heads, etc., are improved fully 100 per cent. Programs, cards and menus can alike be improved by a little touch of embossing, and the extra cost is not very great. Drop in and let us show you samples of our work. We are the only office in Northern New Brunswick that does this class of embossing.

You Take No Chances

When you order work at this office. You can rest assured that you will receive the best of consideration, whether your order be large or small. We make no discrimination. Prices are the same to everybody, and stock to suit every line of business is carried. Examine your supply and then let us hear from you.
