

WEAR A DOROTHY DODD

And forget your foot troubles. You will no longer feel that drag to your step, that dead weight, that tired feeling.

THE ELEGANCE
Gold Medal SHOES
IS THE RESULT OF BOTH BEAUTY OF
DESIGN and BEAUTY OF FIT.

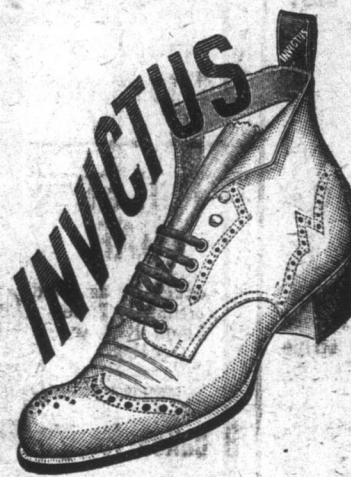

MOST SHOES SIMPLY COVER THE FEET.

Both Dorothy Dodd and Gold Medal Footwear support, brace and aid the feet. One well fitted pair will prove this.

Geo. A. Slater's Famous Invictus Shoes are Flexible.

The foot feels as if it is rested on a cushion instead of a hard leather bottom.

The most thing about breaking in New Shoes is the hard stiff feeling of the soles. Every step is an effort to make the leather bend. You instantly notice the difference when you put on a pair of G. A. Slater's Invictus Shoes.

Norris Arm Notes.

The mill at Norris Arm is now in full swing, the average daily cut is between 25,000 and 30,000 feet of lumber, most of which is pine.

The logs cut by the company last winter amounted to about 5,000,000. Next winter they expect to have 8,000,000 on probably more cut owing to increasing trade.

There are upwards of 250 men working in the employ of the Central Forest Lumber Co. in and around Norris Arm. Next year the company contemplate increasing their number to 400 men.

At present in the yard of the company a large amount of lumber is stacked, enough in fact to supply the local trade independent of the foreign shipments which are very large.

The purchasing agent of the company, Mr. W. J. Sparrell, who is now in town on a short holiday, predicts a busy season for the company.

Arrested for Larceny.

Monday evening Supt. Grimes, of the Police Department, had a wire from Mr. Levi Sharpe, of Ranton, saying that two men, who were travelling from the northward had broken into his camp (No. 4) there and stolen provisions, tobacco, and as it was later learned some articles of clothing. Later it was learned that the two thieves reached Whitehouse that night. Tuesday the Supt. heard from the railway people that the men on the new branch railway had searched for the men, going as far as Shoon Harbor, but could get no trace of them. The police waited hoping that the men would be located by those on the line, and then were informed that the two marauders would be at Placentia Junction that night and were on their way home to Harbor Main. The officers arrested the pair at Placentia Junction and Constable Quinn was despatched to capture them by yesterday morning's train. The officers arrested the pair whose names are Walsh and Skeans, and brought them to Holyrood where they will be tried by Magistrate O'Toole. It is said that they also broke into another place and stole some goods on their way.

Castaway Fishermen Arrive.

Wm. Baker, of Ireland's Eye, T.B., and Mr. Bennett, of Grand Bank, fishermen of the tanker Olivia May, Geo. M. Forsey master, arrived here in their dory this morning from Cape Race. They left their schooner on the Banks at 1 p.m. Saturday last, during a thick fog to go to haul their trawls but missed their buoy and started to return to their vessel. After rowing for some time they found that they were astray and decided to stage their course for the Newfoundland shore. They reached Cape Race at 11 a.m. Monday, suffering terribly from hunger and thirst and were well cared for by the kind-hearted Messrs. McKinnon. The men say the fog lasted till Monday at 3 a.m., when it cleared but became dense again at 3 p.m. and they saw nothing until the Cape lighthouse beam shined Monday morning. They had a half bottle of water in the boat and this they husbanded, but it was soon consumed and then for nearly 24 hours they had nothing to quench their thirst nor had they any food whatever with them. They left the Cape at 7 a.m. yesterday, sailed down shore with a fair wind and harbored at Petty Harbor last night. When they left their vessel she was doing well and had 500 qts. on board. She has with her 1,000 qts. stocked for 7 dories. The vessel is still on the Banks.

Big Train Day.

The trains were well patronized yesterday by picnickers and holiday seekers. Over 100 went out by the regular at 8:45 a.m., 400 children by the special at 10:30 for St. Mary's picnic, 550 for the Cochrane Street Sunday School outing at 11, and 300 by the 2:30 excursion train, while 50 went out at 6 o'clock. In all, about 1,500 went to the country by rail and returned during the night. Not the slightest mishap occurred to mar the pleasure of a very pleasant holiday.

Two Other Escapes.

A boy named Chas. bathing in a pool at Waterford River yesterday was nearly drowned, and another went beyond his depth at Quiddy. Both parents should now impress on their boys the danger of being too bold when they go bathing in nearby ponds and streams.

Evidently the summary of General Sir John French's report on the Canadian Militia, which has been published in The Times, is somewhat more favorable than I have received. The report of General French on the Canadian Militia," stated Sir Frederick Borden this afternoon, "but it is not my intention to make it public until such time as Sir Wilfred Laurier returns. It will be given out some time before Parliament assembles." "Will you indicate in a general way its contents?" he was asked. "I may say this much," replied the Minister, "that from my view it is favorable. There is nothing in it to which I take exception, having regard to the fact that the General has based his report on the preparedness of the Militia for war and without reference to the other prevailing conditions. But even Generals, you know, sometimes differ."

Special Evening Telegram. LONDON, July 27.

The King's Accession Declaration bill, in an amended form passed its second reading in the House of Commons to-day by a vote of 410 to 84. The bill as it now stands provides that the pronouncement against Roman Catholicism shall be eliminated and the clause "and declare that I am a faithful Protestant" shall be substituted. The non-conformists showed a strong opposition to the original substituting clause which read, "and declare that I am a faithful member of the Protestant Church as by law established in England," and the Premier finally accepted their amendment. It is believed that all difficulties have now been removed and that the bill will survive the Committee Stage and be accepted by the House of Lords without further trouble. During the discussion in the Commons to-day several anti-catholic societies gathered near the parliament and a number of "no popery" placards were displayed.

At the latter place nearly 5,000 people marched in the procession. Many wonderful cures are reported at both shrines.

Badly Hurt In Thresher

Blood poison set in—Great suffering—Cure effected by DR. A. W. CHASE'S OINTMENT. Mr. C. Hopkins, St. George, Ont., writes: "I feel like shouting the praises of Dr. Chase's Ointment. While threshing grain, my son got badly hurt. One of the men who was pulling the sheaves, missed the sheaf and ran the prongs of the fork into my son's leg. He did not take much notice of it and in a day or two it got sore and very itchy and blood poison set in. We did everything for it but it would heal one place and break out at another and kept on this way for three months. Finally I thought of Dr. Chase's Ointment and in a week's time we noticed a wonderful change. By the use of three boxes he was completely cured and the wounds healed up. There had not been a sign of a spot on him since."

Wherever there is itching or irritation of the skin or sores that refuse to heal you can apply Dr. Chase's Ointment with every assurance that the results will be prompt and satisfactory. Get a box, 25c, from all dealers, or E. J. Manson, Bates & Co., Toronto. Write for free copy Dr. Chase's Recipes.

Successful Party at Mount Cashel.

Yesterday afternoon the weather was most favourable for garden parties, picnics, and outings generally. Those who attended the garden party at Mount Cashel had full benefit of it as well as of the good things provided for consumption and entertainment. The attendance was large, the gate receipts high, and the sales gratifying.

There were present the Deputy Governor, Sir Edward Shea, the Acting Premier, Hon. R. Watson, Minister Roche, Clergy, Christian Bros., and other men of prominence.

On the raised platform exhibitions of dancing by the boys were given to the piping of Mr. Power's clarinet, and at intervals Mr. Bennett's band discoursed sweet and popular melodies.

At Torbay at 3 p.m. 12 competitors lined up for the six mile road race. For 4 miles G. Way kept and increased a good lead, then he collapsed from cramps and had to give up. Wall then took the lead followed by Greene and Thomas. The latter also had to give up and at the finish Wall came in first in 37 mins. 40 secs.; Greene second and Kavanagh third.

The football boys were of course centres of interest. The Casuals won their round with the B. I. S., 1 to 0; the Feildians beat St. Bon's, 3 to 1; the Star beat the C. E. L. 1 to 0; Col. legians beat the Ex-pupils of Mount Cashel, 4 corners to 1.

In the Inter-Brigade relay race for the H. D. Reid Challenge Cup, the C. L. B. team came out winners, with C. C. C. second, and Highlanders third. The Guards did not enter. The members of the winning team were:—E. Chafe, E. Spry, J. Marshall and W. Oliver.

In the second round of the football fives the Stars and Feildians knocked out their opponents, and in the finals the Feildians won with a team made up of R. Tait, H. Dickinson, H. Rendell, E. Pinsent and J. Volsey. To them Rev. Monsignor Roche presented gold medals.

The ladies and gentlemen who contributed largely to the success of the Garden Party well deserve the praise given them for the brilliant success of the outing.

A PLUCKY LAD.—John Morgan, the plucky young centre forward of the Star football team, who is not yet 18, is making a name for himself in athletic circles. He is one of the best players on the Star team and will stroke the football team in the Guard on Regatta Day. He will also pull stroke for the C.C.C., of which he is a member, in the Brigade Race in the Pink-Up.

Picnic at Topsail.

Delightful weather had charming scenery added much to the enjoyment of all those who attended the Cochrane Street Sunday School picnic held at Topsail yesterday. After the arrival of the train the school proceeded to the grounds kindly loaned by S. Garrett, Esq., where the usual games, such as cricket, football, swinging, races, etc., were indulged in. Tea was served at 4.30 and all did justice to the good things provided by the caterer, Mr. Gale. Amongst the visitors present we noticed Rev. Drs. Cowperthwaite, Curtis, Revs. Matthews, Westlake, Ridout, Nurse and Messrs. E. B. Woods, of New York, M. T. Knight, A. Soper, A. Lindsay and others. Return was made to town at 9.40. Much credit is due the energetic Superintendent, Hon. H. J. B. Woods, the teachers of the school, and the Reid Nfld. Co. for the successful carrying out of this annual outing which is looked forward to with such interest by the scholars of the school.

Member of the Guards

Wm. Joyce, to whose sad death we refer in another column, was a member of the Methodist Guards Brigade and well liked and very popular with his comrades and the officers. Only last week he passed his examination in the "first aid" class. His father, the late Mr. George Joyce, who died in March last, was a trusted employee of Arve & Sons. Heartfelt sympathy with the mother of the deceased boy and his sister and brother is expressed all over the city, and in this Telegram sincerely joins.
