## Prescription "A"

Cures Indigestion and Dyspepsia in all its Forms.

It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach heaviness and headache, I feel too tired to do anything. I have no heart to exert myself, and at times I care for nothing. I often have a pain in the pit of the stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden.

Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles. It can be obtained at

DR. F. STAFFORD & SONS, Duckworth St. and Theatre Hill.

Small size, 25 cents; postage 5c. extra; large size, 50 cents; postage, 10c. extra. Mail orders must be accompanied by remittance.—dec7

## Hr. Grace Notes.

Messrs. Rutherford & Co., are expecting the S. S. Adventure here on Monday or Tuesday with a load of coal.

A party of young men are now camping in the country to the north of the town, and are timber-cutting, rabbit catching, etc. It is a wonder more of our young men would not go in for this profitable pastime for the winter months. Rabbits would sell readily at 40 cents a brace.

Several of our young men who worked at Montreal during the summer, returned this week. They say that all the Harbor Grace boys in Montreal are well, and a number have decided to remain there the winter.

The lads of the Carbonar C. C. C., under command of Colonel Williams, paid our town a visit this forenoon joining forces with the boys of our own C. C. C. They attended 10 o'clock Mass at the Cathedral. After service the two brigades paraded the town and were admired by all our citizens. This is the first visit the Carbonar brigade has paid our town, but we hope it will have been so enjoyable and profitable to them that they will pay us many like visits in future. The officers and the friends of Carbonar are to be congratulated on the smart appearance of the lads.

CORRESPONDENT.

## Child Burnt.

A little girl named Penny, of Stephen Street, had a narrow escape from being burnt to death on Saturday night. She lit a piece of paper at the flame of a kerosene lamp and her pinafore was set fire to. She ran out of doors in her fright and this made matters worse. Some of the neighbors ran and pulled off the burning clothing just in time to save her life. She was badly burned about the hands and legs. A doctor was called in and dressed the wounds.

## At St. Patrick's

Rev. Father Pippy preached at the 10.30 Mass at St. Patrick's Church yesterday. In the course of his sermon he drew the attention of the congregation to the concert which will be held next Sunday, in the T. A. Hall, in aid of St. Patrick's heating fund. Mr. P. J. McCarthy will have charge of the programme.

## Solway Arrived.

The S. S. Solway, Capt. Parsons, arrived here last night from Sydney with a full load of freight, making the run in 42 hours. A large quantity of freight had accumulated there, much more than the Invermore could carry. The Solway has now relieved the congestion for a time, but it is expected that another steamer will have to help the Invermore to clear out the freight that will be coming along between now and the New Year.

## Here and There.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box.

DIPHTHERIA & SCARLET FEVER.—Beside the child at Young Street, reported Saturday, a man residing at Angel Place was also reported to be suffering from diphtheria. A 9 year old child was also reported as being ill of scarlet fever at 52 Patrick St. and is being nursed at home.

TAKEN FROM HOUSE.—Saturday night two policemen were called to a residence in the West End where a man had entered his mother-in-law's and threatened the woman who greatly feared him. He also threatened to smash the furniture and the officers hurried him to the station.

EIGHT PRISONERS JAILED.—Saturday evening and night the police were pretty busy, as there was a good deal of drunkenness evident on the streets. Eight prisoners were jailed, all except one, who was disorderly, being ordinary drunks. Four of the latter were released yesterday on making the usual deposit.

IDENTIFYING THEIR GOODS.—Saturday afternoon several persons went to the lock-up where the goods taken from Mrs. Butler's residence are displayed and identified articles as missed from their residences. One firm's agent of Water Street identified a parcel which contained \$35 worth of goods.

Saturday evening Officers Green and Brown were called to the Smith Co. wharf where a man who has a police record while drunk was challenging all on the premises to fight. When arrested he attacked the officers savagely, and they only succeeded in handcuffing him after great trouble. He was then given the "frog's march" to the police station.

Minard's Liniment Cures Colds, Etc.

## AN ENDORSEMENT FROM SOUTH AFRICA

Mr. B. J. Hassett, Sanitary Manager for the Bloemfontein Corporation, South Africa, seems to have formed a very high opinion of that well known Canadian remedy, Douglas' Egyptian Liniment. This is what he writes: "Douglas' Egyptian Liniment has worked wonders in our stables, hence our repeated orders for same. I have never used a medicine to stop bleeding, cure foot rot, sprains or any old sores, with such good results. I find it equally good for human beings, and am writing this as I consider it is everyone's duty to acknowledge a good article."

In every home and in every stable there is frequently an urgent need for a liniment to stop bleeding, relieve pain, heal wounds and clean out sores. What's the use of prolonging the agony and wasting time when any other liniment but the best—Douglas' Egyptian Liniment? It acts quickly and surely, and its benefits are permanent. 69 25c. at all dealers'. Free sample on request. Douglas & Co., Napaspe, Ont.

## Daring Robbery On Schr.

TRUNK TAKEN FROM CABIN AND OPENED ON WHARF—\$27 STOLEN FROM IT—BELIEVE CAPTAIN AND MATE WERE DRUGGED.

Shortly before 7 o'clock yesterday morning watchman Joseph Clarke, of the Smith Co.'s premises, received a great surprise when he discovered under the gallery of the premises a seaman's chest or trunk with the cover beaten off it, evidently by some thief, who had ransacked it and, as the sequel proved, stole \$27 in cash out of it. The trunk was owned by William Quinton of the schr. Pandora, lying at the Smith Co. pier, and the owner of which is Mr. Thomas Whately, of Haystack, P.B. It is thought the thief or thieves got on board the schooner early yesterday morning and did the deed. The schooner is a small one and has been in port since Wednesday week. She landed some fish at Barr's wharf, and only a few days ago hauled down to Smith's. The chest or trunk was in the cabin, a very small compartment, against the wall, just at the rear of the stove and opposite the entrance to the cabin. The trunk and the money it contained was owned by the skipper, Wm. Quinton, who with the mate, Christopher Hipditch, slept in the cabin. Both men turned in at 11 o'clock Saturday night after the mate had closed the doors of the cabin entrance and hauled the sliding cover over the top, leaving it only a few inches open to admit the air. In the trunk besides the stolen money were the skipper's clothes, but nothing besides the money was stolen. The men's coats and vests were hung up in the cabin and in Hipditch's coat was \$0 cents, but this was not touched. Forward in the forecabin slept Melvin Best and Joseph Manning, the two others of the crew, who retired before the captain and mate. Not a man on board heard the slightest noise during the late hours of the night or early morning, neither did Watchman Clarke, and it is thought the thief boarded the vessel in a boat, which he could easily do, as the schooner is at the head of the wharf, moored at its western side. When the trunk was found the cover had been smashed in pieces and the stout lock which secured it was forced off. When Clarke made the discovery he went up on Water Street and meeting Head Const. Peet, told him of the occurrence. When he went on board the schooner it took him some time to wake the skipper of the vessel, who seemed to be in a dazed condition, and who yesterday averred to a Telegram reporter, as well as the police officers who were investigating the affair, that he felt sick and queer, and when aroused yesterday morning was some time before he could collect his senses. Hipditch also said he felt queer when aroused, and this leads to the suspicion that the thief drugged or chloroformed both men as they slept so that he could do the work he was engaged on without being disturbed. If the man had no boat with him he could not open the wharf by going over the many schooners which lay at the various wharves in the neighbourhood, and could escape in the same way. The police believe that two or three persons are engaged in making a specialty of robbing from schooners, and believe they are the same who attempted to take a trunk from the cabin of the schr. Rosa Bella at Goodridge's a few mornings ago. They are cool hands and it is hoped they will soon be captured.

## Alexandra Workers.

Saturday afternoon the quarterly meeting of the Alexandra Workers was held in the British Hall when work for the coming year was talked over, but no definite plans matured. On Saturday, Jan. 6th, 1912, a special meeting will be held to arrange a programme for the year. The project of raising a home for incurables was discussed and the ladies have nearly \$7,000 of a fund, but will not begin to build until another \$1,000 is collected. The site has not yet been decided upon, but if at all feasible the building will be within the city limits, to be easy of access. Small boxes will be placed in each drug store to receive contributions from charitable people.

## New D. O.

Brigadier Moreham, who will succeed Lieut.-Col. Rees in Newfoundland in Salvation Army work, will arrive here by the express to-day, accompanied by Mrs. Moreham. He is a man of considerable experience in Army work and has been in active service for 25 years in Great Britain and Canada. He was transferred to the latter country in 1908 and given charge of Halifax and Toronto divisions. He has had command of some of the largest corps in Great Britain. No doubt the Army in this Colony will profit by having such a man at the head of affairs.

## Three Men Datan By Cannibals.

French Ship Raided in the New Hebrides—Terrible Revenge.

A horrible story of cannibalism has been told by the Rev. J. G. Patton who has been engaged in missionary work at Mailikolo, in the new Hebrides, for 19 years—on his arrival at Vancouver, B.C.

He stated that shortly before he left Mailikolo a French trading vessel made a raid and kidnapped a number of natives.

In revenge the natives attacked the steamer, and captured three members of the crew, who were killed and eaten.

It is believed that the victims of this act of cannibalism were natives who were recruited to the French ship.

## Uncle Walt

THE POET PHILOSOPHER.

He often grew tired of his toiling, and wished that he slept with the dead; grew tired of the grinding and mulling, that brought him tobacco and bread; grew tired of his fare, bread and cheese, and wished that his journey was through, and longed for the "Avenue Easy," with nothing whatever to do. It chanced on a day that his uncle bequeathed him a package of bones; he said, "Oh, this glittering junk'll release me from sorrow and groans! With nothing to do but play checkers, my life will be happy any day; for labor and sweat are the wreckers that drive all enjoyment away." He went to the Avenue Easy, and loaded till his tribbles were cold he loaded till he grew fat and wheezy, and covered with mushrooms and mold. And often he said to his neighbor, when jaded and weary and blue "The hardest of all mortal labor is having no sane thing to do!" Copyright, 1911, by George Knowling Adams. Oscar Mason.
