### Hr. Grace Notes: Sir Iam Hamilton's Tribute.

Sunday next a Thanksgiving service will be held in the Kirk at 6.30 p.m. Rev. F. S. Coffin officiating.

A Missionary Meeting will take place at the Methodist Church here to-night. The speakers will be Rev. F. R. Matthews, Rev. E. P. Ward, and Rev. F. S. Coffin.

Mr. W. J. James of the Harbor Grace Boot and Shoe Factory is a busy man. Besides running the factory at high pressure day and night to fill the orders constantly coming in, he is arranging the necessary equipment for doubling his present outlay of first class boots and shoes. Congratulations to manager and employees.

Miss Coady's music pupils are preparing a concert to be given about the end of November. A very pretty opera entitled "The Lost Lady's Slipper" will be produced by the pupils. Miss Coady's concerts are always enjoyable.

Miss Line Butt, teacher, is now on a visit to her cousin, Mrs. C. Manuel, of Exhills.

Mr. Wm. Farmer, who was suffering from typhoid fever, was brought in here by steamer Mary, yesterday, under the care of Dr. Cron. The steamer was at once fumigated, and sailed for the island with her passengers. This morning we are glad to be able to report that Mr. Farmer is much better.

The Daily News correspondent on Saturday last informed his readers that although we led the public to think that the Western Union Cable now at Bay Roberts would not be brought to Harbor Grace. There are statements other than rumors, he said, that this cable will be brought here. We are warm hearted enough towards this old town to wish that his statement is correct, and that ours is wrong, but— Well time will tell.

The C. C. Club Room was opened on Monday last. The following is the list of officers:—Rev. J. Walker, Chaplain; W. H. Kennedy, President; H. F. Hennessy, Vice-President; M. P. Stapleton, Treasurer; Thos. O'Neill, Secretary; John Fallon, Edward Ryan, Alex. Ryan, Michael Palmer, Committee. A hearty vote of thanks was accorded Edward Parsons, Esq., M. H. A. for his present of a table for the room. Any male member of the Parish 18 years or over is eligible.

The ladies of St. Paul's Church are holding their Sale of Work this Wednesday and Thursday, 13th and 14th. CORRESPONDENT.

Hr. Grace, Nov. 11th, 1912.

## WHAT A MAN FOUND OUT.

BY RUTH CAMERON.

Once upon a time there was a man who could not see what his wife did with all her time.

The house and the family were small, he pointed out, and with the washing done outside, he could not see how she could be busy all day long.

"It's the interruptions, as much as anything else," explained the patient lady. "There's the telephone and callers and storemen and—" "Oh, yes," interrupted the know-it-all man. "I suppose there are interruptions, but of course, they can't take any more than a few minutes each day. I really can't see what you do with all your time."

Now it so happened that the know-it-all man was staying home with a sprained wrist one day, when his wife was putting up preserves. Although unfit to go to town to work, he was not really stuck, and the patient lady had a canny idea.

"Would you mind, dear," she inquired sweetly, "attending to the telephone and the door, etc. just for this morning? I want to get this fruit put up so that I can have the afternoon with you, and if only I could be entirely free from interruptions—"

"Why certainly, my dear," said the know-it-all man. "Don't you step out of the kitchen this morning and I'll attend to everything and find out what all this interruption business means."

And this is what it meant.

At nine o'clock the know-it-all man settled down before the living-room

## HOW BLOOD IS MADE.

The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called absorption and takes place chiefly from the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stone, queen's root and golden seal root, and sold by druggists for the past forty years under the name of

**• Doctor Pierce's Golden Medical Discovery,**

gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption of the food it requires. Eradicate the poisons from the blood with this alternative extract which does not shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. This is a tonic can be built up—strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease. Sold by druggists everywhere. Address: World's Dispensary Medical Association, Buffalo, N. Y.

Mr. CHAS. FARRER, Jr., of 282 Woodlawn Ave., Philadelphia, Pa., writes: "I was troubled with my stomach for almost three years. Tried several remedies and honestly did not know how to get well, but kept getting worse and honestly did not know how to get well. Always had my whole body in a throbbing of gas, pain and soreness in the stomach, vomiting, constipation, could not eat or sleep, and was nearly dead. After taking Dr. Pierce's Golden Medical Discovery with the Pleasant Pellets it has made me a well man who is enjoying life to the full."

## Fashions and Fads.

The lovely new wing sleeves made of transparent stuffs are a charming feature seen in some of the new gowns.

Crystal buttons are more than ever in favor. The ball shape comes first, then odd oblong and pointed sorts.

Many of the prettiest tailored costumes of the year are of green cloth trimmed. In fact, fur is everywhere.

All the richest velvet, evening wraps have rich fur collars and borders, and the linings are gorgeous affairs.

Marabou is used by a great many people in place of fur. It is very effective, much lighter and less expensive.

Parade and aigrettes are placed in the most erratic ways on the large hats, sometimes even shooting straight out in back.

Some charming tailored waists are of crepe de chene with soft pleats, frills forming a vest effect and lay down collars.

Brocade Ribbons with lace medallions set in are dazzlingly rich. Black velvet ribbons have reverse sides of gold or silver.

Separate skirts of Scotch mixtures have round wooden buttons to sole ornament. The effect is distinctly eastern.

Chiffon waists are accordion pleated all over, even to the sleeves, which have their fitness gathered into cuffs.

Many blouses of white chiffon over black have a bit of bright color seen under the chiffon—usually in the lower half of the waist.

One of fashion's freaks is the use of fruits and vegetables for corsage ornaments. Holly berries are also seen and are much prettier.

Ivory white velvet has a tremendous vogue for elaborate gowns. Combined with white metaphase and edged with skunk fur, it is extremely rich.

A great many tucked and gathered chiffon linings are used for evening wraps. So are self-colored silks with figured chiffons laid over them.

More interest is shown in three-piece suits as the season advances. Often the coat is velvet and the dress of broadcloth, zibeline or something similar.

One of the new Parisian ideas is the giraffe and straight shirt of velvet embroidered with steel beads, made detachable, so that it can be worn with different dresses.

Gowns for semi-evening occasions have round skirts and long transparent sleeves. Many of these dresses are carried out in three colors—like coral, blue and green.

One of the new brocade coats is the cassock, favoring of the Russian blouse. It has a belt, and a border and cuffs of fur. A skirt of cloth,

## Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents' worth) in a 16-ounce bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of 42. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the faded appetite and is just laxative enough to be helpful in a cough, and has a pleasant taste. Also excellent for bronchial trouble, throat ticks, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough syrup with Pinex and Sugar Syrup for strained honey is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in ginseng and all the natural healing pine elements. Other preparations will not work in this recipe.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

charmeuse or satin would be quite appropriate with this.

Charming velvet frocks for afternoon come in blues and wine shades, and usually have waists of velvet combined with embroidered chiffon. In most cases such embroidery is in oriental colorings.

## Why Who's Who.

BY H. L. RANN.

Every man has his hobby. Some people cultivate the open-faced Angora cat, which is a household product with long trailing whiskers and a receding chin while others buy old coins and are stung with notorious regularity. The most expensive hobby in this country, however, is the one owned by J. Pierpont Morgan, who runs a bank in New York which makes the United States mint look like the receipts of an ice cream parlor in January.

Mr. Morgan's hobby is old paintings, manuscripts and curios, with a choice side line in the form of bright untaunted coupon bonds. No matter where Mr. Morgan goes, he is pursued by this hobby, which steals upon him with a fountain pen in one hand and a check book in the other. Every year he goes to Europe and props up some falling empire by buying a few old masters which uncultivated people take for premium chromos given in exchange for tobacco tags.

Mr. Morgan thinks nothing of throwing the price of a battleship into one of Mr. Rembrandt's portraits of somebody who is more or less dead. He is a good judge of other people's paintings and rarely buys the same masterpiece twice in succession.

Aside from this harmless hobby, Mr. Morgan does a meat business in the way of averting financial panics. Whenever some captain of industry is about to fall in a hurried and unostentatious manner, Mr. Morgan absorbs him for the good of the order at the rate of \$3,000,000 net profit per absorb. This makes everybody feel good but the ultimate consumer, who rears up in the muckraking magazines and squeals loudly about water stock.

## IN THE YEAR 1932

how much will you have accumulated at your present rate of saving? Most men will have little or nothing saved if conditions are at all similar to those of to-day.

Every prominent young man appreciates the wisdom of accumulating for his own benefit at least, and looks forward to an old age of comfort and enjoyment relieved from want and worry. And every thoughtful man endowed with manhood feels that a duty rests upon him to make some provision for others dependent upon him.

The safest, simplest and most profitable way to accomplish all this, and to be sure of a snug competency by the year 1932, is by investing in a Canada Life Endowment Policy for \$5,000 or \$10,000, according to your means and requirements. The policy can be bought on easy instalments and facilities are provided to assist in carrying and enjoying the insurance.

Send in your name and age and let us submit to you a good proposition.
