Indelible Shame and Disgrace!

By the communications of a Free Press all the errors of mankind from age to age have been dissipated. Newspapers in every country are the unofficial reports issued to the People to show what their representatives are doing in Parliament and what manner of men they be.

If the newspapers are not free to do this then is our Liberty gone. Free Speech and a Free Press are the safeguards of the Rights of the People! It is this right that The Evening Telegram has been exercising in drawing attention to the misdeeds of the Morris Government. The immediate cause of the extraordinary agitation which alarms Newfoundland at this moment is to be found in the misconduct of His Excellency's present advisers. It is with shame and with sorrow that we find the pages of the last four years' History blackened with such actions, actions committed by those holding the highest offices under the Crown; actions that have brought a taint on our boasted British Justice and stained our public life with indelible shame and disgrace.

We cannot but imagine that the virtuous heroes, legislators, and patriots are bending from their elevated seats to witness this contest as if they were incapable of preventing its being brought to a favourable issue which will enable them to enjoy a well earned repose in obscurity.

Are we going to disappoint them? Or are we going to obey the influence that (if it is possible) they would exert to make us stand for Truth, Honesty, Morality, and Purity in our public life?

Once more read the indictment—

Morison, Minister of JUSTICE, who forgot that it is wrong to steal logs from Crown Lands, and who was the Solicitor and evident Shareholder in the fraudulent Bay de Verde Mining Prospectus.

Piccott, Minister of Marine & Fisheries, who denied on oath that Mark Gibbons had any claim on land sold and afterwards paid him his claim in full.

Cashin, Minister of Finance & Customs, whose name appears on the front page of the fraudulent Bay de Verde Mining Prospectus.

Crosbie, Member of the Executive, who assisted Piccott when endeavouring to defraud Gibbons and who was paid \$2200.00 for two spars which cost him an insignificant sum.

Emerson, Member of the Executive, and F. J. Morris,

SAVORY ROASTER.

Our many customers who had the pleasure of examining and trying our sample of this very useful household article will be pleased to hear that we have just received a shipment, so that all orders can now be filled. What is a Savory Roaster? It is such a good thing that it must be seen to be properly understood. A Savory Roaster is a Pan for roasting meat; but it is more than this, it is a self baster. No torment or burning your fingers removing it from oven to baste the meat. You simply place your roast of meat in the roaster, close the pan—trouble no more about it until it is cooked. The meat is really steamed all through. None of the nutritious properties of the meat can escape. It is a marvel and the price is within the reach of everybody. \$1.50.

These charges have been made but no answer or denial has been given. They are serious enough; they are too serious for us to ignore and these men stand condemned by their silence. Their silence gives consent. And if so much has been disclosed, how much more may there not lie hidden? We know that Perfection is far from us, but we have some idea of what it should be and we have a conscience that, unworped, is a never-failing guide in determining what is Right and what is Wrong.

That these men are in the WRONG, you will not deny, and you will acknowledge that it is a wicked and shortsighted policy to aim at making any country great by violating the laws of Justice. We shall agree, also, in placing Morality as the paramount qualification of a man seeking an office of public trust.

Can you then vote for the party of Sir Edward Morris, who permits his chief Ministers and Executive to lie under these charges and stand condemned as they do? As Head of the Government and Trustee of the People, Sir Edward Morris is responsible to you, and by allowing these men to seek re-election, he is just as guilty as if he had borne an active and personal share in each transaction. He is in the same degree accountable to the Law, to his Country, to his Conscience, and to his God!

These revelations have pained you and also many who are not Liberals, and it is likely that some may refrain from voting at all, but you must consider—we must not only hold aloof from evil, but we must crush it! We may differ as to Policy, but when it comes to a question of Morals, we shall, we must act as one. If we elect men who are self-condemned in actions that lie like black blot upon the escutcheon of Newfoundland, can you contemplate our reputation abroad without a blush of shame?

You will realize that this appeal is not to passion and prejudice. These charges are based upon the solid foundation of Fact and at such a time as this, we must act as one in showing to the world that we, the People—insist on Integrity in our public life. **THE YOUTH OF THE LAND MUST LEARN BY EXAMPLE** the great yet simple moral and ethical principles, the worth of personal integrity, manly honour and absolute Truth. "As ye sow, so shall ye reap." The Duty lies before you, young voter, the opportunity is yours to vote next Thursday for

BOND AND CLEAN GOVERNMENT.

Do You Forget. You're Bilious And Costive!—Cascarets

The Herald puts forth as a reason why Bond should be defeated, that he paid Reid five millions of dollars for getting back the railway, etc., after the infamous 1898 Deal. Electors, give this assertion of the Herald's your serious consideration. Do you say that our Railway, Telegraph Lines, etc., should have been left with Reid? Do you forget the ones that he bartered away our all on the occasion? Do you forget that it is the same Morris and his gang that gave to Reid everything the country owned by that infamous 1898 Deal? The same Morris that "sold the pass" and voted with the enemies of the country. Yes, it is the same old crowd. The same Morris, the same Cashin, the same Woodford, the same Gibbis, the same McGrath! Yes, the same old gang in every respect. The same trickster Morris, who sold his party in '98 and crawled back a short time after, promising never to do so any more. Does Morris forget that, though he represented the Colony in the arbitrations, that we had to pay three million dollars to get back our Telegraph lines which he sold to Reid for a few hundred dollars? Does he forget that the people of this country were horrified at the award? Does his hiring, McGrath, think the people forget how he defended and praised Bond for all his acts in connection with his getting back the country's assets? But why dwell on it? The people are not likely to forget every transaction in connection with those matters. The People of Newfoundland recognize in Sir Robert Bond the tried and true friend of the country and its people. The people don't forget that it was Sir Robert Bond we had to turn to in all our troubles. It was Bond who had to take the helm after the Bank Crash; it was Bond who had to save the country from the clutches of the Octopus after the '98 Deal, and it is Bond the people now turn to when they realize that they are again in the grasp of the Octopus. This country has had enough of Reid and the duped, duped traitor, Morris. They want no more of them. Away with them their names stink in the nostrils of the people.

Get a 10-cent box now.
Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headache come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. A Cascaret to-night will give your congested bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—each little kiddie needs a good, gentle cleansing, too.

"Gambo" Murphy at His dirty work

IN CARBONAR THIS TIME.
Special to The Evening Telegram.
CARBONAR, To-day.

Gambo Murphy, of old fame, in Harbor Main District, is now getting in his dirty work in this district. He is working the sectarian cry and if not careful will have cause to remember Carbonar on October 1913. We pay Murphy too much money out of our grants for his electric lights and we advise him to get out at once and avoid further notice. Goodison was forced to get him out of the Tory committee rooms last night. Murphy was not able to take care of himself and was using too bad language—a good showing for one of Morris's lifetime honourables (?)

VOTERS ATTENTION!—We want to inform the voters of St. John's and the outports that we have received the most select lot of overcoats displayed. MANIFESTO OF The St. John's Meat Co.

The Parliamentary Election causes a flutter once in 4 years, but the prudent housewife has the policy of the traders to study each week.

The chief planks on our platform are civility, cleanliness, economy and high-grade goods. We were the first to establish stores where the workingman could buy his pound of steak without bone at a lower figure.

We were the first to make right here goods that have been imported for years, saving our customers the duty on these articles.

Housewives, don't forget we stand for progress, and you can't lose by recording your vote at one of our stores Saturday, first.
