

Seventh Companies Will Engage in a Sham Battle

London Township Will Be the Scene of Operations—General Military News.

An event of much interest to local military men, and, indeed, to all public-spirited citizens, will be the military drill to be engaged in on Thanksgiving by C and D Companies of the Seventh Regiment, commanded, respectively, by Capt. John Graham and Frank Reid. The operations will be carried out west of the Proof Line road, between the 5th and 7th concessions of London township, and the movements will comprise the attack and defense of a position as if in actual warfare. Blank ammunition will be served out in liberal quantity. About one-third of the men taking part will be detailed to defend a position, which will not be decided upon until Friday night. Major Hume Cronyn has consented to act as umpire. He will watch the manner in which the attacking body proceeds to dislodge the "enemy" from their place, and the way in which the defenders seek to counteract the movements against them.

The public are apt to think that in a sham-battle the movements depend simply upon the fancy of the commander, and that the drill is, in fact, only a matter of physical exercise. But this is not so. The subject of attack and defense, as shown by the military drill, is a study of the modern war, and the way in which the defender seeks to counteract the movements against them.

The British army rules, which, to a large extent, govern the drill, are not generally known. The attacking force, for instance, is usually divided into several sections, each with its own non-commissioned officer. First come the scouts, who are thrown out in advance of the firing line. In the latter part of the morning, the firing line is the general reserve, which moves forward, and takes up the fire in conjunction with the front section, filling any gaps that have occurred. This occurs when the enemy's scouts have been driven in, and the engagement is in progress. Further to the rear is the special reserve, which is called upon in case of emergency, such as when the enemy makes a sortie, and some notion of the attacking force is in need of support, or to form a rallying point for this force in case it should be compelled to retreat.

On the other hand, there are certain steps which the defending party should take to prevent their flanks being turned. As has been demonstrated in the past, the offensive army often seeks to flank the defense, and the defender must be prepared to stand firm back from the scene of action in order that they will not be hindered in their movements. The day will doubtless be a most profitable and enjoyable one.

All these facts and many more will be taken into consideration on Thursday. There will doubtless be quite a crowd of citizens gathered to watch the maneuvers, and spectators should remember to stand far back from the scene of action in order that they will not be hindered in their movements. The day will doubtless be a most profitable and enjoyable one.

In Toronto Thanksgiving Day maneuvers will be conducted on a large scale. In addition to the numerous corps of Toronto, the Thirtieth and Ninety-second Regiments from Hamilton will take part. The opposing sides, each containing about half a dozen regiments, will be organized as brigades, under the command of Lieut.-Col. Davidson, and Lieut.-Col. Macdonald, respectively. After the flight the day will be closed with a grand march, supervised by Lieut.-Col. Galloway, D. S. A. The whole affair will take place on the plateau north of the city, and will undoubtedly present a grand scene to the eyes of the spectators.

Another notable military event, which will take place in Toronto next Saturday, will be the presentation of the King's banners to the Canadian Dragoons by his Honor the Governor-General. The consecration service will be conducted by Rev. A. H. Baldwin, brother of the late Bishop of Huron, who is the senior chaplain of the Royal Canadian Mounted Police.

The ceremony was performed by Rev. Mr. Bidgeman, of Poplar Hill, after which the guests, numbering about 80, repaired to the basement (previously arranged with evergreens and bunting), where a dainty breakfast was served.

Mr. and Mrs. Brooks were the recipients of many beautiful presents, which testified to the high esteem in which they are held by their many friends. During the evening they left for their future home in South Dakota, where they will be at home to their friends, after the 12th of December.

DR. CHASE'S KIDNEY-LIVER PILLS.

Here Are the Symptoms Which Tell of a Congested Liver, and Indicate the Need of

DR. CHASE'S KIDNEY-LIVER PILLS.

The tongue is coated, the appetite is impaired, digestion is deranged, the bowels are constipated, and there are feelings of fullness and soreness about the liver.

You may have headache and dizziness, pains in the limbs, feverishness, yellowness of the eye and skin, depression of spirits, and irritability of temper.

So great is the influence of the liver on the other organs of the body, that once it is deranged, the whole system seems to be upset.

There are no means by which you can so quickly and certainly obtain relief from torpid, sluggish liver and bowels as by the use of Dr. Chase's Kidney-Liver Pills.

One pill at bedtime, and the result is a thorough cleansing of the liver and accessory systems, and new vigor and regularity for liver, kidneys and bowels.

No family medicine has been more extensively used in Canada than Dr. Chase's Kidney-Liver Pills, and none has such a reputation for reliability and certainty of action.

Enliven the action of the liver by this well-known treatment, and you insure good digestion and regular action of the bowels—the foundation of good health.

Dr. Chase's Kidney-Liver Pills, one pill at dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Grenadiers. A monster parade will be the feature of the day.

The most important military news for the week was contained in the already published Ottawa dispatch, which states that the site for the projected central training camp, for all the militia of Canada, has been chosen.

"Sir Frederick Borden has not given his imprimatur to the selection of Petawawa, Ontario, as the site for the new central training camp, but there is little doubt that Petawawa will be chosen. In addition to being on the C. P. R. line, it is on the route of the Ottawa and Georgian Bay Canal, and is within convenient reach of the Canada Atlantic, otherwise the Grand Trunk Railway.

The camp will undoubtedly be a great boon to the volunteer force. It is not to be thought that any very large proportion of them will actually be able to gather at the chosen spot in Northern Ontario, but the contingents which will come from the various districts, especially the officers, will come under a strictly uniform system of training and military methods, and will disseminate the same into all parts of the country. A broader feeling of fellowship, and a more cosmopolitan Canadian loyalty will be spread abroad among the militia.

Another very important event in the history of the Canadian militia will be the inauguration of the council which is to take the place of a commander-in-chief from England. Sir Frederick Borden will proceed to organize the new council, which will be his first act, now that he has returned to Ottawa.

Brigadier-General Lake, chief staff, had a lengthy interview with the minister lately, when they talked over details in connection with military reorganization.

With the new militia act, the new regulations and orders have made their appearance. The new book will be corrected and revised, and will be issued in a new volume which will supersede a volume which has been in use since the beginning, and which has been amended almost past recognition.

Speaking generally, the new work is a compilation of orders already promulgated. Some of the changes are of importance. One which will arouse a considerable amount of interest should allow a long-standing grievance on the subject of brevet rank.

"Brevet" rank, it may be explained to the uninitiated, means a system which prevails of granting to officers militia rank higher than their "substantive" rank. It is a system which has been in use since the beginning of the militia, and is a system which has been in use since the beginning of the militia.

A man who is a captain in a regiment may be promoted to be a major in the militia. He continues to be a captain in his regiment, and he receives captain's pay. He is, however, addressed as major, he is a major in the militia at large, and he outranks captains in other corps.

The contract for a drill hall and armory at Chatham has been awarded to George A. Proctor, of Sarnia. The price is about \$60,000. The armory has been long looked forward to by the militia, and the building will be a reality.

The Dufferin Rifles' Band, of Brantford, have moved into their new quarters at the armory. They now practice regularly in one of the temporary company rooms.

Lieut.-Col. Cameron and Major Ash-to, of the Dufferin Rifles, have been invited to act as umpires at the military maneuvers at Toronto on Thanksgiving Day.

Meadow Vale Wedding

A very interesting event took place on Wednesday last at 6 o'clock at "Meadow Vale," the home of Mr. and Mrs. J. H. Brooks, when the wedding of Miss Olive Brooks, sister of the groom, and Mr. Albert J. Brooks and Miss Laura Daniel, the bride, who looked charming in cream tulle, trimmed with pink chrysanthemums, performed the duties of bridesmaid, while the bride's sister, Miss Rena, dressed in cream and white, carried a beautiful bouquet of white chrysanthemums, entered the church, and was united to her husband by Rev. Mr. H. H. Brock, of Adelaide.

The ceremony was performed by Rev. Mr. Bidgeman, of Poplar Hill, after which the guests, numbering about 80, repaired to the basement (previously arranged with evergreens and bunting), where a dainty breakfast was served.

Mr. and Mrs. Brooks were the recipients of many beautiful presents, which testified to the high esteem in which they are held by their many friends. During the evening they left for their future home in South Dakota, where they will be at home to their friends, after the 12th of December.

WORKINGMEN DID IT

Largely Responsible for the Huge Majority Piled Up for Roosevelt.

The local union of metal polshers and buffers was addressed last evening by Mr. E. J. Lynch, president of the International Union, who is on his way to the annual meeting of the American Federation of Labor at San Francisco.

In the course of his remarks, Mr. Lynch said that the defeat of Governor Bates in Massachusetts was due to the workingmen, who did not like his course of action in vetoing a bill to shorten labor hours. The speaker also attributed the success of Roosevelt to the workingmen, especially during the election.

"It is a mistake," said Mr. Lynch, "that we are demanding excessive privileges. All we want is fairness, as any who take the trouble to look at it rightly can easily see."

Banqueted the Town.

Sussex, Nov. 12.—Joseph Marsden, a farmer, made so much money in the purchase of a large tract of land, that he has given an order supper to the entire town. A banquet was spread in the town hall, and the giver of the feast rode to the hall in a wheelbarrow pushed by a defeated better to the accompaniment of the Sussex brass band, and followed by a torchlight procession which included every able bodied man and boy in the surrounding neighborhood. Ten gallons of oysters, with other things to correspond, were provided for the crowd.

DRAMMAN'S HORSE HAD TO BE SHOT OF SCHOOL BOARD

Fell Into an Opening on Dundas Street West and Was Badly Injured.

An accident, which had a pathetic side to it, and created not a little excitement, occurred last evening shortly after 6 o'clock on Dundas street, midway between Talbot and Richmond.

A horse attached to a dray was being driven by the owner, Mr. J. Vincent, and when the latter heard the sound of a car approaching from the west, he turned to ascertain how close the trolley was to his rig. In doing so he did not notice an opening in the pavement on the south side of the street, and into this the horse fell headlong, and was only extricated after half an hour's hard work.

The animal was a large number of men, who had been attracted to the scene, did not succeed in removing the horse from the opening, and it finally became necessary to summon the waterworks employees, who set up a small derrick. When everything was in readiness a chain broke, and the horse was lowered into the water. The derrick, just as the horse had been lifted above the surface. However, the poor brute was prevented from again falling into the water.

Dr. Wilson, V. S., was summoned and finding that the horse was fatally injured, ordered it to be shot.

The loss will be fully \$50. The excavations had been made on both sides of the street car tracks by the waterworks employees, and it is said that the south side of the street had not been placed by the workmen to warn drivers of the danger. A number of lights were on the north side. At the point where the accident occurred, the street is quite dark.

FEAST OF ST. MARTIN

Fittingly Celebrated at the South London Separate School.

Yesterday being the Feast of St. Martin, the celebration at St. Martin's separate school, South London, was a most interesting and varied affair. The pupils of Mr. Martin O'Sullivan, passed off an especially happy manner. The feast was a most interesting and varied affair.
