"And I know that you are almost vulgar sometimes, papa," said his dut-lful daughter hotly. The temper was rising again; this sneering criticism of her gallant champion in his absence was hard to bear for the spirited girl.

"And I know that you are unduly rude," snapped the earl. "I have heard enough. I am not prepared to make a friend of this man, and I will not be moved from my decision by an impertinent girl, who is, I verily believe, more than half in love with a man who is no more suited to become her husband than the veriest groom of Pills. the stables."

Marion should have been prepared for the accusation, but its suddenness took away her breath. Once before had a similar suggestion been made to her; then she had denied it hotly; however, words failed her. She could only stand as if frozen stiff, and from under his bushy eyebrows her father watched her face critically.

"That is the only reason I can see for your championship of this man," he said, striking again.

"Papa, you don't think—you can't mean—that I should so far forget——" She stopped, conscious of a strange guilty feeling at her soul. What if she were in love with Mr. Scroggs? Would that account for her heart's swift leaping at every mention of his name Would that account for the strange feeling of restful restlessness that held her in thrall?
