BIG WALL STREETERS TO FACE PROBERS

Rockefeller, Morgan and Gary Will Be Asked to Testify.

Washington, Sept. 6.—J. Pierpont Morgan, John D. Rockefeller, E. H. Gary, of the United States Steel Corporation, and many others prominent in the financial and industrial world, are to be invited to testify before the special committee, of which Senator Clapp, of Minnesota, is chairman, relative to campaign contributions, and as to the relations of such men with senators and representatives in Congress.

If Senator Clapp's associates on the committee approve of the program he is mapping out, the inquiry will doubtless prove to be one of the most spectacular ever conducted by a committee of Congress. The committee has been clothed with broad powers. It is empowered to investigate the conduct of members of the House and Senate.

The resolution authorizing the investigation directs that an inquiry shall be made along certain lines, including an examination of "all correspondence and financial transactions between John D. Rockefeller and George W. Perkins, and Col. Theodore Roosevelt, and representatives in Congress and members of the United States Senate from 1900 to the date of the investigation."

WEST INDIA CRUISES.

The anticipated rush of tourists to see the Panama Canal this winter before the water is let in, has led the White Star Line to officially announce a schedule of two of its newest steamers, Laurentic, 14,892 tons, and the Megantic, 14,877 tons, for four cruises of 28 and 29 days' duration each, leaving New York Jan. 8, Jan. 22, Feb. 8 and Feb. 22. The cruises offer not only a most enjoyable and comprehensive inspection of the "big dig" in its final stages, but include as well all the points of real interest through the West Indies and the northern part of South America. The Laurentic and Megantic are ideal cruising ships, and the arrangements for shore excursions at the various ports of call are being perfected by these officials of the company who have made a careful study of West Indian cruises, with the expectation of exceeding those of previous years.

A Newspaper That Educates

SPRINGFIELD REPUBLICAN

MASSACHUSETTS

A New England Journal of Influence

ESTABLISHED IN 1824 BY SAMUEL BOWLES.

Daily \$8.00, Sunday \$2.00, Weekly \$1.00

In Will Irwin's story of "The American Newspaper" appears this passage:

"Certain experts on education set about to investigate what they called the civic intelligence of school children, how much they knew about the conduct of the larger world about them, what attitude they held toward it. Springfield, Massachusetts, proved to be the banner city for civic intelligence, and the experts attributed this result mainly to the excellence of THE SPRINGFIELD REPUBLICAN, which has educated its young readers to a taste for matter touching on the large and vital facts in the world about them."

The Republican is regarded in Springfield as a community asset—a newspaper standing for the right, first and always. Its motto, "All the news and the truth about it," tells the story. Daily, Sunday and Weekly, The Republican is the faithful recorder of events, the fearless and vigorous champion of the people's rights.
