Time was when a reformer wore sidewhiskers and a sanctimonious she may return from Paris and take smile. Now he wears an overcoat with pockets capacious enough to not yet been heard, but as it is excarry a detectaphone.

#### DR. BENTLEY'S CHARGE.

Thust have been with grant Strathroy ing a revolutionary army for the heard Dr. Bentley of Sarnia, medical cause, but the "cat and mouse" law officer for London district, declare that appears to have played such havoc artists a chance." 42 per cent of schoolgirls and 28 per with the militant ranks that she is of schoolhovs contracted tuberculosis in the schools under his jurisdiction. If this statement has a foundation in fact, as may be believed it is a sensation which should arouse the whole province. It will be conceded that conditions in the London district can be no worse, if not better than in other localities.

Dr. Bentley's arraignment of school conditions is all the more startling coming at a time when it was generally believed that the consuming fires of this plague were being beaten out. HAVING made a preamble of Africa, But what progress has been made if Col. Roosevelt is exploring that 42 of every 100 girls, and 28 of every still darker continent, South America. 100 boys, the flower of the land, are Having seen the land of wild beasts. marked as victims?

fatality than any liquor traffic, the menace of a slaughter greater than an invading savage horde might inflict.

As an officer of the Provincial Government, Dr. Bentley will do Ontario force upon his Government the truth savagery of the Indo-Latin continent. of his sweeping charge. This is no task for local sanatoria. It calls for a mighty movement for the tracing Rio de Janeiro. Mr. Bryce's acto its source of this scourge.

A COMPARISON OF COST. THE outrageous expenditures of L Col. Hughes in his transatlantic faunts is something the Conservatives find difficulty in indorsing or defending, So an attempt has been made to show that his Liberal predecessor was just as bad. They were in the habit of complaining that the Liberal Minister of Militia was squandering money for his own pleasure, and they asked for a return showing the cost of his trips to England. When brought down. however, it did not give much satisfaction. Sir Frederick made three trips-in 1907, 1909 and 1911. The total cost to the Government was \$15.195. It may be said that this was a pretty large sum to spend for the purpose. But, if so, what is to be said of Col. Hughes' single trip last year which cost \$25,000? The fact is. Liberals have never been able to come up to the Conservative standard of extravagance. When men get into public office there seems to be a natural tendency to spend money. The most economical people seem to weaken, and begin to think in dollars where they used to think in cents. Grits as well as Tories, have their failings. But while Grits may be extravagant in some things, they will economize in others and so preserve a moderately fair balance. But your Tory, whether of the old-fashloned kind, or of the more modern type, always gives himself a perfectly free He seems to think it is a mark of statesmanship to spend money freely, without any qualms of con- The apostle of the strenuous life, They profess to "think imperially"-to have ideas broad and without regard to the time of year. And, of course, the only way such ideas can be carried out is by a little, but not Mr. Roosevelt. And that is very easy-when the

evidence some Tory ministers can

But, after all, no one would say expensive affair-from the Tory stand- found time to enjoy the city of sailors' point. When a Government can add nearly \$100,000,000 to the country's outlay in three years, when in that short period it can almost double the amount spent by its predecessor; for a single member of it to spend a paltry \$25,000 on a trip to England is really a very paltry matter. .And we have no doubt there is a feeling of disgust in every good Conservative breast when this mean-spirited economical outcry of the Liberals is heard. No doubt there is a little feeling of pity also for men who cannot "think imperially," But what the poor taxpayer may think not do and you are lucky if some is probably a different matter. We person takes the trouble to return it should not be surprised if the average for more postage. Every parcel must man, as he contemplates his butcher's be handed in at the proper window at

## Archie Bremner's

[Farmer's Advocate.]

Canadian journalism has yet to produce a paragrapher as pungent, gental and versatile as the late Archie Bremner, for many years editor of The London Advertiser. Older newspapermen can recall his ever ready-witted philosophy. For a long time his home was in one of the suburbs, and next door resided a chronically cantankerous individual never happy except when in a scrap with somebody. One day after dinner, Archie sauntered for the office with his old silk hat tilted at the regulation angle. But neighbor "Bone" was lying in wait for him leaning over his front gate.

"Mr. Bremner, are you aware that your line fence is two inches over on my lot?"

AGRICULTURE IN SCHOOLS.

[Chatham Planet.] Prof. McCready's address during the ecent corn show, in which he advocated the teaching of agriculture in the rural public schools has attracted considerable attention among educationists. The general opinion seems to be that Prof. McCready is right and that there should be a course in agriculture in rural schools where farmer boys go to receive an education.

CHILD SAVING. [Chatham News.] behalf of these children is being organized so that the greatest possible amount of good may be accomplished

with the money and personal effort that is devoted to the cause The Kent Children's Aid Society has been doing a great and good work in this county, and the extent of their activities is not fully known except by those who have come in contact with

## Voice of the People

Is it San Jose Scale?
To the Editor of The Advertiser:
Some time ago I was interested in an account in your valuable paper of the presence of San Jose and other scale at Springbank Park. I have a fruit tree affected with some kind of pest, but judging from

the particulars given of Sam Jose I cannot think this is what is troubling my tree, as it resembles a miniature oyster shell. I should like to have an oninton

of one of the Springbank gardeners as to the best course to adopt in order to save my tree. Perhaps the gentleman, who in writing to your paper signing himself Park Gardener, would oblige,

### ANXIOUS. RAILWAYS COMPELLED

Charters Only To Be Granted to Begin in One Year and Complete in Three.

Ottawa, Ont. Feb 10-The railway ommittee of the Commons held its | solidated debenture stock at a rate of first annual sitting today and on the suggestion of R.B. Bennett and W. F. MacLean, concurred in by Hon. Frank Cochrane, decided that companies getting charters must henceforth start work within one year and finish within three instead of two and five years as has been the practice heretofore. The committee also laid down the

principle that the consent of a province must be secured before its water powers can be expropriated. The act incorporating the Central

say: "The only way to permanently

get rid of Catarrh is to use Catarrho

#### Canada railway bill was passed, the Drug Clerk Tells How To **Cure Indigestion**

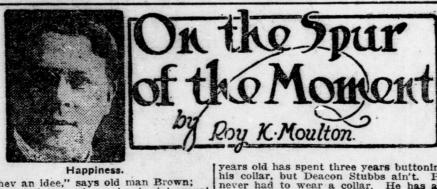

Recommends to Sufferers the Best Stom-

"It is a wonder some of us have stomachs left," remarked a well-known drug clerk recently. "While all drug stores sell a score or more of stomach remedies for which there is a wide demand, most of them are just pepsin pills which digest the food that is in the stomach at the time. They have no curative or strengthening effect on the stomach at all, and, of course, do not reach or cure the cause. So the same people keep on coming here and buying and using them until they are real chronic dyspeptics. When anyone really asks my advice, I swear by and recommend ordinary bisuswear by and recommend ordinary bist-rated magnesia, which doesn't digest the food at all, but just acts as an antacid and sweetens the sour, fermenting con-tents of the stomach. That stops the pain, heart-burn, sour rising, wind, bloating, fullness, etc., in just a few min-utes, and the stomach digests its food without help or trouble, which is the proper way."

proper way. "Doctors make mistakes sometimes too," he continued. "My own aunt had all kinds of trouble with her stomach for all kinds of trouble with her subman all years. She bought and used several styles of digestive pills, but got worse right along, as naturally she would. Finally she went to a doctor, who nearly scared her to death by telling her she had cancer of the stomach. She came to me with his prescription and told me what he said. I thought it was nonsense. I sent her to another doctor whom I I sent her to another doctor whom I knew very well, and he didn't tell her anything, but just gave her this same thing, bisurated magnesia. She took it two weeks and never has had any stomach trouble since and that's three ach trouble since and that's three years ach trouble since and that's three years ago. She's my own aunt, and I knew this for a fact. Yes, a let of bisurated magnesia is sold in London. All the druggists have it, I suppose, and all you take is a teaspoonful after every meal. It's all right."—Advt.
