TERRESTRIAL HEALING.

A branch office of The Magnetic Meridian Vitapoise Co. is now permanently located at 294
Dundas street for the purpose of siving practical
demonstrations of the healing virtue of the
"Vitapoise" (or miniature earth). It is the most wonderful healing instrument ever discovered.
It only fails to cure the afflicted when their case

If you would like to investigate "TERRESTRIAL HEALING" call at the office and Prof. Reid will the mystaries of the heerfully explain to you the mysteries of the subtile healing force contained in a Magnetic-

ngthy argument to show that the Gov- minion.

orous style. "When the Sandfield Macdon ald party went out of power," he said, "it left in hard cash nearly \$4,000,000. Where is it to-day? What is a surplus? It is the amount of money saved by economical and good management from the ordinary revenues of the Government. I did not think any credit should be claim. ed for this alleged surplus, for what do we find, but that the Government have nearly all the money they found in the treasury on coming into power, and have nothing left but debts and claims upon which they cannot realize, but out of which their alleged surplus is built up." Mr. Misscampbell referred to the tact that the Government refused to send

subtile healing force contained in a MagneticMeridian-Vitapoise.

Separate rooms are fitted up for the treatment of ladies and gentlemen. We want every family and physician in Canada to buy a "Vitapoise," and we will accomplish our object if an afflicted member of every tenth family will give the Instrument a trial by taking a "course of treatments." Its application is abso utely painless, and is also harmless, but disease will flee from before it as if driven away by magic.

Physicians, try a "Vitapoise" on one of your patients having either la grippe, inflammation, fever, insomnia, neuralgia or rheumatism, and thereafter your medical case will be a secondary consideration so long as you have a "Vitapoise" with you.

In a mount of timber and limiterial left to the Province. Every careful merchant was willing to find out where he stood, but the Province of Ontario was satisfied with guesses and estimates to how long our timber supplies would last. "I want to draw the honorable gentleman's attention to the fact that all the most accessible, and therefore the most valuable timber, is gone, and that for what is left they draw the honorable gentleman's attention to the fact that all the most accessible, and therefore the most valuable timber, is gone, and that for what is left they draw the honorable gentleman's attention to the fact that all the most accessible, and therefore the most valuable timber, is gone, and that for what is left they draw the honorable gentleman's attention to the fact that all the most accessible, and therefore the most valuable timber, is gone, and that for what is left they draw the honorable gentleman's attention to the fact that all the most accessible, and therefore the most valuable timber, as for what is left they draw the honorable gentleman's attention to the fact that all the most accessible, and therefore the most valuable timber and therefore the paintent and the province. amount of timber and minerals left to the the Province of Ontario was satisfied with penditure had more than kept pace with it, past year were presented was shown up.
