

LOCAL ITEMS OF INTEREST

News Notes of Town and Country Happenings
Gathered by Graphic Reporters**TRAVEL IN THE WOODS**
Registration Certificates for travel in the woods of this province are again available and can be procured at many stores and from all fire wardens.**GOOD FISHING.**
Mr. J. R. McKenna had good fishing on the Baymand water yesterday. He caught eight salmon before noon. Considering conditions this was exceptionally good sport.**OCCUPIES PULPIT.**
Rev. Hugh Miller, M. A., occupied the pulpit at both services in St. Andrew's Presbyterian Church on Sunday last. At the evening service a solo, "Foster, Trembled Heart," was beautifully rendered by Mrs. Hugh Miller.**LOCK YOUR DOORS.**
Reports are current of attempts being made to enter several homes in Campbellton during the past week. A number of frames have been seen about town, and we would suggest that the night police be on the alert.**RAIN NEEDED.**
Although there have been a few light showers in this vicinity, the lack of rain is being keenly felt. The town water supply is rapidly lowering and every care should be taken if we are to get through the dry season without resorting to the expensive mode of pumping water from Walker brook.**CLEMENTS-MANN.**
The marriage took place at Montreal on August 1, 1923, of Louise Hildred, youngest daughter of Mr. and Mrs. Albert Mann, Tide Head, N. B., to Dr. Clifford Clements, son of the late Charles Henry Clements and of Mrs. Clements of Wapello, Sask. The Rev. J. Adams Montgomery of Kensington Presbyterian Church officiated.**SALMON PLENTIFUL.**
Fresh salmon appears to be more plentiful this season than for some years and retail at a lower price. Competition from far off British Columbia is said to be the reason for this. A Halifax concern is handling British Columbia dressed salmon and it is said has made heavy shipments to St. John during the last month. B. C. dressed salmon retail at twenty five cents a pound and the price for Miramichi dressed salmon has been brought down to twenty cents in order to meet the competition from the west.—Newcastle Advocate.**RESIGNATION ANNOUNCED.**
The resignation of C. O. Foss, member and chief engineer of the C. N. R. Hyde Commission, was officially announced this afternoon by the government. The question of filling the vacancy had not been dealt with, it was said. Mr. Foss, who was recently married again, and who settled in his native state, New Hampshire, was chief engineer of the Valley Railway and was a district chief on the Transcontinental and was chief engineer on the Musquash development.**S. R. Weston, who was assistant to Mr. Foss, is acting chief engineer of the N. B. Hyde Commission.—Globe Tuesday.****BORN.**
To Mr. and Mrs. Wesley Dobson at the Soldiers' Memorial Hospital on Tuesday, August 7th, 1923, a son.**NO NEW DEVELOPMENTS.**
There is nothing new in the Black-quiet murder case. Detectives are working on the case, but there is nothing to report up to this morning.**LEAVES SOME ESTATE.**
On page nine of this issue will be found an article in reference to the death of Henry Collins. The Graphic learns that later particulars state that the deceased left a considerable estate.**SECURED RIGHTS FOR MARITIME PROVINCES.**
The General Manufacturing Co. have made arrangements with Mr. W. S. Montgomery of Dalhousie, N. B., to manufacture his frames for the maritime provinces. This frame is said to be the best upon the market, and there is no doubt will have a tremendous sale.**WATER EXTENSION.**
Tenders are being asked for the building of a reservoir at Walker brook and the laying of pipes to connect the new reservoir with the town system. When this work is completed and every care should be taken if we are to get through the dry season without resorting to the expensive mode of pumping water from Walker brook.**POKER CLUB.**
We wish to call the attention of the police to the fact that, not a mile from the Graphic office there is in the vicinity of a poker club which should be visited, and put out of business. It will be remembered that about a year ago the Graphic was obliged to give the police similar information, and the "club" went out of business. But with three policemen on the job should it be necessary for the local police to act in these matters. If the police were efficient, surely this club could not flourish for months unmolested.**THANKS.**
Miss Belle Buchanan takes this opportunity to thank the people of Campbellton and the surrounding district for their help and encouragement which she received from them during the Graphic circulation campaign which has just closed. Also to thank her friends and relatives in the States for the large number of subscriptions sent in as well as the young men at the different cook houses where she canvassed. Considering the fact that the first period was over before she entered the contest she is well pleased with the prize received and as she had previously won a \$15 cash prize making \$65 in all. She wishes to make special mention of subscriptions received from J. F. E. C. of Montreal and the Connecticut Piano Co., of Amherst and to thank the whole Graphic staff for their many kindnesses also Mr. and Mrs. Hull for the encouragement given by them.**ONE MAN, TWO WOMEN, AND A TRAIN.**
These dynamic elements bring about a "For the Forgotten Law" at the Opera House next Wednesday and Thursday.

See Bert Lyall in "Sherlock Brown" a detective story (not according to Doyle) at the Opera House next Monday and Tuesday.

REWARD.
Any person giving information about a Gaspe canoe taken from the shore at Maple Green will be rewarded \$200.
PETER JAMIESON**PERMITS FOR SLASH BURNING.**
The Department of Lands and Mines has gazetted an official notice that in future only autumn burning will be permitted. Such burning is forbidden in the spring and permitted only under the supervision of a fire warden when general conditions are soft and at a place at least fifty feet from any forest.**SEEKING INCORPORATION.**
At a regular meeting of the Citizens Band held on Monday night, the matter of incorporation was discussed. On invitation, Mr. Colin McKenna was present and explained the matter to the boys and on motion it was decided to authorize Mr. McKenna to draw up the necessary documents. A club is known as "The Citizens Band Dramatic Club" with J. H. Brown as director, was also organized and it is the Club's intention of staging their first production about the latter part of September. Weather permitting, the band will appear in the park tomorrow (Friday) evening. Owing to the non-appearance of some members last Friday evening, the band was unable to carry out their program for that night.RECEIVED NEWS OF
PRESIDENT'S DEATH

U. S. Consul Woodward Got News By Radio Thursday Night.

American Consul G. C. Woodward probably received word of President Harding's death at San Francisco as early as any one in Canada. With his family Mr. Woodward has a summer cottage at Cross Point. His son has installed a radio apparatus and while using it Thursday evening about midnight the family distinctly heard the news broadcasted. Taking into consideration the difference in time between here and San Francisco Mr. Woodward received the news as quickly as it could possibly be put through. Needless to say Mr. Woodward was pained upon learning of the President's death. Early the following morning he received the news officially from Charles E. Hughes, Secretary of State.

STREET PAVING
WORK PROGRESSING

Stephens Construction Co. Making Good Progress With Contract.

The work of paving Water Street is progressing rapidly, and the Stephens Construction Co. seem to be making a good job of the work, with a large crew of men.

The street is completed from James Alexander's corner up to the Cedar Street, while work is being carried on above Andrew Street intersection.

Contract Signed.
The necessary bond as a guarantee of the work has arrived and was satisfactory so that His Worship Mayor McKay yesterday signed the contract for the work and things will likely be rushed. The town's interests are now safeguarded in every respect, and it looks as if Campbellton will have a street which will be a credit to the town.FUNERAL TRAIN
AT WASHINGTON

Thousands Wait Hours to Pay Silent Tribute to Beloved President.

Washington, Aug. 7.—President Harding's funeral train reached Washington at 10:22 o'clock tonight. Although the train was nine hours late, thousands jammed the station, waiting for hours, packed against the iron fence which shuts off the train platform, to be first to give their silent tribute to the dead chief. The train backed into the station so that the funeral car with its flag-draped casket rolled in first, to stop where the little group headed by President Collidge waited. Mrs. Harding stepped off the car leaning on Secretary Chase's arm with Dr. Sawyer on the other side. The band in the concourse began playing "Nearer My God to Thee."

SITUATION IS EASIER.
Little Hope, however, of Agreement Between British and French.

London, Aug. 7.—While little tangible evidence is at hand to indicate the probability of British and French agreement at present on a method of solving the Ruhr and reparations problems British government spokesmen declared today the situation was not so serious as the week-end press reports and comment had seemed to indicate.

The Master Mind.
"So your husband has given up smoking. That needs a pretty strong will, doesn't it?"
"Well, I've got one!"

SULLIVAN'S FEAT
WAS MARVELLOUS

Took Fourteen Hours to Do Last Six Miles of Channel Swim.

Dover, Eng., Aug. 7.—Observers who were in the small boat that accompanied Henry Sullivan, of Lowell, Mass., on his swim across the English Channel, say that in the final stages of his great effort the American athlete showed a marvelous degree of dogged determination. Sullivan had the misfortune to meet one strong tide setting from the French cape, and the captain of the accompanying motor lugger estimated that but for this the swim would have been accomplished in six hours less time. As it was, Sullivan performed the feat in 27 hours, 28 minutes, 8 Miles in 14 Hours.

Because of this baffling tide, it took the swimmer from 6:15 yesterday morning until 8:05 o'clock last night to make the last six miles of his journey. The trouble was due to the fact that the flood tide was running two hours behind its normal schedule, because of the east winds that had prevailed for some time.

MOTHER DIES UNDER A TRAIN TRYING TO SAVE BABY'S DOG

Ithaca, N. Y., Aug. 7.—Trying to save her baby's dog, Mrs. Maude Hamilton, 35, was killed when she was struck by the locomotive of a Lehigh Valley train on the Cayuga Lake Division, bound from this city to Auburn. The baby, Harry, 3 1/2 years old, was in Mrs. Hamilton's arms just before the train struck her, but she threw the baby upon an embankment and the child was only slightly bruised. Mrs. Hamilton was struck above the left temple and died within a few minutes after the accident.
