Yonge-street, Toronto. and Joe Patchen for violating an exhibition contract. Some sensational disclosures are intimated in connection with a number of charges against L. A. Davres, the Chicago horseman. A large number of charges preferred against Davies come frof the meeting he gave at the Des Moines track last summer.

No decisions were handed down to-night. Secretary Steiner said a batch of them would probably be given out to-morrow evening. The case in which John R. Gentry and Joe Patchen are involved, occupied most of the time of the delegates to-day. Palmer L. Clark, secretary of the Lincoln Association, wants Patchen and Gentry ruled off the trotting turf because of their failure to show up at a match race arranged for between them by the association. There was no writte ncontract; but telegrams and letters were produced in evidence. An effort was made to induce Mr. Clark to withdraw his charges with the understanding that the American Association would make a stringent rule covering such breaches of contract in the future. This Mr. Clark was willing to do, but the association surprised everybody concerned by refusing to drop the charges. It is the intention to hear the case to the end, and the chances are considered good that if the two great horses are not ruled off the turf, at least their owners will be severely reprimanded. tion contract. AN ENORMOUS WHOLESALE STOCK OF CIFT COODS OFFERED DIRECT TO THE PUBLIC AT MANUFACTURERS' PRICES. Our year's business in Fancy Goods is over and we

find we still have a stock of \$20,000.00.

In past years we have carried forward similar stocks, as a matter of course.

This year, as we are retiring from the manufacture and importation of fancy goods, we have decided to offer our whole stock to the public at our latest reduced prices, the same as we have been selling to the wholesale houses and departmental stores, to clear out the stock.

Our stock consists of the finer class of novelties and fancy presents—everything being fresh and new and of the latest patterns.

Our goods range from the cheapest to the best, but are entirely devoid of rubbish.

Being large manufacturers, our prices to the trade are recognized throughout Canada as the standard-no one can beat us.

These prices to storekeepers have been for dozens and grosses, but we will sell to anyone coming to our warehouse in single articles at even lower figures. To-morrow we shall enumerate some lines. Look out for our advertisements.

Come Early on Friday and every succeeding day-no re-tailer could possibly sell at our prices.
