### The Power of Compound Interest.

A man may secure an absolutely sure income of \$600 a year for his little 5 year old daughter, or granddaughter, from the time she is 55 to the end of her days, if he will pay to the Canadian Government the sum of \$964.75. If she should die at any time before reaching the Annuity age the money paid together with 3% compound interest will be refunded to the purchaser, or as he may direct. There are but few parents who, when they understand the matter, will not be anxious to make the investment, if they can spare the money, in order to have the assurance that their daughter, no matter what reverses overtake her after she is 55, would have a comfortable income in her old age—an income that she cannot be deprived of by any person or by any process of law. Full particulars of this excellent scheme may be had on application to the Superintendent of Canadian Government Annuities, Ottawa, to whom letters go free of postage.

### You're Right, Brother.

(Woodstock Sentinel-Review.)

Every reputable newspaper in Canada sacrifices large sums of money every year in the pursuit of its editorial policy or by refusing business propositions which it holds to be not in the interests of its readers. The newspaper which adopts in the interest of the public a policy to govern its editorial and business columns must expect to pay the price in loss of revenue. It should have a right to look to the public for at least a measure of appreciation and compensation.

Damage to the extent of thousands of dollars was done in Kent County last week by frost, which was without doubt the most severe experienced at this season for years past. The greatest loss is caused to the tobacco crop, which is now bearing maturity. The frost in some sections of the outlying districts was so severe that ice was frozen on small bodies of water in the open. Besides the loss to the tobacco, considerable damage was done to tomatoes and other vegetables still in the garden.

What is probably the biggest yield of apples ever grown in Oakland County now hangs on the trees of the orchards of Mrs. H. C. Ward at Square Lake, three miles west of Pontiac. The orchards cover three hundred acres and there are 15,000 trees, the largest of which are now ten years old. Fruit buyers estimate that the yield will be at least 17,000 barrels of first quality apples.

A company known as the Lambton Bean and Elevator Co. is applying for a provincial charter under the Ontario Companies Act, and will have headquarters at Petrolia. It is the purpose of the company to build an elevator on the M. C. R. and handle beans especially and all kinds of grain. Just now stock is being offered to farmers and others at \$25.00 a share. Their capital will be about \$20,000.

The auto storage house and coalshed of David Witherspoon, near Ailsa Craig, were totally destroyed by fire Friday night, two autos being in the buildings. The fire is believed to have been caused by the splashing of oil from a lantern left near one of the machines.

John Day, a Raleigh Township farmer, was the victim of the most peculiar robbery on record on Sunday night of last week. Near his house he had a small plot of tobacco that he was reserving for his own use. There were a hundred fine plants in it the day before, but in the night someone had visited the place and cut the entire lot and took it away.
