TO THE PUBLIC.

WE The Undersigned having heard that rumours are afloat detrimental to the character of the Branch Pilots out of the Port of St. Andrews N. B. as a Body, think it necessary to state that several qualified Pilots, at sundry times, offered their services in the line of their profession, to Masters Commanding vessels owned by Nehemiah Marks, Esquire, and that these services have been uniformly rejected. On a recent occasion Capt. Hutton of the Nehemiah, in reply to several of our number who offered him their services, stated that Mr. Marks would not allow him to take a pilot as the vessel was not insured. We are of opinion that in consequence of the Nehemiah having no Branch Pilot on board, she went ashore on Saturday the 29th August last.

PROSPECTUS

OF THE

EUROPEAN.

THE EUROPEAN has commenced with the most flattering prospects of success, upwards of a thousand names have been recorded on the subscription list before the issuing of the first number.

The objects of the paper are to keep up a more strict term of intimacy between this country and Europe than at present exists; not merely by publishing foreign intelligence, but by defending foreigners from insults, to which we have been occasionally subjected through the illiberality of a portion of the press, and by fairly advocating our claims to the native American who, if he discards all prejudice in the examination, cannot fail to acknowledge them.

As Ireland has been the most slandered nation, so shall our columns be more devoted to its support than to any other. To the European Irishmen will, at all events, have one uncompromising friend, whose voice shall never be suppressed while the tongue of slandour, or the hand of oppression, is raised against them or their glorious country.

It shall be one of our constant endeavours to conciliate the friendship of the native American, and if we do this in a straight forward and domestic, newspaper: so that, when the reader grows tired of a parliamentary debate, or a discussion on the merits of the different candidates at election times, he can turn to another page, and refresh himself with a romance, a sonnet, a theatrical critique, or a literary notice.

We publish the paper at the almost nominal price of TWO DOLLARS a-year, in order to give it a more general circulation than it might otherwise command; but we can assure subscribers, that, if a devotion to their interests can be of any avail, we will be found behind our contemporaries in nothing but the price alone.

Orders for the paper, addressed to the editor through the Post Office, will be punctually attended to.

All interesting communications connected with foreign affairs will be thankfully received.

No subscriber taken, living out of the city, that does not pay in advance.
