400 Acres IN EXTENT 400 Acres

HELDERLEIGH
FRUIT FARMS and NURSERY.

One hundred acres in bearing Fruit-Trees, from which cuttings, buds, and scions are taken for propagation. Hence I know my nursery stock is absolutely pure. A personal visit from intending purchasers is solicited. "Seeing is believing." Everything offered graded scrupulously. Beware of nursery stock the chief claim for which is cheapness. A tree should last many years, and bear many dollars worth of fruit, what false economy to save ten cents on the tree and lose ten dollars on the produce. Quality, thrift and purity considered I will more then compete with any nursery offering stock in Canada. A handsome Catalogue and a Price List Free on application to.
