

REASONS FOR INSURING
IN THE
AETNA
LIFE INSURANCE COMPANY

IT IS SAFE;
It has over \$15,000,000 safely invested.
(The Agent will furnish detailed statement.)
Has a large surplus above all liabilities (estimating liabilities on outstanding Policies by the Massachusetts standard, the most rigid test).
Has over confined its business entirely to Life and Endowment Insurance:—is so limited by charter.
IS ISSUING OVER 8,000 NEW POLICIES ANNUALLY.
Has an Annual Revenue of over \$6,000,000.

IT IS PROMPT,
Prompt in the payment of claims. Has paid about SIX MILLION DOLLARS in Death Claims and Matured Endowments, and has in reserve amply, safely invested, to meet the future claims of its 50,000 members, with over \$2,500,000 surplus by New York standard.

IT IS ESTABLISHED;
It has been well tested by time and experience; is thoroughly established; and its ability to furnish the best security at lowest price is not a matter of experiment. Points to the past as the best evidence of and guarantee for the ability and integrity of its management in the future.
LOW CASH RATES, CASH POLICIES ANNUAL CASH DIVIDENDS.

CONDITIONS.
NON-FORFEITING. All participating Policies on the new Cash Rates are Non-Forfeiting after two years. Renewable Term and Non-participating Policies are non-forfeiting after three years.

INCONTESTABLE. After these participating Policies become non-forfeiting no matter how many conditions are violated, what is done by the insured, or where he goes, they are good for the CASH VALUE AT MATURITY.

JOHN JACKSON & CO.,
Successors to McCord, Wood, & Co.,

ORGAN AND MELODEON MANUFACTURERS.

Having now been established in the manufacture of Musical Instruments for several years, we must acknowledge our appreciation of the kindness and justice of the people, which has tended to prosper and increase our business and reputation far above our expectation. We supply Organs and Melodeons made and finished in the most complete and perfect manner, using the best materials possible to be obtained, employing only first class workmen, and having each department superintended by men of experience.

Our trade mark, "Cymona and Celeste Organ," is placed upon the nameboard or key slip of all organs manufactured by us, and having been registered for our sole use, all parties are cautioned not to infringe on the said trade-mark.

We claim especial attention to our Vox Celeste Organs, No. 27 and No. 34. The Vox Celeste Reeds were first introduced in Canada by us in 1869, in a Grand Organ, which took the first prize at the Provincial Fair held that year in London. We have since applied it successfully to our single and double reed Organs, making our "Celeste Organs" the most popular instrument now before the Canadian public.

We manufacture the most popular styles, and introduce all the latest improvements.

All Instruments Fully Warranted for Five Years.
