

**SCROFULA**

Usually develops in early life, and is a peculiar morbid condition of the system, usually affecting the glands, often resulting in swellings, enlarged joints, abscesses, thickening of the lips, enlarged neck, sore eyes. A scrofulous condition is often hereditary, but bad diet, too free use of fat meats, bad air, want of sunshine and nourishing food will produce it. Some people are troubled with scrofulous swelling of the glands, and with ulcers and kernels, which may cause very little pain; others may have inward scrofulous scrofula of the lungs, scrofula of the spleen, scrofula of the kidneys, and scrofula of the bones. Burdock Blood Bitters will drive away any case of scrofula, and not to appear in another place, for their action on the blood and bowels will carry the disease entirely from the body.

CHEMICAL LABORATORY, DALHOUSIE COLLEGE,  
Halifax, N.S., Jany. 30th, 1885.

I have made analysis of samples of the Emulsion of Cod Liver Oil, prepared by the Puttner Emulsion Co., and they have explained to me the details of their process. The ingredients used, and the mechanical processes to which they are successively subjected, enable this Company to prepare a permanent Emulsion, without the use of acids or alkalis. This preparation has been known to me for many years, and when carefully prepared is certainly a great improvement upon the Crude Cod Liver Oil, not only being milder in flavour, but having the more substantial advantage of being in the best form for digestion and assimilation.
