

**Pterocomma smithiæ** (Mon.).

- Synonymy: ? *Aphis salicti* Harris.  
? *Aphis salicicola* Uhler.  
*Chaitophorus smithiæ* Monell.  
? *Lachnus salicicola* (Uhler) Thos.  
*Melanoxanthus salicti* Weed.  
*Melanoxantherium smithiæ* (Mon.) Gillette.  
*Pterocomma smithiæ* (Mon.) Wilson.

**Pterocomma bicolor** (Oest.)

- Synonymy: *Melanoxanthus bicolor* Oestlund.  
*Melanoxantherium bicolor* (Oestlund) Patch.

**Pterocomma antennata** (Patch)

- Synonymy: *Melanoxantherium antennatum* Patch.

**Pterocomma beulahensis** (Ckll.)

- Synonymy: *Cladobius beulahensis* Ckll.

A few misprints are noted in Wilson's paper. On page 347, in listing the described species, *beulahensis* and *salicicola* are misspelled. Cockerell, the author of *beulahensis*, is written as if it were part of the specific name. The citation of "*lanthaniæ*" is different on page 347 from the citation of the species on page 357. If *lantana* Koch is not a *Pterocomma*, as Wilson believes, and if the name is retained as he retains it, it must become *P. lantanæ* (Pass) based on the description of the oviparous female in Aphididæ Italicæ, p. 55. Passerini spelled the name *lantana*, but a new one would be required,

The names listed under *salicis* (Linn.) should be altered as follows: *Aphis salicis* should be in italics. In the lines following, Linn. should be in parenthesis, while the names of the other authors should not be. In the synonymy of *flocculosa* Weed, the first reference should read *Melanoxanthus*, and Weed should not be in parenthesis. In the synonymy of *bicolor* Oest., where the genus is cited as *Melanoxanthus*, Oestlund should not be in parenthesis.
