CONSTIPATION

in any of its forms, and in the most delicate conditions, is best relieved by the

Franz Josef Natural Aperient Water

The action is gentle, prompt and thorough. The taste is not disagreeable.

The **Franz Josef** is employed and recommended by the leading medical luminaries of Europe and America.

Prof. Ch. Gerhardt, of Berlin, wrote:—"I have employed the **FRANZ JOSEF WATER** frequently, and always with a sufficient and certain success."

Prof. Oser, of Vienna:—"I frequently order the **FRANZ JOSEF PURGATIVE WATER** in the Rothschild Hospital and in my private practice, and I obtain, even with small doses, satisfactory results in all cases."

Prof. von Nussbaum, of Munich—"The **FRANZ JOSEF WATER** acts quickly and painlessly and often by the use of surprisingly small quantities."

Prof. von Bamberger, of Vienna:—"I have used the **FRANZ JOSEF WATER** in my clinic many times and do not hesitate to declare that it is one of the most powerful of the bitter waters. Its constant use leaves no injurious effects."

In Liver Torpidity, Portal Congestions, Jaundice, etc., the **Franz Josef** may be ordered with perfect confidence.

DOSE.—For children, $\frac{1}{2}$ to 2 wineglassfuls; for adults, 1 to 3. Taken before breakfast a satisfactory movement usually follows the meal.
