Duncan, Flockhart & Co.'s

Blaud Pill Capsules

Are soft and flexible Never become oxidized
 Never become hard Never vary in strength

These Capsules are put up in 1, 2, and 3-pill sizes, with or without Arsenic, and can be supplied in boxes of 25 or 100 (each). They are prepared by a unique and original process, which entirely overcomes the tendency to hardening which is so common in the Blaud Pills.

"Solazzi"

THE CHEMISTS' BRAND

Liquorice Juice

The Testimony of "The Lancet"

The following is from "The Lancet" of March 30th, 1895:

"The above brand has long been known to be of standard purity. We found the specimen to be completely soluble in water, and entirely free from impurities of any kind. It is, therefore, well adapted for the pharmaceutical purpose for which it is so useful, while as a popular demulcent it is both safe and reliable."

Recommended also by "The British Medical Journal," "Health," "The Chemist and Druggist," "Food and Sanitation."
