One of the most successful and benign com binations ever effected is that of the six medicinal oils of which TROMAS' ECLECTRIC On is composed. This matchless compound not only possesses remedial efficacy of the highest order, but, inasmuch as it contains no alcohol, its influence is not weakened by evaporation, which is the case with a great many oils of doubtful efficacy, which have an alcoholic basis. It is an incomparable specific for affections, of the throat and lungs, remedies chronic hourseness and feebleness of the voice, and is a superb remedy for that harrassing, obstinate and consumption-breeding malady-catarrh. Swelling of the neck. tumor, neuralagia, lame back, rheumatism, piles, and other diseases which can be effected by outward treatment, yield to its operation with greater promptitude and certainty than to that of any other remedy, and, when used inwardly, it is equally efficacious. Dysentery, kidney troubles, piles, exceriated nipples are among the complaints which it eradicates. For ulcers, scree, burns, frosted feet, and con-tusions it is immeasurably the best remedy in use. All medicine dealers sell it. Price,

Prepared only by NOBTHROP & LYMAN, Toronto, Ont. Nora. Belectric Selected and Electrised.

FINANCE & COMMERCE.

Financial.

TRUE WITNESS OFFICE, Tuesday, April 13.

The banks are still unable to find employment for the surplus funds in their posses sion, consequently money is a drug in the market just now. Trade and commerce are naturally quiet in nearly all branches at this particular period of the year, and while there is good demand for it there is but little commercial paper offering; good lines are readily discounted at 7 per cent and choice bills are taken even at 6, while money can be borrowed at 4 to 5 per cent interest on call, and

about 6 on time. There is a very light business done here from day to day in Sterling Exchange; the market is a shade easier today, in sympathy with New York, 60-day bills between banks being quoted at \$1.09 to \$1.001, and small amounts over the counter at \$1.09} to \$1.09\$. Currency drafts on New York quiet at 1-10 to 2 premium. Now that the French Cable Company have.

according to advices, completed their cable between England and France, the promised reduction of rates to the American and Canadian public may reasonably be expected to take effect shortly. The French Cable Company have promised to reduce the rates from Canada to 50c per word, while it is understood that the Anglo Company will reduce the present rate, 75c per word, to 124c.

The traffic receipts of the Great Western Railway for the week ending April 2nd were \$102,106.44, against \$83,572.47 in the corresponding period last year, an increase of \$18,573.57.

-The traffic receipts of the Grand Trunk Railway for the week ending April 5th, compared with the corresponding week of last year,

Passengers, Mails and Express, \$61,4'8 Freight and Live Stock....... 142,080 Total.....\$203,498 \$154,223 \$ 49,275 Lacrease The Riviere du Loup receipts are included in 1879 but not in 1889; adding them (\$4,200), the week's increase would be \$53,475. The aggregate increase for fourteen weeks is \$373,981.

Business Troubles. -T. D. Monat, of Quebec, dry goods, St. Johns, Que., has assigned.

At a meeting of the creditors of James Adams & Co., insolvent dry goods merchants, of St. John, N.B., the total liabilities of the firm were stimited at \$12,108.92. Daniel & Boyd made an offer of the full amount of the assets, \$12,108.92. for the partnership estate, which was accepted by the creditors present. The private property of Mr. James Adams, senr., will be released from the lightly and competition with the present. any limbilities in connection with the partne a compromise to his private creditors.

WEEKLY REVIEW OF THE CITY WHOLESALE TRADE.

TUESDAY, April 13. The local breadstuffs market has been dull, in sympathy with foreign markets, all week, and prices, especially for flour, indicate a tendency

ASHES—The receipts here continue to be light, amounting to about only 200 bris. of pots and 30 bris. pearls since the 1st April. The supply, however, is about sufficient for the demand, which is very dull. At the time of writing the market rules very quiet; there have been no sales reported this week yet, and prices are easy, and likely to decline still further; we quote potash at from \$3.70 to 3.75, the latter price being the extreme outside quotation.

DRUGS AND CHEMICALS.—The local mar-DRUGS AND CHEMICALS.—The local market remains quiet and steady. The usual country trade is being (done, small orders for general drugs being fairly numerous, but there is no quotable movement between jobbers, as importers are all awaiting the spring arrivals. Prices remain unchanged. Remittances are only moderate. No mail advices from England have been received since the date of our last report.

DRY GOODS.—The amount of business done here during the past week has not been large, but still it was sufficient to keep several of our wholesale houses tolerably well employed. The unusual change in the weather has had an unfavorable influence upon the country retail trade, and thus business has been to some extent curtailed. There have been a few buyers in the market, but as regards the reduced rates on the G. T. Railway to western merchants visiting this city, the opportunity thus afforded does not seem to have been of much advantage, judging from the small number of merchants who have availed themselves of it. We should judge that the secret lies in the fact of most retail merchants having previously bought their supplies through travellers, and are only now receiving their goods, so that the cheap trip was offered at an ill-advised time, and if it were extended until about the 19th May instead of till only the 19th of April inst., it might prove an advantage to merchants when sorting up their stocks next month. The city retail trade also complain of the unfavorable weather, which has retarded their business considerably. Remittances continue to improve, and at the opening of navigation will undoubtedly show a still greater improvement. Prices of all kinds of dry goods are higher than for many years, that is for late purchases, and the prospects are that all lines of fall goods will command advanced prices; as compared with last year.

GROCERIES.—The extremely bad roads in the country continue to keep the wholesale and DRY GOODS.—The amount of business done

GROCERIES.—The extremely bad roads in the country continue to keep the wholesale and retail grocery trade quiet, and there is very little opange to note in values since last Wednesthe country ontinue to keep the wholesale and retail grocery trade quiet, and there is very little change to note in values since last Wednesday. Sugars are a trifle easier, prices having declined about ic. Rawsugars—Porto Rico quoted at 7½0 to 8½0. Rawsugars—Porto Rico quoted at 7½0 to 8½0. Rawsugars—Porto Rico quoted at 7½0 to 8½0. Gr grocery; yellow refined, 7½0 to 8½0. Gr grocery; yellow refined, 7½0 to 8½0. Great at 8½0 to 10½0, as to size of parcel, Teas remain dull, at unchanged prices; the demand for green teas is very light. Young Hysons are quoted at 3½0 to 850, and Japans at 220 to 650, as to grade. Black teas steady; common Congous, 800 to 850; the latter price being for fine Packling. Fruits extremely scarce and dear. Valencia raisins. 8c to 8½0; layers, \$2,20 to 225; with very few to be had in the market Loose Mucatels are nominally quoted at \$2,40 to 250. Coffees are dull and prices are easier for some grades: Javas, 250 to 290; Rio, 186 to 190, and Maracatho 200 to 280, but there is no demand for the last two kinds named. Eloe easy at \$4,15 to 4.45, as to lot. The demand for molasses is light, as the season is about over and prices.

The following are the prices, corrected up to date:

The following are the prices, corrected up to date:

The following are the prices of the little obange to note in values since last Wednesday. Sugars are a trifle easier, prices having declined about ic. Rawsugars—Porto Rico quoted at 7 to to 8 to 1 for grocery; yellow refined, 7 to 9 to; granulated at 9 to 10 to, as to size of parcel. Teas remain dull, at unchanged prices; the demand for green teas is very light. Young Hysons are quoted at 32 to 05c, and Japans at 25c to 55c, as to grade. Black teas steady; common Congous, 80 to 8 c; the latter price being for fine Packling. Fruits extremely scarce and dear. Valencia raisins. So to 3 c; layers, \$2,20 to 255, with very few to be had in the market Loses Murcatels are nominally quoted at \$240 to 260. Crifices are dull and prices are easier for some grades; Javas, 25c to 29c; Rio, 16c to 19c, and Marcacibo 20c to 28c, but there is no demanifor the last two kinds named. Rice easy at

there is a very light movement reported, at un-changed prices:—Cloves. Ste to the; pepper, 10je to 11je; pimento, 13e to 15je.

to life; pimento, lie to 15jc.

HARDWARE AND IRON.—The travellers for all our large wholesale nouses are still forwarding orders regularly from country dealers for general hardware, but the market remains very quiet, and meroligate are generally waiting for the spring rates of freight before moving off heavy goods. Prices are nominally unchanged, but indicate a downward tendency, especially for pig iron, for which the market here and all over the States appears demoral sed. Payments here are reported fair. We append an extract from the Iron market review of the New York Engineering and Mining Journal: "There is the greatest quietness prevailing in New York Engineering and Mining Journal;
"There is the greatest quietness prevailing in
this article, and the market can only be described as demoralized. There is not much iron
offering, and it would be impossible to sell any
large quantity, except at a great concession.
We have seen offers to-day upon a basis of about
\$30 for No. 1 Foundry iron of good brand, although not as well known as some."

HIDES AND SKINS.—There are very few
green hides offering by butchers, the demand also
is comparatively light, and the only cause assigned for the recent advice in prices is the attempt by a well-known large dealer here to controit the market; tunners complain of present
prices being too high. Sales are made slowly
at \$\psi_0\$ for No. 1; \$\psi_0\$ for No. 2, and \$\psi_0\$ for No. 3. Calfskins are reported quiet but firm at
13c each, and sheepskins are steady at \$1.25 to
1.75 each, as to size, etc. A few spring lambskinshave met with a ready sale at 15c to 30c
each, as to size, etc. A few spring lambskinshave met with a ready sale at 15c to 30c
each, as to size, it is reported that American
buyers are now going through the Canadian
forests, more particularly in the Eastern Townships, stripping them of all the hemlock bark
they can find, and shipping it in large quantities across the border, thus saving their own
forests for this valuable article. This is a matter of great importance to our tanners, and steps
should be taken to prevent, if possible, the continuance of this encroachment.

LEATHER.—The local market remains firm
and melestely selly a for market remains firm

tinuance of this encroachment.

LEATHER.—The local market remains firm and moderately active for nearly all descriptions of goods. Shee manufacturers are not purchasing freely at present, as they are still employed in filling spring orders, for which they have a sufficient supply. The further advance for green hides this week tends to strengthen prices of leather, although the advance is not wholly legitimate. Sales since the date of our last report have been confined principally to small lots. Remittances reported fair.

PROVISIONS.—The local wholesale market for provisions just now rules very duil, the demand being confined entirely to the local jobbing trade. Stocks of old butter have been sold out completely, and small supplies of new make are selling here in lots of from one to four tubs each at from 25c to 30c, as to quality. It is reported that prices have declined in the country this week to 20c to 22c, and new offerings would probably bring no more than that in the city if offered in any considerable quantity. Dealers here, having bought at high figures, are holding for all they can get. We learn, however, that grocers have very few wants, and that instead of shopkeepers going to commission men, the reverse is the case. A sale of ten boxes of cheese from the Brockville district on private terms is reported; buyers state that they are willing to pay 3c to 4c more for old cheese than for new, which is as yet not properly cured. Very few cheese factories have started as yet, and those that have are not producing much. Retail lots quoted here at let to 15c. Eggs held at 18c to 14c for fresh; limed, 84c. Maple sugar is worth 9c to 10c per 1b in wholesale lots. Sales of syrup at 80c to 85c per sal in kegs; 90c to 95c in tins. Hame, 10c to 11c. Pork, Canada thick mess, \$15 75 to \$16 25 per bol; thin mess, \$14 75 to \$16. Canada Lard, in patts and tubs, firm at 10c to 11c. Bacon, 94 to 10c; shoulders, 8c to 89c. PROVISIONS.—The local wholesale market

SEEDS-There is little or nothing doing in seeds yet; clover is quoted here at \$3.80 to 4.00, and timothy at \$3.40 to 3.50.

THE FARMERS' MARKETS. Bonsecours and St. Ann's-Prices at Far-

mera' Waggons, etc. At the city retail produce markets to-day there was a fair supply of oats, potatoes, eggs and new maple syrup, but the attendance of farmers and buyers was much smaller than usual, owing presumably to the almost impassable state of the country roads and wet weather. Oats were firm, selling slowly at 80c for bulk of the offerings, and at 750 for inferior quality. Buckwheat was scarce and steady, at 90c to \$1, while potatoes were held at 60c to 40c per bag, the Inside rate being for Goderich only; Chill and Early Rose were sold at 55c to 60c. Maple syrup was somewhat cheaper than last

\$3.00 per barrel, or 700 to 750 per bushel; parmips, 860 per bushel; heets, 350 to 660 per bushel; turnips, 300 to 600 per bushel; calery, 500 per dosen; cabbaga, 600 to 500 per dosen, or \$1 to 1.25 per bul; American letiuce, 800 to 51 per dosen heads; artichokes, 750 per bushel.

FRUIX.—Apples, \$2.00 to \$4.00 per barrel; lemons, \$8 to \$8.50 per case, or \$5.50 per box; Valencia oranges, \$2.50 to \$7.00 per case, or 550 per box; dependent of 500 per case, or 500

Sie to 30e per don; cranberries, \$10 per barrel, or the per gallon; grapes, Malaga, \$2.50 to 8.00 per her of 50 lbs.

Mal.-Beef-Rosat beef (trimmed), 12e to 15e; sirioin steaks, 12e to 15e; corn beaf, 10e; mutton, 11e to 13e; veal, 8e to 12e; pork, 8e to 10e; ham, 13e to 00e; bacon, 10e to 13e; fresh sammage, 10e to 00e; Bologna sammage, 10e to 15e; fresh sammage, 10e to 00e; bacon, 10e to 13e; fresh sammage, \$2.50 to 8.00 per low 10e; hind-quarters, \$1.50 to \$0e per bunch; souked cels, 25e to 10e per couple; fresh salmon, 25e.

THE CATTLE MARKETS. St. Gabriel.

Monday, April 12

At St. Gabriel market, this morning, the offeroga comprised 34 carloads cattle, chiefly from Untario, being brought in by western drovers on Saturday night and early this morning. The quality of the atock was generally good, and a number of animals which were sold at the Elora and Guelph fairs held last week was under offer; these were acknowledged to be the flaest lot of cattle seen on this market since Easter. The demand was fairly good, and prices paid averaged from 4c to be per lb live weight, but sales were made at as low as 3jc and as high as 5jc. Mr. Alderman Mchane was on the market, but he was not purchasing on account of the u certainty of procuring vessel accommodation. The reported sales include the following:—Messrs Walter & Pascoe, Oshawa, 30 head to W Kenned;, the American shipper, at 5c per lb; 11 head to Sam Price at \$40 cach; W Laing, Guelph, I fine steer, weighing 1,20 pounds, to W Clear at 5jc; 3 head to Benaliack at 4jc; 2 to Mr Roy for \$80, or 3jc per lb, and 2 to 1 educ for \$55; Hugh Kelly, 10 read cattle to butchers at 4c to 5c; Joseph Stone, Whitby, 15 head to W Kennedy, shipper, at \$61 each, or 5c per 1b; 2 head to 5 butchers at 4c to 5c; Joseph Stone, Whitby, 15 head to W Kennedy shipper, at \$62 each, or 5c per 1b; 2 head for \$219; W Kinnear sold 4 head to John Robinson at \$75 each, \$64 butchers at 3jc per 1b; 10 head or 152 each, or 3jc per 1b; W Harrington, Guelph, sold 13 fine head cattle, averaging 1.111 lbs cach, at 4jc, and 3 head at 1c. Messrs Roberts and Wilder, of Lennoxyllie, had 3 loads of cattle under offer; they sold 40 head to Messrs Roberts and Wilder, of Lennoxyllie, had 3 loads of cattle under offer; they sold 40 head to Messrs Roberts and Wilder, of Lennoxyllie, had 3 loads of cattle under offer; they sold 40 head to Messrs Roberts and Wilder, of Lennoxyllie, had 3 loads of cattle under offer; they sold 40 head to Messrs Roberts and Wilder, of Lennoxyllie, had 3 loads of cattle under offer; they sold 40 head to Messrs Roberts and Wilder, of Lennoxyl MONDAY, April 12

4]c.
The only logs reported sold was a lot of 13 head of light grade by Walter & Pascoe, at \$5 per cwt. Six light hogs were also sold by Mr.
Strong to a but her at \$5.25 per cwt.

RECEIPTS AND SHIPMENTS. The receipts of live stock at Point at. Charles by rail during the past week include 32 carloads cattle and 2 of horses. Mr. Laporte of Mildmay, arrived this morning with 2 carloads horses and one load of cattle; he sold some 8 general purpose horses to different dealers at from \$85 to 125 each.

The shipments during the past week com-rised 57 head cattle, being part of a cargo of 230 head, forwarded from Portland by Mr. Ald. McShane; the remainder of the cargo was pur-chased at Boston, Mass.

Meshane: the remainder of the cargo was purchased at Boston, Mass.

AT VIGER MARKET

the arrivals of live stock included about 160 head cattle, 3) calves and 12 or 15 sheep and lambs. There was but a small attendance of local butchers, and although the quality of the beeves offering was generally considered very fair, for local purposes, the demand was only moderate. The sales of cattle are reported at prices within the range of from 3c to 4]c per lb. live weight. N. Taillefer bought 45 head cattle at the western market at from 4c to 4]c, and brought 30 head to Viger market, where he sold 25 at 43c to 4]c. James Eakins, of Port Hope, had 16 head under offer; he sold 8 at from \$30\$ to \$30\$ eich. Messrs. Roberts & Wilder had 13 head under offer, all of which they sold to butchers at 3]c to 4c. J. Bennoit, trader, sold 35 out of 15 head cattle—i steers at \$50\$ each, and the remeinder, small cows, at from 21 to \$22 each. A fire large bull, weighing 1,930 lbs, raised by Mr. Loiselle, a farmer of St. Mark, was sold to Mr. Jasmin, butcher, at 4e per lb., live weight. The calvestunder offer were nearly all small, and sold at \$1.50 to \$4\$ each. There were scarcely any spring lambs offering. but good sized ones would bring from \$1.50 to \$6\$ The failures in the United States for the first. nearly all small, and sold at \$1.50 to \$4 each.
There were scarcely any spring lambs offering,
but good sized ones would bring from \$1.50 to \$6
each, while sheep are worth \$5.50 to \$10 each,
as to size and quality; a few changed hands today at about \$6.50 each.

SATURDAY, April 10.

Trade in horses here continues quiet and steady as compared with the brisk business which we had to report from week to week during the previous months of this year. During the present week, ending to-day, there have been, according to the official report, 220 horses, valued at \$17,98, shipped from this city to the United States, against 200 horses, valued at \$18,885, for last week. The demand during the latter part of this week has somewhat improved, but the impassable state of the river and many of the country roads has rendered it next to impossible for farmers to bring their horses to market, and several leading American buyers have been operating lately in several parts of Ontario, where travelling is much easier.

The auction sale of horses and Ayrshire cattle on the Corporation market on College street on Tuesday was very largely attended, and proved a decided success, all the stock entered on the catalogue, save two lots, having been sold. The list of horses sold included a Clyde draft at \$120; saddle mare at \$100, bay horse at \$10. two family mares at \$30 each, chestnut horse and mare at \$100 each, bay gelding at \$135, stallion at \$160, and 11 others at about \$30 each. Ayrshire bulls at \$33, 75, 52, 47; \$5 cows at \$50, 70, 58, 60, 40, 51, 53, and as low as \$20; heiters averaged about \$30 each; calves \$30; heiters averaged about \$30 each; calves \$30; och; and one nice Alderney cow, \$60. Among the purchasers may be mentioned the Agricultural Society of Joliette. With a little more stable and shed accommodation, the horse market on College street will undoubtedly become the first in Canada for the sale of thoroughbred live stock. The Montreal live stock markets are now much the leagest in the Dominion, and the purchasers may be decided in the work of table the lates were and the control of the purchasers are now much the largest in the Dominion, and the lates were and the lates were and the Montreal Horse Market. SATURDAY, April 10. College street will undoubtedly become the first in Canada for the sale of thoroughbred live stock. The Montreal live stock markets are now much the largest in the Dominion, and the improvements needed in the way of stable and shed room at this commodious and central market should be made by our Corporation without further delay; all depends on this whether it is to be made the success intended or not. During the week Mr. Jas. McGuire sold at this market one pair of black carriage horses, 7 years old, weighing 1,050 lbs each, for \$180; 1 black trotter, weighing 950 lbs, for \$100; and 1 do, weighing 1,010 lbs, for \$55.

At the American Heuse yards, some 8 or 9 carloads were bought and shipped this week, at firm prices, say from \$40 to \$30 each for common to good "workers" and from \$90 to \$150 for good to fine carriage horses; very few of the latter class changed hands, however. One pair of brown horses sold for \$185; 1 large working horse or \$99; 1 do, for \$75, and a bay horse, 6 years old, weighing 1,150 lbs., for \$30.

Following is the list of shipments from this city to the United States during the week, as per entry at the office of the American Consul here:—April 3, 2 horses at \$977.50; 2 at 210.

April 5, 14 horses at \$97.50. April 6, 9 horses at \$877.50; 22 at 1.569; 9 at 523; 39 at 2,002.50. April 7, 1 horse at \$40; 22 at 1.887; 20 at 2,488; 8 at 723.

April 8, 16 horses at \$1,227; 11 at 889 12 at; 1,000; 8 at 291; 12 at 1,082; 4 at 343. April 9, 19 horses at \$1,431; 4 at 220.

College Sireet market during the week ending to-day were very light. The total receipts were only about 60 loads, of which some 13 or 15 loads were straw, against an aggregate of about 200 loads for last week. The demand for hay continued moderate, but holders took advantage of the amail supply to advance prices, and although several loads remained on the market till evening each day before being said, an advance of 50c was established for the best Timothy hay, which is now selling at 39 per 100 bundles, and common cow bay brings \$7 and upwards. As stated in our last report, the demand for straw has somewhat improved, as is usual at this period of the year, and prices, chiefly owing to the scarcity of the supply, have further advanced from \$4 to \$5 per 160 bundles. Pressed straw for the same reason is also quoted firmer, at \$5.50 to \$6 50 p.r ton, while baied hay is still worth \$8 to \$10 do, as to quality.

British Cattle Markets.

British Cattle Markets.

London, Monday, March 22.—Cattle at market, 2,90; sheep at market, 13,900. Best beef, 14 to 8 id per lb; infe-ior and secondary, 6d to 7 id per lb; best muttivn. 9 id to 10 id per lb; inferior and secondary, 6 to 9 dper lb.

Although not animated, the trade has shown greater firmness. The cold weather strengthened supplies. The receipts of beasts were still below the average number for the time of the year. The trade, upon the whole, was steady and full rates were reached for fine breeds. The sheep pens were fairly filled; more steadiness was observed in the demand, and tendency of prices against buyers.

Livenifold, Marday, March 22.—Cattle at Market, 1,382; sheep at market, 2,960. Beef 6id to 8 id per lb; mutton, 7 id to 10d per lb

The supply of cattle was less than on last Monday. The trade was without animation, and generally last week's prices were realized. GLASGOW, Thursday, March 28.—Cattle at market, 260; sheep at market, 2,000. Best beef, 8 id to 8 id per lb; in-ferior and secondary. 5 id to 8 d per lb; in-ferior and secondary, 5 id to 8 d per lb; in-ferior and secondary. 5 id to 8 d per lb; in-ferior and secondary, 5 id to 9 id per lb. Supply of cattle short, but many of fair quality. Demand good and prices firmer; rather more than last week's quotations. Very hort supply of sheep, and generally of good quality. Als kinds in demand and an advance on last week's readily obtained.

AUSTRALIAN FRESH MEATIN ENGLAND.

The Liverpool correspondent of the New York Builetin says:—"The success of the shipment from Australia of fresh meat per the ste-mer Strathleven has created something very little short of excitement there and very great interest here. It is now clearly made evident, what we stated some considerable time ago, that a most formidable rival to American stock raisers and dealers had been discovered. It is stated on reliable authority that in Australia there are 63,60,60 cattle, and that of these one-fifth would be available for export annually. Further, that in New South Wales prime meat can be bought at lid per lb. This price we suspect, however, is what could be done before the new outlet was discovered, and may very soon be, if it has not already been, quite doubled, at all events, a comparison of prices and expenses of ireight, etc., makes it clear that retween the rivalry of Australia and America the British householder may at last obtain his meat at a low rate." Australian Fresh Meatin England

NEW YORK LIVE STOCK MARKET. NEW YORK, April 9.- There was a brisk trade in live stock this morning, the arrivals being in live stock this morning, the arrivals being light. Prices were firm, and sheep had an upward tendency. At Sixtieth Street Yards horned cuttle sold at Sic to folc per lb, weights 5½ to 8½ cwt. At Harsimus Cove Yards prices ranged from Sicto folc per lb, weights 5½ to 1½ cwt. From 55 to 57 lbs has been allowed net; sales chiefly on 56 lbs net. Milen cows held on sale. Neither bobs nor yeal were quoted. Sheep sold at S5.50 to 57.30 per cwt; shorn sheep, itc to 5c per lb; cutl sheep, de per lb; cwes, 5½ per lb; lambs, 8½ per lb; spring lambs, 85.50 per head. The flocks, as above reported, ranged from common to good. There were no live hogs on sale; city dressed onened at 6½ to 6½ per lb; market pigs, 6½ per lb. pigs, 6|c per lb.

Liverpoul Provision Market.

Liverpool Provision Market.

Chrest.—The market is firm, holders showing every confidence in their position, and refusing to meet buyers, or sell under 70s to 72s. There has been a fair retail demand this week at the above prices, and as (without doubt) the country dealers are almost all with very low stocks, a good demand may reasonably be anticipated all through the mouth of Apriv.

BUTTER.—The position remains the same, viz, no stock, and buyers' wants in excess of present imports, but they are becoming more cautious, evidently thinking that prices are (considering the near approach of new butter,) high and dan gerous. We quote finest parcels Averican and Caundian, 125s to 140s per cwt; medium to fine quality, at 160s to 110s, sells slowly.—Hodgson's Circular, March 25.

LONDON GROCERY MARKET.

FAILURES IN 1880.

Messrs. Dun, Wiman & Co.'s circular for the dirst quarter of 1883 gives the number of failures in the rominion of Canada as 503, with liabilities of \$1.816,277, as against 634 with liabilities of \$1.648,607 for the quarter dated March 31, 1879. The failures in the United States for the first quarter of this year numbered 1,432, with liabilities of \$12,777,074, as against 2,524 with liabilities of \$12,777,074, as against 2,524 with liabilities of \$12,777,074, as against 2,524 with liabilities of \$13,112,855 in the same quarter of 1879. The figures this year are exceptionally small, showing a decrease of nearly one-half as compared with the first quarter of any previous year since 1874. The liabilities are less than they were ever before reported in any quarter since the commencement of the publication of quarterly returns. It is a matter full of significance that the indebtedness of failed parties in the first three months of the present year do not equal one fourtu of the sum to which they amounted in any first quarter in the last preceding six years. As time progresses, the figures relating to failures seem to indicate a steady continuance of favorable conditions for the trade of the country.

Finance, Commmerce and Trade.

The Welland Canal will not open for regular traffic until 4th of May, but in the meantime vessels are arriving at Port Colborne and Port Dalhousle and their cargoes are being transferred to the Welland Railway. The Welland Canal will open for vessels drawing seven feet of water on the 26th April.

on the 26th April.
—Since the 12th November last, Messrs. Lingham & Son, Believille, have shipped from New York, Boston, and Baltimore over 12,000 head cattle. Messrs. Webber & Winch will arrive in this city to day with 20 head of cattle, aggregating 24,000 pounds, to be shipped to England. Another carload will be forwarded next week.

Another carlona will be forwarded next week.

—The following extract is from the spring circular issued by the Treasury Department on the 8th inst:—'All lights of the United States on the northern and north-western lakes and their adjacent navigable waters will be exhibited from sunset to sunrise, at all seasons when vessels van enter the ports, or are navigating in their vicinity."

in their vicinity."

—It is estimated that 13,000,000 cows are in the United States, which is six times the number in treat Britain, more than twice the number in France, two-and-a-half times more than in Prussia, and more than in England, Ireland, Scotland, Wales, Denmark, Norway, Sweden, Russia, Finland, Austria, Hungary and Switzerland combined, although these countries contain four times the population of the United States. No adequate comparison can be made with Canada as yet, as the statistical returns have not been received.

—The excess of this year's lumbering opera-

steady, and with a more setive demand, prices improved 5-Eld to Monday afternoon. Since then they have been dull and drooping, and the advance was lost. They close steadler, with a recovery of 1-Eu for near positions. Later months are weak and freely offered."

months are weak and freely offered."

—A leading Liverpool grain circular says:

"The wheat trade remains apathetic, and the tendency is again easier. The best qualities of English, because or scarcity, fairly maintained previous rates. Cargoes of coast sell slowly at 6d decline. Buyers are altogether averse to operate for future arrival. At Liverpeol and adjacent markets since Tuesday the business in wheat has been of the mercet retait character at id under Tuesday's prices. The supply of corn is still limited, and is steadily held. At this morning's market there was a very good demand for wheat. In white, however, very little business was reported, prices receding 'd to 2d. Flour was dull and nominally unchanged. Corn, because of scarcity, realized 4d advance for such parcels as are ready for delivery."

LOCAL NEWS.

HARBOR REGULATION.—The use of a signal by masters of vessels, when they are in urgent need of police assistance, has been authorized by Government.

THE LIEUTENANT-GOVERNOR'S MOVEMENTS-His Honor, accompanied by Madame Robitaille, attended High Mass at the Church of the Gesu. The services were of a most impressive character, and the musical portion was exceedingly rendered.

THE HUDON COTTON Co .- On Saturday His Honor the Lieut.-Governor paid a visit to the mills of this Company at Hochelaga, through which he was escorted by the Superintendent, Mr. Whitehead, who explained to His Honor the manner in which the manufacture was perfected. His Honor made a thorough examination of the premises, and expressed himself well pleased with what he saw.

CATHOLIC UNION .- At the annual meeting of this Society the following officers were elected: Mesara Jos. Desrosiers, President; P. B. Mignault, 1st Vice-President; S. Lachance, 2nd Vice-President; Dr. H. E Dearosiers, Secretary; E. Roby, Librarian; P. Bourque, Assist.-Librarian; Committee: A. de Boupart, Alph. Leclaire, D. Marsan, F. A. Quinn, J. J Beauchamp, M. Fontaine, L. Lussier and Is Life Worth I iving, by Wm. H. Maliock. Chas. Doherty.

ENERGETIC. - On Saturday Mr. T. J. Potter, for many years connected with J. J. Araton in the auctioneer business, conducted on his his own account the second sale of turniture on account of Craig & Co., and the prices realized certainly surpassed the most sanguine expectation of the parties pecuniarily interested. Mr. Potter has already, since entering into business, shown that he is possessed of the essential traits necessary in his profession: ability, integrity, and energy.

GERMAN INTRIGUE TO ALIENATE FRANCE FROM RUSSIA.

New York, April 13.—The Herald's St. Petersburg correspondent says:-Rumor is current and finds general credit that Hartmann was a German agent charged to play a certain game of creating a coolness between Russia and France, and the game has proved successful. The Swiss Government lately gave up a Russian suspected of having assisted in the assassination of two gendarmes, while conducting a Nihilist to prison last
