little in England, but there is none too much in stock here, and local prices are very steady. Turpentine is also decidedly scarce on spot, and though prices have fallen off a little from the recent high point in the South, 57c. firm is wanted for single barrels here. Lard oil is down considerably, the last Chicago quotation for extra being 90c., as against \$1.05 a week ago. There is nothing doing in fish oils, and reliable news of the Newfoundland seal catch is being anxiously looked for. We quote:—Turpentine 56 to 57c. per gal.; Linseed oil, raw, 62c. per gal.; boiled 65c.; olive oil, none here; castor, 7½c. in cases; smaller lots, 8c.; Newfoundland cod, 42 to 45c. per gal.; steam refined seal, 55c. in small lots. Leads (chemically pure and first-class brands only), \$5.25; No. 1, \$4.87½; No. 2, \$4.50; No. 3, \$4; dry white lead, 5c.; genuine red ditto, 4½ to 4¾c.; No. 1 red lead, 4c.; London washed whiting, 50c.; Paris white 90c. to \$1; Venetian red, \$1.50 to 1.75; yellow ochre, \$1.50 to 1.75; spruce ochre, \$2.25 to 2.50. Window glass, \$1.35 per 50 feet for first break, \$1.45 for second break; third break, \$3.25.

WOOL.—Values may be called firmer. The Antwerp sales last week developed an advance of from 10 to 15% for all fine wools, and the London sales opening the 4th inst. are expected to realize a ten per cent. advance. Locally 14c. will only buy the poorest kind of Cape, with a range up to 16½c. per lb. There are no Natal or Australians here. Some moderate sales of B.A. scoured are reported at 36c.; yellows and faulty range down to 29c. The cargo referred to last week is not yet reported in Boston. A second, and larger, is expected before the 1st of May, and both will be wanted. Fleece is not to be had locally; unassorted pulled is worth 23 to 23½c. per lb.

TORONTO MARKETS.

TORONTO, April 6th, 1893.

DRUGS.—Business is moderately active with heavy chemicals moving more freely. The prices of a considerable number of drugs appear to be gradually stiffening in foreign markets. A feature is the startling advance in opium, price having risen from \$3.25 to \$5.00 per lb.; this is due to an alleged shortage in the crop; morphia and preparations have shown a tendency to sympathise, and \$2.00 to 2.10 is given as a quotation for morphia sulphate. Quinine is firm abroad, with indications of higher prices. Glycerine and camphor are firm, while gum tragacanth is very much higher. We quote the following drugs at advanced prices: extract of logwood, 13 to 13½c.; soda ash, 2 to 3c.; citric acid, 65 to 67c. Cube berries and castor oil are the only drugs that in this market are easier. Payments are fairly good.

FISH.—The winter stocks are pretty well sold out. For what is in the market we quote: Manitoba white fish, 7½c.; steak cod, 8c.; haddock, 5½c. per lb.; sea herring, \$2 per 100 count; British Columbia salmon, 20 to 25c. We cannot expect much fresh fish in the market before the 1st May.

FLOUR AND FEED.—The position remains unchanged. We quote: Manitoba patent flour, \$1.35 to 1.40; patents, \$3.50 to 3.60; extra, \$2.90 to 3.00. Oatmeal is selling at \$4.00 to 4.20 per barrel. Bran is quoted at \$15 per ton.
