

FAIRBANKS WAGON SCALES

Every Municipality should have one

Fairbanks Scales present a striking example of goods so highly developed, so thoroughly known and accepted, that they have become a standard of excellence everywhere.

The keenest competition during the past eighty years has failed in any way to affect the progress of our output; our Scales have proved their supreme right through long years of satisfactory service, to the universal confidence in them as representing the Ideal in Honest Weights and Measures.

THE SMALLER YOUR POLICE FORCE THE GREATER THE NEED FOR A SIGNAL SYSTEM

**IF A RIOT SHOULD OCCUR
IS YOUR FORCE PROPERLY EQUIPPED TO HANDLE IT ?**

Crowds very quickly become excited. The arrival of one officer before the excitement is well under way will often disperse a crowd that might later on require one hundred men to handle.

A small police force with the aid of a well organized signal system can do much more effective work than a larger force working without a signal system.

An efficient signal system keeps headquarters informed of the movements of every man on the force and keeps every man on the force constantly in touch with headquarters.

No town of any size should be without an efficient police signal service.
