and of the Trench spacing community in North America-fo

And that is any there has been that type of

togistation by the Provincial Covernments. One has to sunderstand this concern for their own survival; and what kind of simple this would take, in terms of a new Constitution.

pertinguish problem - but I think, as I said, as a basic minimum, we have to recounize the right of the people of both official languages to send their entidren to the achoris of their wholes-wherever they are in Canada.

NR. TATUL I think the trend is not favorable

en wrong -- that Mr. Erudean, in the isotheing when no was political at office, wanted to have a very official dislineatholity, political of the reduced to have nearly all of-the federal Soverment being made in both innousnes. And there was some protest from other Fravinces that they wanted to impose some

and, then, what would be the three in the future if, now, also to be beauty and an analytics example in the standard of the st

ed or even himse level thinkel and is abitogrammed its
