

The following table shows the results of the survey conducted in the year 1950. The data is presented in a tabular format, with columns for the different categories and rows for the specific items. The table is organized as follows:

| Category | Item | Value | Percentage |
|----------|--------|-------|------------|
| Group A | Item 1 | 100 | 10% |
| | Item 2 | 200 | 20% |
| Group B | Item 3 | 300 | 30% |
| | Item 4 | 400 | 40% |
| Group C | Item 5 | 500 | 50% |
| | Item 6 | 600 | 60% |

The data indicates that the majority of respondents (60%) are in Group C, with Item 6 being the most popular choice. The survey results are consistent with the expected trends, showing a clear progression in the values and percentages across the different groups and items.
