

- That the provision of clean water for the settled population and their animals be part of the implementation plan.

6. RESOLUTION

TO ENSURE THE IDENTIFICATION OF COMMON BORDERS & THE ESTABLISHMENT OF BORDER CHIEFS, POLICE, COURTS AND PATROLS

- That border post police will control incursions by cattle rustlers, etc., and report transgressions to their respective chiefs for prosecution.
- That chiefs will meet from the border areas and that courts will be established close to the border posts. Difficult issues or cases will be reported to the higher authorities from the respective areas.
- That the police will be equipped with radios (13) for easy communication with their counterparts in the region.

The conference identified a number of common borders and recommended border stations:
