

3. A Contracting State may, at the time of ratification, acceptance, approval of, or accession to this Protocol, declare that it will apply the entirety of Alternative A, or the entirety of Alternative B of Article XI and, if so, shall specify the types of insolvency proceeding, if any, to which it will apply Alternative A and the types of insolvency proceeding, if any, to which it will apply Alternative B. A Contracting State making a declaration pursuant to this paragraph shall specify the time-period required by Article XI.

4. The courts of Contracting States shall apply Article XI in conformity with the declaration made by the Contracting State which is the primary insolvency jurisdiction.

5. A Contracting State may, at the time of ratification, acceptance, approval of, or accession to this Protocol, declare that it will not apply the provisions of Article XXI, wholly or in part. The declaration shall specify under which conditions the relevant Article will be applied, in case it will be applied partly, or otherwise which other forms of interim relief will be applied.

Article XXXI — Declarations under the Convention

Declarations made under the Convention, including those made under Articles 39, 40, 50, 53, 54, 55, 57, 58 and 60 of the Convention, shall be deemed to have also been made under this Protocol unless stated otherwise.

Article XXXII — Reservations and declarations

1. No reservations may be made to this Protocol but declarations authorised by Articles XXIV, XXIX, XXX, XXXI, XXXIII and XXXIV may be made in accordance with these provisions.

2. Any declaration or subsequent declaration or any withdrawal of a declaration made under this Protocol shall be notified in writing to the Depository.

Article XXXIII — Subsequent declarations

1. A State Party may make a subsequent declaration, other than a declaration made in accordance with Article XXXI under Article 60 of the Convention, at any time after the date on which this Protocol has entered into force for it, by notifying the Depository to that effect.
