Dear Sir Arthur

Many thanks for  
your letter. As you know I  
was not very eager to go on  
the Protestant Committee. - at  
least not just yet. But as  
there seems to be a general  
desire that I should do so,  
I am quite agreeable. My  
work at McGill will, in any  
case, be pretty closely involved  
in the general problems of  
Protestant education & it will  
be useful to have a recognized  
means of action outside.
