**FRENCH TRADE SHOWS A NATURAL SHRINKAGE**

Virtually Whole Reduction Stated to Be in War Materials.

PARIS, May 14.—The value of imports of France during the first quarter of 1915 was less by \$163,400,000 than in the corresponding quarter of 1914. Exports diminished \$258,000,000. Virtually the whole of the reduction was in raw materials. Imports of manufactured articles increased during the first quarter \$27,800,000.

The figures for April show that imports of manufactured goods increased to the amount of \$20,200,000 over April of last year. There was an increase of \$1,000,000 in foodstuffs. April exports were lower by \$64,400,000.

**MAKE SOCKS INSTEAD OF FIRE CRACKERS**

Red Cross Society Suggests This as a Better Way to Celebrate Empire Day.

A circular which says in part as follows is to go to all the schools and Sunday Schools in Ontario, and every one is asked to co-operate enthusiastically with the suggestions:

"Who feels inclined to spend money in toy crackers, while our soldiers are lying wounded with shrapnel? Who would waste flags for fun, now that the world means so much more for us? How would you boys and girls like to celebrate by sending hand-knit socks to the soldiers? Forty cents buys enough wool to make a pair. The committee of the Ontario Red Cross Society sends wool to women all over the province, who make it into socks, who offer in their turn a gift to the soldiers. The socks will be sent to France and will be marked 'Empire Day Socks from the Boys and Girls of Canada.'"

A corollary to the above is the proposition that the graves of the soldiers who are usually decorated with hot-house flowers on Empire Day be this year decked with the hand-picked wild flowers and home-made wreaths of the children, and that the money annually brought for the flowers be collected as usual, but diverted to the channel of increasing the fund, which goes to the purchase of soldiers' socks. Teachers are especially asked to enter warmly into the project.

**GERMAN SUBMARINE RAMMED AND SUNK?**

British Skipper Believes He Accounted for Craft in North Sea.

BLYTH, Eng., May 14.—A German submarine is reported to have been sunk in the North Sea. The captain of the steamer Collairine on reaching port yesterday stated that his vessel apparently had destroyed the submarine by running it down on the Northumberland coast.

No submarine was seen, but the captain said his ship struck a submerged obstacle. A large quantity of oil subsequently appeared on the surface, and the conclusion was drawn that a submarine had been run down.

**PRESENTATION TO SOLDIER TEACHER**

The staff of Dufferin School gave a mid-day luncheon at the school yesterday in honor of one of the teachers, Mr. A. W. Archibald, who is going with the third contingent as a member of the machine gun section. Mr. Archibald was presented with a wrist watch by his fellow teachers, while G. H. Armstrong gave him a compass.
