

## NOTABLE SCOTTISH TRIALS.

Messrs. William Hodge & Co. have arranged for the publication of a series of volumes under the above title, the object of which is to present a full and authentic record of the more notable Trials that have a place in the annals of our Scottish jurisprudence. Of many of these Trials the details are at the present time not readily accessible, being either confined to the pages of official reports or buried in the files of the daily press; and it is intended to issue in a uniform series such a narrative of our more important *causes célèbres* as shall prove not only of interest to the general reader, but also of utility to those concerned, professionally or otherwise, with the study and application of the legal principles involved in the various cases to be dealt with.

To each Trial a separate volume will be assigned; and, where verbatim evidence is available, it will be reproduced in full, special care being taken to ensure accuracy of detail.

The series is founded upon careful research into every available source of information, and, so far as permissible, the opportunity has been taken of consulting with and acquiring reliable information from gentlemen who may have been authoritatively associated with any of the Trials in contemplation.

"A remarkable series."—*Glasgow Herald*.

"... Altogether a most interesting and welcome series these 'Notable Scottish Trials.'"—*Law Journal*.

"Messrs. William Hodge & Co. are doing distinct service not only to the legal profession, but also to the general public by the publication of 'Notable Scottish Trials.'"—*Dundee Courier*.

"The series of 'Notable Scottish Trials' which has just been initiated with a volume dealing with the trial of Madeleine Smith forms an enterprise on which the publishers are to be heartily congratulated."—*Glasgow Evening Times*.

"Messrs. William Hodge & Co. are doing good public service in issuing a series of volumes dealing with 'Notable Scottish Trials.' Since many of these trials took place a new generation has arisen, to whom most of the persons tried are mere names, and the series promised by Messrs. Hodge & Co. will necessarily take the form of educative works of considerable historical value."—*Scotsman*.

"While abounding in the dramatic interest of the 'higher crime,' they are edited with all the completeness and accuracy and attention to the legal issues involved of reports intended for lawyers; and there is no class of reading more useful for students of law than the study of the laws of evidence as they appear in practice during such trials. At the same time for the general reader they have the intense fascination of revelation of the darker side of human nature."—*Saturday Review*.
