Further enquiry into the Nelson building disaster was made at the inquest held in the morgue last night before Coroner J. E. Elliott and a jury. Eight witnesses testified, the most important of these being Professor C. H. T. Wright of the architectural department at the University of Toronto.

DAIRYMEN TO BE PROTECTED

Hon. Mr. Burrell Will Seek to Put Check on Unscrupulous Commission Merchants.

OTTAWA, May 22.—(Special.)—Hon. Martin Burrell, minister of agriculture, is just at present considering a scheme for the appointment of a number of special dairy inspectors for the Province of Ontario.

He is also working on a plan whereby he expects to prevent the losses sustained in the past by farmers and dairymen thru the failure of dairy commission merchants. Heretofore, these commission men have been permitted to do business indiscriminately with the result that many of them who were without sufficient capital, became bankrupt. Thousands of dollars were lost every season in this way by the farmers of Ontario.

Canadian Shoe Manufacturers Placed Absolutely in Its Power, and Consumers Pay the Piper.

MONTREAL, May 22.—(Can. Press.)—That the United Shoe Machinery Co. of Canada, a subsidiary of a Boston concern, has, by its business methods, practically smothered all competition on the part of rival shoe machinery concerns in the Dominion, while it has at the same time succeeded in placing within its absolute power Canadian shoe manufacturers to the detriment of the consumers, was the contention advanced by A. Falconer, K.C., counsel for the complainants in the case which is being made the subject of an investigation before a commission appointed by the federal government in virtue of the Combines Act.

Constable Simpson made the arrests, following a number of complaints made by residents at the Humber, and he intends to keep up the work. During the past few months every Sunday has been the day of prolonged celebrations among the foreigners, which invariably take the form of much disorderliness, the beating of tin pans, shouting and drinking of beer.

OTTAWA, May 22.—(Special.)—Inspector Gordon of the Northwest Mounted Police, who is in the maritime provinces seeking recruits for the force, advises the department that he finds it almost impossible to secure the class of men desired. While the federal artillery poured shell after shell into the rebel's positions, rebel cavalry moved to one side in a flank movement, at the same time pouring a heavy fire into the federal columns.
