LABOR NEWS

CONCILIATION BOARD FINDING UNPOPULAR

"Why, yes, I certainly do disagree with the findings of the board of conciliation which considered the grievances of the street railway men," said ex-Alderman Joseph Gibbons, last night to The World. "They are altogether too small, and the vote to appeal against the award of that board was unanimous as taken on Tuesday night."

"As I understand it the findings of the board of appeal will be final," said Controller Robbins, discussing the feeling of the men against the award. "But the agreement with the company concludes in June. The men are unanimously against the small increase in wages, practically the only thing of importance asked for by them."

John Sutherland, who recently at a meeting of the Trades and Labor Council stated emphatically that if the ultra-radicals persisted in their attempt to stampede or hinder sessions of the council he would ask his union, the Bricklayers' Union, to refuse to send any delegates to the trades council, was on Tuesday night elected president of the Bricklayers' Union. Other officers elected were: Vice-president, W. Jarvis; recording secretary, F. Howell; treasurer, B. J. Loeman; financial secretary, E. Trenwith; executive committee, Messrs. Thorn, Jenoves, Sutherland, Vick, Adams, Trenwith, Howell. John Vick was elected business manager for the Toronto union.

R. Stallford, representative of the government repatriation committee in Toronto, stated that work was scarce in many lines, and that at present, at least, there were far more men looking for work than jobs looking for men.

The Bricklayers' Union have passed a resolution condemning the present tide of revolutionism said to be rampant in certain quarters of the labor movement.

The Brotherhood of Carpenters last night voted \$50 for the defence of two labor men now under arrest for having written literature in their possession to decide what action the brotherhood may take in connection with the arrest of these men. The brotherhood had specifically the case of Cheesman, a member, under consideration at last night's meeting.

POLES AND GERMANS IN FIERCE CONFLICT

Amsterdam, Jan. 8.—Polish troops on Saturday gained control of most of the Town of Bentschen, an important railway junction, according to The General Anzeiger of Frankfurt. The Germans retired to the railway station, where they were bombarded by the Poles, who attempted to capture the station, but were repulsed.

EAGLE COMES TO EAST TORONTO

Toronto, not to be outdone by Hamilton, also has her eagle, according to the story of an East Toronto resident, who states that his 9-year-old boy rushed in crying yesterday afternoon, announcing that he and his playmate had been swooped on by a bird as big as an airplane while sliding at Glenmount Park road.

MUCH DISCONTENT IN GRAND FLEET

Admiralty Rules That Only Volunteers Shall Be Engaged in Sweeping Mines.

London, Jan. 8.—Discontent has made its appearance in the grand fleet over the slowness of demobilization, especially among the auxiliaries, whose duty it has been to sweep up mines. The crews of many of the auxiliaries were recruited from the fishing fleets, and the men wish to share in the huge profits now being made by the fishermen. They had been offered two pounds extra weekly while doing work, but are agitating for their discharge.

The agitation has been settled by the admiralty, which has decided that only volunteers should be engaged in sweeping mines. About 65 per cent. of those engaged in mine sweeping volunteered for that service.

LACK OF ENTHUSIASM OVER CANADA'S PAINTINGS

London, Jan. 8.—The London art critics are not wholly enthusiastic over Canada's war memorial paintings at the academy and which were opened by Sir Robert Borden, prime minister of Canada, on Saturday. This exhibition will eventually find a permanent home in Ottawa.

Sir Claude Phillips, in The Daily Telegraph, describes Augustus John's huge cartoon of the Canadians opposite Lens as the greatest disappointment of the whole exhibition. Another critic uses the same expression toward it. Sir Claude has nothing but kind words for Major Richard Jack's pictures on the taking of Vimy Ridge and the second battle of Ypres. Beholders of the exhibition, however, whose written criticisms may be considered worthy of respect, appear generally disturbed at certain grotesque specimens and cavil at other works for being what they consider needlessly horrific.

RESTAURANTS DECEIVE WITH CHEAPER FISH

According to information in the hands of the fisheries department of the provincial government some fish dealers, hotelkeepers and restaurateurs are regularly deceiving their patrons and customers in the kind of fish offered for sale. It is claimed that a substitute is being offered for government white fish, which is usually in big demand when on the market or on the bills-of-fare of hotels or restaurants. The officials of the department declare that in many cases a cheaper grade of fish is substituted for white fish, which bears a similarity in color only. The substitute most commonly used is flat fish, which retails in Toronto at from 10 to 12 1-2 cents per pound, whereas the government white fish is sold at a higher price, usually from 15 to 18 cents.

Five Members of One Family Die of "Flu" in Two Weeks

Windsor, Jan. 8.—The 3-year-old daughter of Mrs. Henry Oliver, living in Sandwich West Township, died today from influenza, making the fifth member of the family claimed by the disease within a period of two weeks. The child's father died four days ago and the mother is seriously ill in the Hotel Dieu.

Three other deaths were reported today, but only two were ascribed to the epidemic.

CHINA WANTS LOAN

Peking, Jan. 8.—The Chinese Government has applied to the customs service for a loan of 2,000,000 taels from the reserve of 10,000,000 taels resulting from the salt tax in order to pay the expenses of Chinese diplomats abroad and to repay a loan of 600,000 taels. The government is hopeful that the foreign bankers will grant this temporary loan.

PAYMASTER WILL PLEAD GUILTY

Capt. C. P. Fisher Charged With Stealing Eighteen Thousand Dollars.

On a charge of theft of \$18,547.23 from the Dominion of Canada, Capt. Charles P. Fisher, formerly paymaster of the C.A.M.C. in military district No. 2, came up for trial yesterday before Judge Winchester and a jury in the general sessions. He is alleged to have taken \$25,232 from the militia department while he was paymaster of this unit, but \$7000 of the amount has been made up.

The information against him is sworn out by Capt. W. Smyth for Col. Forbes, head of the pay department for this district. At the trial in the police court, Fisher, thru T. C. Robinson, K.C., his counsel, waived a preliminary trial and elected trial by jury. He pleaded "not guilty" to the charge.

Crown Attorney R. H. Greer explained to the court that the accused claimed that a certain Toronto brokerage firm had already paid him \$7200, which they held to his credit, but they still had \$7500 which they refused to give him. The crown understood that the counsel for the defence intended to ask for a month's adjournment, to which he had no personal objection save that witnesses from headquarters, Ottawa, were being repeatedly brought to Toronto to give evidence, only to have the proceedings adjourned. Mr. Robinson gave assurance that Fisher would eventually plead guilty and that at the end of the month it would not be necessary to bring the witness.

It is understood that in the meantime action will be commenced in the supreme court to recover the \$7500 from the brokers which is owing Fisher. All funds recovered will be turned over to the government in partial restitution.

LABELLED "CROCKERY," BUT HELD LIQUOR

A shipment of liquor consigned to Kitchener, Ontario, and valued at \$10,000, was seized in the local Grand Trunk yards on Tuesday night by inspectors of the Ontario license board. The car containing the shipment had been broken into in the yards and two cases stolen. Several bottles were caught the attention of the yard men. On learning the contents of the car they immediately informed the license department and the seizure was made. The shipment contained 107 ten-gallon kegs of liquor and 72 dozen bottles of ale, and was contained in boxes marked "crockery." The consignment was being forwarded from Montreal by M. Casselman to N. Feldman of Kitchener.
