TO INQUIRY INTO **DOUBLE FATALITY**

'Accident at Riverdale Railway Crossing Subject of Investigation.

Controller Maguire, who was acting mayor yesterday, stated he will make full inquiries with reference to proection at the railway crossing Riverdale Park where the double fatality took place last Monday.
"I do not know under whose juris-

diction the bridge comes," said the controller, "but there is no doubt that some one is responsible for the lack of proper guards at that point. It is probable that this bridge is under the isdiction of the parks department ntend to see the commissioner at I intend to see the commissioner at once, and make full inquiries. It is a terrible thing that there should be loss of life due to lack of proper protection, and nothing should be left undone to remedy the defect and place the responsibility for the sad accident where it belongs."

Controller Cameron was also in

section of the works department, said, "As I understand the matter, the city is not in any way liable. The watchman was placed at that crossing by order of the Dominion Railway Board, on our application. Therefore, the responsibility for any accident falls on the company owning the engine which does the damage. If it is a Grand Trunk train that causes the accident, the watchman, for the time being, is held to be the agent of the Grand Trunk Railway, and they must bear the liability. The same with the Grand Trunk Railway, and they must bear the liability. The same with the C.P.R. or any other line using the Four of the vessels have already been tracks.
