

## TRUE SONS OF AULD SCOTIA PAY HONOR TO THE "NIGHT"

Annual Halloween Festivities of the Caledonian Society.

The atmosphere of old Scotia pervaded the annual dinner of the Caledonian Society, held at the Walker House last night. One hundred guests sat down to the elaborate menu which included the characteristic haggis.

President George Kennedy, L.L.D., was toastmaster. Others present at the head table included: W. Grant, first vice-president; President Harman of St. George's Society, Rev. W. S. Crockett, W. G. Wallace, J. A. Macdonald, Dr. Kennedy, Lieut.-Col. Robertson, Jas. Bain, president of St. Andrew's Society; Rev. Prof. Clark, Jas. Sloan, president of the Irish Protestant Benevolent Association; Albert Horton, D. A. Wilkie, Robert Jaffray, ex-Provost Fleming, Aberdeen, Scotland; Justice Craig, Yukon territory; J. McP. Ross, and N. S. Wales.

The president read letters of regret from Lieutenant-Governor Clark, Premier Whitney and Miller Ramsay, president of St. Andrew's Society, Montreal.

The toast to the King having been honored, with enthusiasm the toastmaster next proposed the members of the royal family.

The Governor-General of Canada and the Lieutenant-Governor of Ontario was the next toast, followed by one to the "Naval and military forces of the empire," to which Lieut.-Col. D. M. Robertson, who responded, aroused enthusiasm by his references to his regiment being much in excess of the regular government strength.

Chaplain Baldwin, Grenadier, also spoke to the toast.

"The day and a' wha' honor it" was the distinctly Scottish toast of the evening. President Kennedy's recitation of an old familiar poem fanned the embers into a blaze, and the ballad, "Will ye no' come back again?" that followed awakened into life those soft emotions that cling to the land of the heather.

It remained for Rev. J. A. Macdonald to reply, introduced as a "Highlander." Mr. Macdonald modestly disclaimed any such distinction, but despite the 130 years which had elapsed since his ancestors left their native shores to come to Canada, the blood of those ancestors was still in his veins.

But Halloween, reminded the speaker, had a deeper meaning than that of recalling days of youth. It was the eve of all Saints' Day, and was sacred to the dead. Menon recalled a splendid procession of mighty men, heroes, bards, philosophers, professional men, men of science and of art, martyrs, missionaries and statesmen, from Wallace, Bruce and Knox down to the heroes of Magersfontein and the plotters of Britain to the ends of the earth.

In the absence of Hon. Mr. Matheson, Senator Robert Jaffray was the only representative of the government to the toast, "The Parliament of Canada and the Legislature of Ontario."

Mr. Jaffray undertook to correct what he believed to be a popular error. The people themselves were responsible for the character of the senate, since its members were chosen by the parliament who members, in turn, were elected by the voters.

It was hard, he said, to get good men to enter parliament, because it was necessary that they should be "able-bodied and handshaking to get votes." Altogether a pretty active politician, he had always considered it was under a great deal more obligation to the people who went to parliament to do his duty than he was to "me," avowed the speaker. "People should look at it in this way."

Rev. Mr. Crockett of the Scottish Landings, and ex-Provost Fleming of Aberdeen, Scotland, spoke as guests. Both declared feelings of "at home-ness" and of being among their own kind. Rev. Mr. Crockett hoped the "at home-ness" would be a permanent one, and contented himself with a happy, contented imperialism.

Ex-Provost Fleming, who made incidental mention of having had the privilege of extending the freedom of Aberdeen to the distinguished Canadian, Lord Strathcona, admitted that he was visiting Canada to complete his education and statesman's visit was completely without such a visit, he averred.

President Harman of St. George's Society and President Sloan of the I.P. R.S. spoke in felicitous manner on behalf of these organizations.

**WILL BE TABLED.**  
Canadian Associated Press Cable, Oct. 30.—In the house of commons today in answer to W. W. Ashley, Sir Edward Grey said the correspondence with the United States government and the government of Newfoundland, which led up to the present modus vivendi, will be laid on the table of the house.

**PRESENTATION TO ALDERMAN.**  
London, Oct. 30.—(Special.)—Alderman Wyatt, who leaves shortly for British Columbia, was presented by the council at its meeting to-night with a gold mounted umbrella.

William Scarlett officially succeeds, having next highest vote last January.

## LET ANNUAL PASS N UNDISTURBED QUIET

Czar Issues Usage Granting Full Religious Freedom to Old Believers.

St. Petersburg, Oct. 30.—The first anniversary of the proclamation of the manifesto giving a constitution to Russia, passed in undisturbed quiet. Disorder and bloodshed fortunately were avoided. Workmen complied absolutely with orders and abstained from any demonstration.

The Pullout Iron Works' employees worked as usual in obedience to orders from labor headquarters. These works are the heart of the labor movement.

Disquieting signs were observed near the works last week, and to-day an adequate force of men was stationed near by to cope with any emergency. The men of a score of smaller factories had the day off, but work was performed in a majority of the shops.

Several bands of black hundreds, armed with staves, paraded in a remote street, but there were no collisions with them, nor have there been any conflicts between the workmen and the police.

**Religious Freedom.**  
At noon a special edition of the Official Gazette, containing the imperial ukase granting full religious freedom to the "old believers" was issued, the preamble of which is as follows:

"To guarantee to all Russian subjects liberty of faith and public worship according to the dictates of their conscience, we issue a ukase April 30, 1906. In continuance of this task of love and peace we deem it good to establish rules and regulations governing the internal organization of the 'old believers' and other dissident sects of the Holy Orthodox Church, charging the ministry of the interior at the same time to elaborate a similar law for the sects issuing from other Christian confessions. With trust in a beneficent Providence we believe that these measures will serve to strengthen the ties of loyalty by which the 'old believers' have been bound for centuries to the throne and fatherland and enhance the greatness of our general mother, the Holy Orthodox Church."

According to the law, any dissident sect numbering fifty persons, whose aims are not immoral or having tendencies to refuse to do military service (the Doukhobors and Standists are exempted from military service and are entitled to wear vestments and perform the baptism, marriage and other sacraments and keep registers of births, marriages and deaths of equal authority with the official records of the Orthodox priests.

**Introduces Civil Marriage.**  
The new law introduces an important innovation in the form of civil marriage, designed for the sects having no clergy, but of which non-members can easily take advantage, enabling thousands of persons, on account of their objection to a religious rite and the absence of a civil ceremony, have lived together unmarried, to assume the legal status of legitimate children. This law is of special importance to the Mariavists, the Polish Schismatics from the Roman Catholic Church, and others who are rapidly growing on the German frontier.

**ALEX WARDEN RETIRES.**  
Treasurership of Presbyterian Church is Again to Be Vacant.

The resignation of the treasurership of the Presbyterian Church by Alexander Warden, which has been announced, is stated by those familiar with the situation to be due to Mr. Warden's having secured a better opportunity for advancement in the business world.

He was appointed at the synod in London last June in succession to his late father, to act in co-operation with the advisory committee, and then appointed, consisting of Lieut.-Gov. Clark, Hamilton Cassels, K.C., and Robert Kilgour, R. C. Jennings was the only other applicant for the position.

In the ordinary course Mr. Warden's resignation goes to the clerk of the synod, and is acted upon by the committee of the synod, which has scattered all over the Dominion, whose chairman, the moderator, lives in Halifax. The committee's authority to make a temporary appointment.

**HEARST'S LEAGUE WINS.**  
Court Decides Independent Nominations May Be Made.

Albany, N.Y., Oct. 30.—The court of appeals to-night decided that the making of independent nominations by multiple petition was not contrary to the election statute and affirmed the right of the independent league to make such nominations.

The court also decided that in the case of judicial nominations, the certificate filed first had prior claim and that the Independence League had a right to designate its own candidates.

**A CALL TO ARMS.**  
Winnipeg, Oct. 30.—(Special.)—At the annual meeting of the Young Conservative Club to-night a strong resolution was passed calling for a big general convention of the Conservative party to be held in Winnipeg as soon as possible.

The feeling of the meeting was strongly in favor of holding a convention to re-organize and prepare for the next federal election.

## MOTORMAN FALLS OFF CAR PASSENGERS LEFT IN PERIL

For Many Blocks Down Sherbourne St. Trolley Runs Uncontrolled.

A crowded belt line car careered down Sherbourne-street yesterday morning from Wellesley-street to Sherbourne-street, leaving passengers in peril.

The motorman had, after turning on the current, stepped to the doorway and was brushing away some snow from the step when an unexpected jolt threw him from the car. His absence, strange to say, passed unnoticed. Owing to the heavy weather the car was crowded, and the conductor was kept busy collecting fares. Because of the crowd, the fact that no stops were made did not create a suspicion of anything wrong.

Down grade the car, No. 560, sped, gathering momentum with every block. It bounded over the intersection at Carlton-street, where, as luck had it, there was no car crossing, although two lines use that route.

Some of the passengers were remarking on the rapid run, but none were alarmed. Near Shuter-street, however, the conductor was warmly congratulated. Had he been a "green" man instead of an old hand, or if he had had only the old hand broken to operate, it is likely a collision would have ended the journey.

The motorman meanwhile had caught the next car, which put on extra speed and helped him overtake his own.

**HOW BOOKS WERE COOKED.**  
Idea Given of Methods by Which False Returns Were Made.

How were the false Ontario Bank returns to the government manufactured? According to one authority, in filling in the required information in a statement book kept for the government, a preliminary statement was kept in which the totals of the various items were recorded.

"In making up their totals, the practice was to deduct an amount from one column and add it to another column in the preliminary statement book, the results then being copied into the government statement book, and then the statement itself. These deductions, or additions, improperly made, are all set out in the front of the preliminary statement book, and they are made out," an official is quoted as saying.

"Take for illustration in the first column, in 'bonds and debentures,' the total of \$100,000, and \$75,000 would appear as a deduction from that amount and would appear an addition to the column of current loans.

This method, however, has, it is said, been ignored, and the bishop has intimated the selection of Rev. E. A. McIntyre, at present one of the assistant clergy of St. Paul's, for the vacancy.

At an open meeting of Prospect cars with it the option of selecting an incumbent, members of the congregation felt that they have some cause for complaint.

**SECTION MAN MURDERED.**  
Found by Trainmen on Railway Near Liverpool, N. S.

Liverpool, N. S., Oct. 30.—(Special.)—The body of Edward Way of Halifax was found by trainmen on the line of the Halifax and Southwestern Railway last night, near Grants Village, 20 miles west of Liverpool.

On examination it was found that the man had been murdered, having been struck by the wheels of a freight train, crushing the skull. There was a bullet wound in the head.

He was a sectionman on the railway, and is supposed to have been killed and robbed, as a sum of money he was known to have on his person is missing.

An inquest was held here this morning and the verdict was willful murder.

**CONFIDENCE IN EXECUTIVE.**  
Montreal Foresters Unanimously Support Dr. Oronchutka.

Montreal, Oct. 30.—(Special.)—At a meeting of the members of the Independent Order of Foresters, held here this evening, over a thousand people being present, Dr. Oronchutka, Hon. Elliott G. Stevenson, Victor Morin and R. Matheson, all members of the supreme council of the Foresters, gave explanations regarding the recent investigation into the affairs of the Foresters by the royal inspection commission.

After hearing the doctor's explanation the meeting adopted a unanimous vote of confidence in the executive and the management of the affairs of the order.

**The Way to Niagara Falls and Buffalo**  
La. over the Grand Trunk, the only double-tracked line, and passengers are delighted with the elegant coaches, buffet parlor cars, and quick and comfortable service. Leave Toronto 7:30 a.m., 9 a.m., 5 p.m. and 6:10 p.m. Arrive Niagara Falls 9:55 a.m., 10:35 a.m., 6:55 p.m. and 8:20 p.m. Arrive Buffalo 11:15 a.m., 12:10 noon, 8:25 p.m. and 9:45 p.m. Tickets and reservations at city office, northwest corner King and Yonge-streets.

For Many Blocks Down Sherbourne St. Trolley Runs Uncontrolled.

A crowded belt line car careered down Sherbourne-street yesterday morning from Wellesley-street to Sherbourne-street, leaving passengers in peril.

The motorman had, after turning on the current, stepped to the doorway and was brushing away some snow from the step when an unexpected jolt threw him from the car. His absence, strange to say, passed unnoticed. Owing to the heavy weather the car was crowded, and the conductor was kept busy collecting fares. Because of the crowd, the fact that no stops were made did not create a suspicion of anything wrong.

Down grade the car, No. 560, sped, gathering momentum with every block. It bounded over the intersection at Carlton-street, where, as luck had it, there was no car crossing, although two lines use that route.

Some of the passengers were remarking on the rapid run, but none were alarmed. Near Shuter-street, however, the conductor was warmly congratulated. Had he been a "green" man instead of an old hand, or if he had had only the old hand broken to operate, it is likely a collision would have ended the journey.

The motorman meanwhile had caught the next car, which put on extra speed and helped him overtake his own.

**THREE MORE BODIES.**

Atlantic City, N. J., Oct. 30.—The contention of Coroner Gaskill, that a number of persons who lost their lives in the electric train wreck on the Trolley route may be buried in the mud where the cars plunged, was borne out to-day, when the bodies of Mrs. Paul Feiberg, Mrs. Selma Johnston and Mrs. Sarah Miller were recovered from the mud.

The bodies of the three women were recovered from the mud. When the train approached he was standing within three or four feet of the point where the rails joined, and he looked at the track to see that it was all right. The officials examined the bridge structure and found it strong and safe in every respect.

**PRACTICAL FEDERATION.**  
London Graphic Suggests Formation of Colonial Committee.

(Canadian Associated Press Cable) London, Oct. 30.—The Graphic, referring to the Newfoundland, New Hebrides and similar questions, says if at the next colonial conference Lord Elgin can persuade the colonies to adopt a standing committee to assist the conduct of imperial affairs, he will have made a notable contribution to a practical as well as sentimental federation of the empire.

**LAWLESS FISHERIES.**  
New York Tribune Official reports suggest some of the unpleasant suspicions which have hitherto arisen concerning the frequent troubles between Americans and Canadians in the Lake Erie fisheries.

It is not pleasant to hold our own countrymen to be at fault in a controversy with another country, but in this case it may be necessary. More than once there has been reason for believing that American fishermen were poaching upon Canadian fishing grounds, and in some cases were doing so intentionally, and that when they complained to our government of the acts of the Canadian patrol, and sought to get redress for the wrongs which they suffered, they were deliberately trying to make our government a party to their misdeeds, even to the extent of stirring up international animosities as an adjunct to their poaching.

The explanation is a simple one. We do not suppose Americans would go into Canadian waters just for the sake of stealing. They do so because there is better fishing there than in their own waters. We do not credit all Canadians with the unpardonable crime which would restrain them from catching their fish or nets on our side of the boundary if it were to their profit to do so. The gist of the whole matter is that the fishing is much better in the Canadian than in the American part of the lake. That is why Americans trespass in Canadian waters, and that, probably, is one very practical reason why Canadians should not trespass in American waters.

But it is, of course, not the slightest justification of American poaching. If there were no fish at all on the American side of the lake and plenty of them on the Canadian side, the Canadians would still have no right to go over and steal the Canadian fish. The case is the more aggravated by the consideration that it is probably the Americans' own fault that fishing is not so good on their own side as on the Canadian side. There is reason to believe that our fishery laws are not so well devised for the protection of the fisheries, or are not so well observed or enforced as those of Canada. If so, it is simply intolerable that, having ruined our own fisheries, we should seek to prey upon those which the Canadians, in their superior wisdom or economy, have preserved and cultivated.

Not the least annoying feature of the case is the manner in which this lawless conduct of our lake fishermen creates a presumption prejudicial to American interests in other matters. There is pending, for example, a controversy over the Newfoundland coast fisheries, in which a modus vivendi has been reached in this country, but the Canadians are not prepared to accept it. It is a pity that the lawless conduct of our lake fishermen, however, if they refer to these lake fisheries, should be a hindrance to the settlement of the Newfoundland fisheries, and the rapacious practices of Americans against which it will be necessary for them to guard their own interests.

**LABOR BUREAU BRANCHES.**  
New branches of the labor bureau, which have been contemplated for some time past, will probably be in working order at Hamilton and London by New Year.

John Armstrong, secretary of the bureau, states that the offices will assist as between employers and men, who want work, and in helping domestic servants to positions.

**Prominent Manufacturer Speaks.**  
In Vanleek Hill, Ont., no one is better known than George S. Watson. His name is a household word, and his "cure," depend on it being so. "My wife," he writes, "was subject to bad attacks of throat irritation and bronchitis, and she was unable to get on her feet. I tried all sorts of remedies, but was different. It seemed to get right at the sore spots and brought relief quickly. We have found that Catarrhose is an absolute cure for bronchitis and catarrh. Nothing cures more quickly, so get it to-day, two sizes 25c and 50c at all dealers."

## Perfect Manhood

Our "Restorine" CURES are THE TEST. NORTH BAY, ONT., July 31st, 1906. Dear Sir:—Have finished taking your 30 days treatment, and am in every way improved. I weigh more, and am much stronger, and my nerves are very much better. Yours sincerely, R. H. (Source Testimonial.)

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restorine operates on the nerves which control the sexual system, and infuses into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failure of men. Restorine awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent to any one on receipt of name. Five Days' Total Treatment sent absolutely free. Write To-Day. (11)

**DAUGHTER RELATES STORY**

**THAT MAY CONVICT FATHER**

George Leconteur Held Criminally Responsible for Murder of His Wife.

Quebec, Oct. 30.—With his face buried in his hands most of the time, George Leconteur, who killed his wife Saturday morning on the Esplanade, heard the story of his horrible crime related to the coroner and the jury by his daughter, Katherine, this morning, and heard her tell of his ill-treatment of her mother and his jealousy, etc., at the inquest.

The prisoner appeared deeply affected, and for a long time did not raise his head or meet the gaze of hundreds who crowded the room for the occasion. After hearing the evidence of several witnesses, the jury rendered a verdict to the effect that his wife was killed by George Leconteur, and that he was criminally responsible.

The burial of the victim took place this morning to St. Patrick's Church and Cemetery. The remains were followed by a large number of mourning friends.

**KILLED MAKING ARREST.**

Dayton, Ohio, Oct. 30.—George Basso, town marshal of Franklin, 15 miles south of here, was shot and killed this morning while attempting to arrest a white negro, suspected of robbery.

**AGREE TO THE TERMS.**

S. Price & Sons, milk dealers, have agreed to the terms of the Toronto Milk Producers' Association.

**Free to Men**

**UNTIL CURED**

All men with very few exceptions were made strong and should be so through life. Many have abused this grand privilege and through dissipation have become weaklings, puny, lack confidence, can't face the slightest difficulty, have drains, losses, impotency, varicocele, rheumatism, lame back, etc., and are mere play-things in the hands of their associates. How deplorable! But all these men can be made full of strength, vigor and life if they will only turn to the right source. Electricity cures these cases. I have been curing thousands every year for nearly forty years. So positive am I of what my world-famous Dr. Sanden's Belt will do that if you will call or send for one you can use it.

**FREE UNTIL CURED**

Not a penny on deposit or in advance. I will take your word for results, and only charge price of belt—many cases low at \$4. My wonderful success has brought forth many imitations of my belt, but my valuable experience to advise and guide my patients cannot be imitated. It and my belt can be had free until a cure is effected, but only at address as below.

Call and get one to-day, or write. I also send two best books ever written upon health and strength of man. Free, sealed, by mail.
