

SCROFULA,

whether transmitted from parents, or inoculated, is within the curative range of the Sarsaparillian Resolvent.

Cures have been made where persons have been afflicted with Scrofula from their youths up to twenty, thirty and forty years of age, who were cured by the Sarsaparillian Resolvent—since married and had children, and no trace of the taint up to twelve, and some as old as fifteen years, were exhibited in the children. This ought to be good evidence of its power in exterminating the taint of Scrofula from the system.

It possesses the same wonderful power in curing the worst forms of strumous and eruptive discharges, Syphiloid Ulcers, Sores of the Eyes, Ears, Nose, Mouth, Throat, Glands, exterminating the virus of these chronic forms of disease from the BLOOD, BONES, JOINTS, and in every part of the human body where there exists diseased deposits, Ulceration, Tumors, Hard Lumps, or Scrofulous Inflammation, this great and powerful remedy will exterminate rapidly and permanently.

SCROFULA CURED.

ST. HYACINTHE, P. Q., CANADA, August 19, 1881.

DOCTOR: As last fall I completely and marvelously cured a victim of Scrofula in its last stage, by following your advice, given in your little treatise on that disease, I would feel much obliged if you would forward me your treatises on Irritable Urethra and Self-abuse (illus.), for which I inclose stamps. I need it absolutely at once, as the poor victim of ignorance is hurrying fast to his grave.

In haste, your confrere,

RANDOLPH McINTYRE, M. D.

A VOICE FROM LIBERIA AFRICA.

I have for several years used Dr. Radway's excellent Remedies in my family, and find them deserving of all that might be said of them. The Relief, Resolvent and Regulators comprise the list which stands the test of our climate so admirably well. I always keep a supply of these medicines on hand, and never think my family safe without them. Notwithstanding many other medicines are introduced and sold here, there are none to compare with Dr. Radway's when faithfully used according to directions. In such a case, cures are sure to follow.

POISONED BLOOD.

GENTLEMEN: I think it my duty to inform you that about thirteen years ago I had a very small red spot come on my leg just above the ankle. It soon became very painful, and kept increasing in size. I said to my wife: "That is just how father's legs began at first, and I am afraid I shall have bad legs like him."

A friend of mine told me to "go and buy a bottle of Radway's Sarsaparillian, and that will cure you."

I gladly went and purchased a bottle, and my leg soon began to be less inflamed, and a second bottle made a complete cure; and my legs to-day are sound and good, thanks to Radway's Sarsaparillian.

I am, gentlemen, yours respectfully,

JOSEPH BUSHELL.
