So far as the schedule is concerned, Mr. Popkay said he thought it was entirely satisfactory.

WHEEL. LONDON WHEELMEN REORGAN-

IZE. The London Wheelmen's Bicycle Club met in the parlors of the Y. M. C. A. last night and reorganized for the coming season. Mr. W. C. Ferguson, president, was in the chair. The attendance was fairly large, and the members present were very enthusiastic.

The presentation of reports for last year's work proved interesting. It was decided to hold a reception in the near future to the friends who had enter-tained the club on its runs during 1898. The question of fees to the C. W. A. was left to a committee to report at the next meeting, on May 2. After plans had been talked over and displans had been talked over and displans the seeming months of cussed for the coming months of wheeling, the following officers were

KILLED BY A TROLLEY. Winnipeg, April 25.—The 6-year-old daughter of Wm. Handbury, contrac-

tor, of this city, was killed by a street car Saturday afternoon while playing on William street with a number of larger children. When the car was yet 200 feet away from them the largeer ones ran across the track. The Hanbury girl hesitated for a moment, but was beckoned by the others to follow. Just as the car was within a few feet of her she made a rush across, and would probably have escaped had she not fallen, and before the car could be stopped she was terribly mangled. She died before she could be conveyed to the hospital.

THE WEAK, THE DISEASED

MADE STRONG AND HEALTHY THROUGH

Sarsaparillian Resolvent.

Every drop of the Sarsaparillian Resolvent communicates through the blood, sweat, uring and other fluids and juices of the system the vigor of life; for it repairs the wastes of the body with new and sound material. Scrofula consumption, syphilis, uncured or badly treated evenereal in its many forms (send 10c for illustrated book, "Radway on Venereal"), glandular diseases, ulcers in the throat, mouth, tumors, nodes in the glands and other parts of the system, sore eyes, strumous discharges from the ears, and the worst forms of skin diseases, cruptions, fever, sores, scald head, ring worm salt rheum, erysipelas, acne, black spots in the flesh, tumors, cancerous growths, female complaints and all weakening and painful discharges, night sweats, nocturnal losses and all wastes of the life principle are within the curative range of this Wonder of Modern Chemistry, and a few days' use will prove to any person using it for either of those forms of disease its potent power to cure them. If the patient, daily becoming reduced by wastes and decompositions that are continually progressing, succeeds in arresting these wastes and repairs the same with new material made from healthy blood, and this the Sarsaparillian will and does secure, a cure is certain for when once this remedy commences its work of purification and succeeds in diminishing the loss of wastes its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving and flesh and weight increasing.

Scrofula From Birth.

Scrofula From Birth.

Scrofula From Birth.

Dr. Radway—Dear Sir. It is with pleasure I take my pen in hand to inform you of the great cure effected by your medicine called Sarsaparillian Resolvent. I have a girl three years old last September who has suffered with scrofula ever since she was two years old. It fact, the doctor told us she was born with it. We had our best local doctors with her, and it seemed like all hope was gone, for they told us if the disease settled on her lungs she could not be cured. This frightful disease scated or seized upon her lungs severely. I began to think that our little girl could not live very long, our physician's medicine doing no good. In the meantime I received a copy of your medical publication called "False and True," which you sent me. After seeing the accounts of so many cures effected by your treatments, I at once resorted to them, and by the time she had used one bottle she was most well. The ulcers that were making their appearance on her body are entirely gone, her lungs almost healed, or at least she has quit coughing. She has begun on the second bottle, and I believe by the time she uses all of it she will be well. She had a very bad cough. I am yours with respect, SAMUEL B. BARKER, Flat Top, Mercer County, W. Va.

"LIFE A BURDEN."

Dr. Radway—Dear Sir: For a long time past I have been suffering in the most distressing manner from a long train of symptoms which have baffled the skill of all the medical men down here, and which I feared, if not arrested in their progress, would terminate in the total prostration of my strength. Loss of appetite and desire of stimulating and artificial means of suggestions are suggested and artificial means and desire of stimulating and artificial means of sustenance at irregular times, want of healthy sleep and consequent depression on arising in the morning rendered life quite a burden to me, until a friend induced me to try your medicine. So I got a bottle of Radway's Sarsaparillian and a box of Radway's Pills and took them according to directions. I soon found relief. I got three boxes and three bottles more and I am in better health than ever before. I remain your humble servant, ARTHUR D. WRIGHT, Unionville, Mich.

THE MOST ECONOMICAL! THE BEST! One bottle contains more of the active principle of medicine than any other preparation. Taken in teaspoonful doses, while others require five or six times as much. Sold by druggists. Price \$1.
