LOCAL MARKET.

Saturday, Oct. 27.
Despite the rain there was a good-sized crowd of farmers at the market today. Business was slow as the buyers will not turn out in full force on a rainy day, and those who do attend are looking for bargains. Prices were firm for butter, eggs, and dressed hogs, but in the other lines they were a shade easier.

Grain.—There was not many loads of oats offered. Sales were brisk at \$1.13 to \$1.15 per cwt. Other kinds of grain were scarce.

Hay and Straw.—Hay sold at \$12 and \$12.50 for three loads that was brought in. Straw is wanted at \$5.50 to \$6 per ton.

Butter and Eggs.—In comparison with the small offerings in other lines there was quite a large quantity of butter offered. Sales were brisk at 22c to 24c for choice crocks, and 24c to 25c for pound rolls, in wholesale lots. Eggs were firm and there was an excellent demand at 23c per dozen for crates, and 24c to 25c for smaller lots.

Fruit.—Apples were not so plentiful today. Sales, however, were slow. Prices were steady at 40c to 50c per bushel, by the bag 50c to 60c. Some nice barrels of hand picked apples sold at \$1.50, and occasionally \$1.75. Grapes were in fair demand at 20c to 30c per basket. Pears were slow, as there is not many bought at present for preserving purposes. Prices ruled at 75c to 90c per bushel. Chestnuts sold at 75c to \$1.50.

Vegetables and Roots.—There was a large number of loads of potatoes offered. Sales were made at 80c to 90c per bag by the load. The grocers purchased what they required at the first named figure. There is a big difference in the quality of the potatoes, and also in the size of the bags, hence the lowest priced potatoes are not the cheapest. Cauliflowers sold well at 5c to 15c each. Turnips were dull of sale at 30c per bag. Parsnips and carrots went at 30c to 35c per bushel. Onions went at 75c to 80c per bushel. Cabbages were very plentiful at 25c to 50c per dozen. Sage and savory were plentiful at 20c per dozen. Celery was in large supply at 50c to 40c per dozen.

Dressed Hogs.—There was quite a number offered; most of the sales were at \$8.75 per cwt. Prices will go lower, as live hogs are considerably easier.

Live Hogs.—Prices for live hogs for the usual Monday's shipment from here will be \$5.60, a drop of 40c per cwt. since last week. Small pigs sold today at \$4.50 to \$5.50 per pair.

Poultry.—The supply of poultry was nearly as large as the usual Saturday offerings. Prices were steady at 60c to 85c for dressed chickens, 90c to 10c per pound for live chickens, 40c to 60c per pair, or 75c to 85c per pound. There were a large number of ducks offered, selling at 75c to \$1.20 per pair, or 65c to 80c alive. Turkeys sold at 14c per pound wholesale. Geese went at 80c to \$1.30 each. There was not much of a demand.

Butchers' Meat.—Not much offered and sales were slow. Beef sold at \$5.25 to \$5.50 per cwt. Veal, \$8 to \$9. Lamb, \$11 to \$12 per cwt. Mutton, \$5 to \$6.

WILL U.S. AND JAP COME TO BLOWS?

Washington Admits Situation To Be Quite Grave.

EXCLUSION ACTS THE CAUSE

Dispatches From Tokio Say That the Killing of Poachers May Have Been Unjustifiable.

Washington, Oct. 26.—At today's cabinet meeting among the important matters discussed was the situation growing out of the anti-American sentiment in Japan, and the exclusion of Japanese children from the public schools of San Francisco.

It was stated by a member of the cabinet after the meeting that the general opinion was that the Japanese situation was exceedingly grave and would require the most delicate treatment to avoid an open rupture.

It developed today that the proceedings initiated in San Francisco yesterday to compel the authorities to receive Japanese pupils into the public schools were directed by the department of justice.

Japanese restaurant keepers have suffered indignities in San Francisco as well as Japanese school children, according to reports received by the Japanese ambassador from the Japanese consular officials in that city.

At least seven or eight reports have been made concerning boycott inaugurated against Japanese restaurants in the California city. Agents have been posted to prevent patrons from entering the restaurants and in several instances stones have been thrown and windows broken, according to the statements of Japanese officials.

These cases have been brought to the attention of Secretary Root by Viscount Aoki, who says it is with great reluctance that he brings to the attention of the central government demonstrations against the Japanese which are purely local in their nature.

Viscount Aoki said that all the trouble has been confined to San Francisco. The ambassador assured his government that the Japanese are not against the Japanese in the United States and was much gratified at last evening's dispatches that the Japanese press is for the most part attempting to check the feeling against Americans.

Secretary Root, in a statement to the press, said that the department of commerce and labor, will go to San Francisco tomorrow to investigate and make a full report on the situation affecting the Japanese there.

While the Japanese ambassador, Viscount Aoki, has certainly called the attention of Secretary of State Root to the undeniable fact that article 1 of the treaty of 1894 guarantees to Japanese residents in this country the same residential rights as are extended to those of any other country, it is not to that matter to the people of the United States, and while the secretary of state is calling the attention of the governor of California to the infraction of this treaty by the city of San Francisco in closing its public schools to Japanese children, the impression is gaining ground that the real source of difference between the two countries liable to make trouble of a serious nature is not in the San Francisco matter at all, but the shooting of the alleged Japanese poachers on the Pribilof Islands, in Behring Sea.

This impression is heightened by the fact that the secretary of state yesterday asked the Japanese Government to arrest and punish those members of the alleged poaching party who got away and returned to Japan. It is known that Japan has sent a commissioner to the seal islands to make an investigation of the matter, and there is grave reason to fear that the act of the United States officials who ordered the Japanese to be fired on cannot be defended in an international court of arbitration.

According to the reports received here the shooting of the Japanese was not done while the latter were the aggressors, but while they were in retreat, some of them even being killed while they were in their boat and rowing away from the islands as fast as they could, coupled with the extremely light sentence imposed upon those Japanese who were captured on the seal islands, makes a situation which it may well be expected the Japanese Government will take cognizance of, and which will result in a punishment ordinarily imposed on a drunk and disorderly person.

FAKE CAPTAIN CAUGHT
German Who Robbed Town Treasury Turns Out To Be Old Criminal.

Berlin, Oct. 26.—The pretended captain of grenadiers of the guards who on Oct. 18 produced a forged order authorizing him to take command of a detachment of twelve men whom he met on the streets in this city, and proceeded to Coepnick, a small town near here, where he arrested the burgomaster and the treasurer and took possession of the town's cash amounting to about \$1,000, turns out to have been a shoemaker of Tilsit named William Voigt. He was arrested here today at his lodging place.

Voigt, although working at the trade of shoemaker, has committed a long series of felonies, principally robberies by means of forged documents. He has served five terms in prison, finishing a 15-year sentence in Posen, and is nearly 60 years old.

AN END TO BILIOUS HEADACHE.
Biliousness, which is caused by excessive bile in the stomach, has a marked effect upon the nerves, and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

DEPORTING THE INSANE

Those in Ontario of Less Than Two Years' Residence Deported.

Toronto, Oct. 26.—The deportation of lunatics who have lived less than two years in this province is a work which is now being systematically carried on under the direction of Mr. S. A. Armstrong, inspector of asylums. The Dominion immigration act provides the authority for this action. All the lunatics recently deported and several awaiting deportation have either arrived in this Province in their present unsound mental condition or have gone insane soon after their arrival. In all cases where their condition is ascertained within the two-year limit mentioned in the transportation companies which brought them here must bear the expense of taking them back to the countries whence they came.

The deportations entail a considerable amount of correspondence and technical work. In the case of English immigrants arrangements for their return are made through Lord Strathcona, the Canadian high commissioner in London. During the past three months there have been returned from Ontario to Russia one insane immigrant, to the United States two, and to England five. There are now four awaiting return to England, and one to Sweden. The estimated saving to the Province by each deportation is \$2,000, this being based on the actual cost per year per patient, which in Ontario is \$135, and the statistical evidence that the average life of a patient resident in an asylum is thirteen years.

It is intended to continue to deal systematically and thoroughly with these cases in the future, and it is hoped that this will result in greater care being taken by the steamship companies in respect to the immigrants they carry.

In answer to the states of the United States special officers are employed who keep a strict watch for lunatics entering their territory. These are deported as promptly as they are located. Cases have been known of mentally unsound people from this Province being brought back within a few hours of landing in one of the states. It has also been learned that in one instance, at least, a special officer recently brought an insane Toronto man from one of the border states back to this city without corresponding with or notifying anyone located in the man's friends and left him there.

W. C. T. U. CONVENTION
Great Enthusiasm Marks Opening of Annual Gathering at Hartford.

Hartford, Conn., Oct. 26.—A new crusade slogan of the Woman's Christian Temperance Union was born here today at the opening of the national convention of that body. Led by a gray-haired woman, the 400 delegates filled the auditorium with "White ribbons, white ribbons, hurrah."

This outburst was evoked when it was announced that the net gain in membership for the year was 13,408, and when Mrs. Kaji Yajima, president of the Japanese W. C. T. U., bade farewell to the convention.

The honor awards made at the afternoon session included New York for the largest per cent of increase of superintendents, and Vermont for the largest amount of money expended. Delegates from many foreign lands were introduced.

THE W. M. S. ELECTS
And Asks That Women Be Admitted to Councils of Methodist Church.

Belleville, Oct. 26.—At this afternoon's session of the board of managers of the W. M. S. of the Methodist Church, which has been in session in this city for five days, the following officers were elected:

President—Mrs. W. E. Ross, Hamilton.
First Vice-President—Mrs. A. Carman, Toronto.
Recording Secretary—Mrs. Phillips.
Field Corresponding Secretary—Mrs. Strachan.
Home Corresponding Secretary—Mrs. McKay.
Editor Outlook—Miss McCallum.
Editor Palm Branch—Miss Lathern.
Treasurer Rest Fund—Mrs. W. W. Ogden.

Auditor for Rest Fund—Mr. J. Earl. Auditor for the Board—Mr. Arthur Lawson.

A resolution was passed, ordering the presentation of a memorial to the next general conference of the Methodist Church, asking that women be in future given a place in the councils of the Methodist Church in Canada.

The session of the board ended this afternoon.

OPPOSITION LEADER SPEAKS FOR NORTH BRUCE CONSERVATIVE CANDIDATE.

Kincardine, Oct. 26.—Mr. R. L. Borden, leader of the Opposition in the House of Commons, addressed a large public gathering in the opera house last night. The meeting was held in the interests of the Conservative candidate in North Bruce, Mr. McClelland.

Mr. Borden's speech, as might be expected, consisted of a wholesale denunciation of the Government. The Liberal policy was attacked all along the line, but the Opposition leader's effort was not very convincing.

NO ONE NEED fear cholera or any other epidemic if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready to use. Sparkling Water ("SPARKS") is ideally purifying water charged with purified carbonic gas. Its constant use as a beverage will surely give you a better digestion, a stronger stomach, and healthier blood. No water you ever drank is quite so refreshing, so zestful, so wholesome.

York Sparks quite lacks the salty taste common to imported charged waters; it does not change flavor in the slightest when mixed with spirits, but improves their taste while diluting their strength.
