

Trout Fishing On The Nipigon

Owing to the size and fighting capacity of its red speckled trout, Nipigon has long attracted fishermen, not only from Canada and the United States, but from all over the world. The local guides declare that it can never be

ed out, that five-pounders are still common and that proof of its unfailing yield is demonstrated by the numbers who return year after year. The fishing season opens on May 1st and closes September 15th.

"Having tested," says a Chicago angler, "by practical experience, some one or more of the head waters of every principal stream on both the Atlantic and Pacific slopes, from the most northerly settled limits along the Canadian Pacific line to the most southerly point in Mexico, where trout are found, together with a test of most of the principal streams in Scotland and Ireland, I am still of the opinion that the Nipigon, from the standpoint of the high-typed sportsman, is the finest trout stream in the world."

The Nipigon is 40 miles long, with numerous lake expansions and surging rapids; its width, 800 to 400 feet; water of the purest, clearest kind, and of the coldest temperature; there are nine portages on it, the two longest being two and one half miles, and one and one half miles—the rest are short; it is near these portages the best fishing is to be had.

Nipigon Station is on the C. P. R. main line, 65 miles east of Port Arthur. The train from the west reaches here in the morning, giving ample time to reach the camping and fishing grounds, 12 miles, in good season, provided arrangements have been made for guides, etc. It is absolutely necessary to arrange for guides beforehand, in order to avoid disappointment and delay, and particularly during the months of July and August, when the season is in full blast.

The usual way of "doing" the Nipigon is in parties of two or four. Each canoe (18 feet long) is manned by two Indians, and accommodates two gentlemen and supplies for a ten-day trip. The following rates are quoted by the local outfitters, William McKirdy & Sons and the Hudson's Bay Company.

Two canoes, 50c per day, \$10; one head guide, \$2.50 per day, \$25; three other guides, \$2 per day, \$20; rent of one tent and fly for gentlemen, 50c, \$5; rent of one tent for guides, 25c per day, \$2.50; rent of one camp outfit (axes, pack-traps, cooking utensils), \$7; total \$110. Added to this will be the cost of supplies, and this will entirely depend on the varied tastes of the party. The supplies for Indians are flour, pork, tea and sugar, butter, dried fruit and tobacco. As the Nipigon is particularly a fly-fishing stream, parties wishing to enjoy themselves to the fullest extent take one canoe for each, and also a cook, who can be procured at \$2.50 per day, and this, of course, doubles the expense, but adds to the comfort. The cost per day for each varies from \$6 to \$10, as to the mode adopted. One word as to the guides. These men are Indians and halfbreeds who have followed this business for a living for years and are thor-

oughly acquainted with all the intricacies of the river, both as to the dangerous parts and to where the best fishing is to be had. They are intelligent, affable, desirous of giving every comfort to their employers, do-up tents, making comfortable beds, and doing all the packing over portages, putting things to rights and assisting with the cooking. Much, of course, depends on the head guide, who is chosen on account of his experience.

The Nipigon is protected by the provincial government, and a license fee of \$15 for two weeks, \$20 for three weeks and \$25 for four weeks, per man, is charged to visitors whose homes are outside Canada. Canadians are charged \$5 and \$10 for four weeks. Permits are procurable from the Fishing Overseer at Nipigon Station.

Lake Nipigon, from which the river flows into Lake Superior, is also the home of the whitefish and lake trout, some of the latter having been caught with the rod weighing from 80 to 40 pounds. The lake is beautiful, being studded with numerous islands offering pleasant camping places, and many tourists who visit the Nipigon spend a time on the lake, which can be safely traversed in the large bark canoes used on the river. The climate here is particularly enjoyable; the delicious coolness of the air has wonderful recuperative powers, and refreshing sleep under warm blankets is the lot of all.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, Feverish and Sick, Give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, and in a few hours all the four wastes, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plain on the bottle. Keep it handy in your home. A little given today saves a sick child tomorrow, and gets the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-TIVES"

MR. MARRIOTT.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives,' I thought I would try them. The result was surprising. During the three and a half years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives,' and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

CARRIGAN CREDITED WITH BEST INSIDE PLAY

Bill Carrigan, the retiring leader of the world-champion Red Sox, is credited with directing the best "inside play" of the 1916 baseball year. The Sox and Yankees were battling in Boston in a four-game series that carried them along to Sept. 30th. The crimson-hooded warriors needed those games to clinch the pennant, the Yankees wanted them to ensure themselves a place in the first division. And bitter battling ensued.

The teams went along to a tie until the last half of the tenth. Then the Sox populated the bases with two men, out. The batter was "fagged" on his way to the plate by Carrigan, who whiffed and scouted back to the coaching lines. With two out, the bases full and a hit needed for victory, what would \$9 out of 100 batters do? Try to club the well-out of the lot, Rights. And that's what the Yankees as well as the speculators figured would be tried. But they all reckoned without the crafty Carrigan, who had ordered nothing more or less than a hunt—a seemingly suicidal play at the time.

The batter followed orders, the bunt rolled slowly, tantalizingly along the base lines. The Yank infielders tore in madly—but too late! The runner on third had crossed the plate, the batter had reached without the critter Carrigan, who had ordered nothing more or less than a hunt—a seemingly suicidal play at the time.

The modern study of heredity forcibly suggests that the personality is a unique combination of many strands which go back into antiquity—Professor Arthur Thomson.

AMERICAN LEAGUE RACE SHOULD BE A THRILLER, SAYS JOHNSON

"The American League race this year should be another thriller," says President Ban Johnson. "No, I will not pick a winner because that would be foolish. But I firmly believe that the race will be even closer than last season. The Yankees should be in the thick of the fight all the way. They might have finished third or better last year if their best men had not been injured. The

Clevelanders have been strengthened in the pitching department, and I believe they will be dangerous factors. "Griffith has obtained some good men with whom he expects to reorganise the Washingtons, while there is reason to feel that there will be a big improvement in the work of the St. Louis Browns. On past performances the Red Sox, White Sox and Tigers are in favor, but the other teams, with the possible exception of the Athletics, will make things hot for them. Connie Mack still is confident that the Athletics will finally show winning form, and I hope he is on the right track. Baseball should enjoy a boom this year under favorable conditions. The game has been rescued from evil influences and the future is particularly bright."
