## CHILD WELFARE IN MONCTON PRAISED

Rev. Peter Bryce Speaks of It—Mothers' Allowances Needed.

Favorable comment was made on the work being done in Moncton along child welfare lines by Rev. P. Bryce of Toronto, who passed through that city on Wednesday on his way to St. John.

Rev. Mr. Bryce is chairman of the Canadian Social Service workers and vice-chairman of the committee which has charge of making the arrangements.

## Drink Good Oranges and Get All the Juice

The best way to eat good oranges is to drink the juice. A good orange is juicy enough to drink.

## Sealdsweet Florida Oranges

As they are always filled to overflowing with sparkling, sweet, full-flavored juice, whatever the outer appearance, you may drink Sealdsweet Florida oranges.

Sealdsweet Florida grapefruit, fresh from the groves, and Sealdsweet grapefruit, in cans, are alike appetizing and healthful.

Ask your fruit dealer for Sealdsweet oranges and grapefruit, and insist on having them in the sanitary tissue-paper wrappers in which they are shipped.

For gift copy of book "Some Uses for Juices of Sealdsweet Oranges and Grapefruit" write Florida Citrus Exchange, 815 Citrus Exchange Building, Tampa, Florida.

for the International Conference of Social Service Workers to be held in Toronto in June next. It is expected that there will be more than four thousand delegates in attendance. There will be representatives from all

parts of the world, although it is expected that the larger number will be Americans.

It is as a part of an effort to interest the Maritime Provinces in this conference and in social service work in general, he said, that he is making this lecture tour.

When told of the work which was being done for the children of Moncton by the various societies, which were providing free baby clinics, free milk, inspection of the school children by a competent nurse and doctor and the care for those which have no home of their own in a suitable institution, Mr. Bryce said that it was very far advanced and that it resembled much that was being done in the western and newer sections of the Dominion and in Ontario.

When asked what the city lacked along these lines, he said that there was little more that could be done locally, but that the Provincial Government only was capable of advancing the work from the point which it has reached here.

Mothers' allowances is the most advanced step and he said that it is only in the eastern part of the Dominion that we fail to find them. In Ontario and the western provinces the act which provides for them has been in

operation for several years and has provided very satisfactory.
