Buy Fabrikoid Upholstered Furniture

FURNITURE dealers, who give their customers the best possible value and service, sell furniture upholstered in Fabrikoid. These men know that Fabrikoid not only wears longer than leather, but that it costs less and looks better after long use. They realize that they can give Fabrikoid a 100 per cent guarantee, because Fabrikoid is built exclusively for such service.

And Fabrikoid cannot be told from leather in appearance—it's color, the grain, the texture and other details are such that it is often mistaken for leather, but there the comparison ends. Fabrikoid is a fabric with a coating that is impervious to grease or water, is more durable than leather, yet is soft and pliable, is sanitary, and above all more economical.

Insist on Fabrikoid upholstery. Your dealer will supply it.

Our book, "Fabrikoid in the Home," tells about Fabrikoid and gives many useful hints about how it can be used in the home. Write for your free copy today.

Canadian Fabrikoid Limited
Head Office, Montreal
Branches: Halifax, Toronto, Sudbury, Winnipeg, Vancouver

Most of the motor cars in Canada today, are upholstered or topped with Fabrikoid.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

BIG EUROPEAN AND NEW YORK FEATURES HERE

Great Programme at the Opera House Tonight—Should Be One of the Best Presented in Some Time.

The new programme at the Opera House tonight should be one of the most popular presented for some time. Two of the acts are direct from the leading vaudeville circuits in New York and London, and should make a great hit. The first is that of the "Four Giggle Girls," a quartet of classy entertainers in melody and mirth, direct from London. They have a highly entertaining offering and present it in a manner which is bound to win favor with local patrons. The other feature act is that of the Three Kolan Japs, who will present a combination novelty offering embracing foot juggling, contortion, electric fire spinning and a sensational and daring feat of cycling upside down. A metal pole is used, eighteen feet long from the end of which a bicycle is balanced. Yamate without the use of his hands pedals the machine at an unusual velocity.

In addition to these star attractions there will be Helen Vincent, in some of her original up-to-date song stories; Stevens and Boreau, in a laughable comedy sketch entitled "The Front"; Home's Sunshine and Youngster, two genuine Indians, in a character offering introducing lariat dancing and acrobatic stunts. There will also be another episode of "The Black Secret," featuring Pearl White.

LARRY SEMON MAKES A HIT

"The Grocery Clerk" at Unique Today—More Real Fun Packed in Two Reels Than Has Been Produced in Years.

There are few real comedians in the world today. The art of being funny is fast passing away. It is hiding its place with the method of hardening copper to hold a cutting edge and building pyramids. There are, when a comedian comes forward and delivers the goods—that is becomes real funny, he is worth talking about, more than that he is worth seeing. Of all comedians and near comedians that the last decade has produced, Larry Seimon is king. He is different from all other brands and does not depend upon disguise, intoxication or a few contorted faces to produce laughs. Originality, acrobatics, types, and plays on serious things are the materials Larry Seimon uses to provoke laughter. He strives to make the plausible funny, the impossible natural, and above all to maintain a plot. In all these things he succeeds. In his latest triumph, "The Grocery Clerk," more fun is packed into two reels of this feature than can be found in a dozen so-called comedy releases, and every laugh is new. It is a comedy well worth seeing.

Added to this attraction, H. B. Warner will be seen in "Flaming Shadows," a story written by Meredith Nicholson. These two pictures will be shown today and tomorrow.

POPULAR COMEDY DRAMA WILL BE PRESENTED

The popular comedy drama, "What Happened to Jones," will be presented Wednesday and Thursday evenings in St. Vincent's Auditorium by St. Peter's Dramatic Club. The play is teeming with good, wholesome comedy and will undoubtedly attract capacity houses. In addition there will be some original and novel specialties, which should prove highly entertaining. The proceeds will be for the benefit of the orphans.

Crown Brand Syrup

"How I add digestion to doughnuts"

DOUGHNUTS were just doughnuts—until I discovered "The Great Sweetener." They eat so easy, these fried cakes, they digest so well that I want all ambitious housewives to enjoy my recipe. That one cupful of "CROWN BRAND" Syrup works wonders—it mellows the whole recipe. I am proving every day to an admiring household that "CROWN BRAND" Syrup is, in truth, "The Great Sweetener." Then, each spoonful adds digestibility, because "CROWN BRAND" Syrup is practically predigested. And digestibility in doughnuts is everything! In these days of the high cost of baking, "CROWN BRAND" Syrup is so reasonably priced. Don't admit to anyone that YOU haven't tried it!

Aunt Mary's Doughnut Recipe
3 tablespoons Manna Oil (or 1/2 cup butter)
1/4 cup Sugar
1/4 cup Berne's Cornstarch
1 egg
1/2 cup Milk
1/2 cup Flour
1/2 cup Syrup
1/2 cup Raisins
1/2 cup Walnuts
1 teaspoon Baking Powder
Cream butter, add sugar and cornstarch and mix well together. Add well beaten eggs and beat until the ingredients are well blended. Alternate, adding the milk and sifted dry ingredients. Turn on the floured board. Cut 1/2 inch thick and fry in hot Manna or fat, then drain. Do not turn the cakes more than once as fat soaks to the top, as this makes them tough.

Paroid Solves Your Roofing Problems

TO receive roofing satisfaction whether on a Barn, Warehouse, Railroad Building or large Industrial Plant, consider the following points. Roofing must primarily give continuous service under every weather condition. It must be easily laid—adaptable to every description of roof. Further, roofing once laid should not become a liability through requiring constant repair.

NEPONSET PAROID

withstands hard and continuous wear, and is adaptable to all roof surfaces. Cheapness of first cost, as compared with wood and metal shingles, or slate, and economy of maintenance are some of its principal features.

The base of Neponset Paroid is a high grade rag felt thoroughly impregnated with asphalt, making it positively water-proof and fire-resisting.

It is further reinforced with a talc surface, grey in color; or with a permanent slate surface, red or green in color.

EASY TO LAY—With every roll of Neponset Paroid is supplied sufficient nails and cement with full directions.

Ask the Neponset dealer in your district to write to us for an interesting booklet, "Roofing Canada!"
