ATLANTIC SUGAR  
HITS 33-1-8 FOR  
NEW HIGH MARK

**Montreal Power Stock Also  
Takes Upward Move-  
ment**

**STRONG TONE ON  
NEW YORK MARKET**

**Sharp Gains Reported in Sev-  
eral Active Issues on  
Wall Street**

MONTREAL, Feb. 20.—The establish-  
ment of still another new high by  
Atlantic sugar, which was easily the  
most active stock featured the early  
trading on the local stock market this  
morning. Sugar opened a half higher,  
at 33, and then strengthened 1-8 to  
33-1-8, a mark never before touched.  
Montreal Power, which came second  
in activity, was also strong, being up  
a point to 171.  
The balance of the list was feature-  
less.

Advances in N. Y.

NEW YORK, Feb. 20.—Stock prices  
displayed a strong tone at the opening  
of today's market.  
Savage Arms advanced 3/4 points to  
a record top at 96 1/2, and initial gains  
of a point or more, were recorded by  
Southern Railway preferred, Mack  
Trucks, American Smelting, American  
Can, General Electric and Allied Chem-  
ical. Air reduction, which recorded a  
sharp gain yesterday, fell back one  
point, on profit-taking.

Brokers' Opinions

NEW YORK, Feb. 20.—Houseman &  
Co., "We see absolutely no reason at  
present in the strength in oil should  
not be followed and continue to like  
these stocks as they are better than  
any group on the list. Watch and buy  
active rallies—the Southern Railway  
Hornblower—We repeat our views  
that low prices of Monday's reaction  
have recorded the low points for a long  
time to come, and that, subject to minor  
technical price movements, the market  
would have closed close to the 122 1/2  
end of that week.  
"Block Maloney—"We would not fol-  
low the market, but we would hold on  
firm spots."  
"Hutton—"The floating supply seems  
throughout the rail list is clear, also  
true of oil."

Morning Stock Letter

NEW YORK, Feb. 20.—The market is  
not over the reactionary period. Had it  
been, the market would have closed  
lower. As it was, despite this large  
advance in oil, the market was not  
marked down. Should interest  
continue, the market would close at  
Baldwin and one or two others be able  
to stay, the market might have been  
higher, but it seems quite likely  
that there will be another shakeout  
before the market can move higher.  
On strong spots consequently we still  
advise profit-taking on most of the in-  
crease. The floating supply seems  
throughout the rail list is clear, also  
true of oil."

Improvement Made  
In Centenary Hall

Improvements and enlargements are  
being made in the large school hall of  
the Centenary Methodist church to offset  
an overcrowded condition in the  
primary department. The balcony is  
being extended 12 1/2 feet forward, at  
the front of which a rolling partition  
will be installed. The added space  
provided by this change will take care  
of the little ones on the lower floor  
and give a similar increase for adult  
classes on the upper floor, as well as  
allowing additional seating for audi-  
torium purposes. An I. I. beam, weight-  
ing one and a half tons, is being in-  
stalled to carry the extra stress on the  
upper floor, the work proceeding under  
the supervision of Wallace Alward, who  
came from a Montreal architectural firm to  
assist with the Admiral Beatty Hotel  
project. The rolling partition, being made  
locally, is a new idea in moving walls  
hereabouts, as it will roll on ceiling  
runners around the corners at either  
end of the balcony front and along the  
main divisions of the Sunday school.

SEWING CIRCLE MEETS.

The Sewing Circle of the East St.  
John United Church met at the home  
of Mrs. Phillip MacIntyre yesterday af-  
ternoon and placed a quilt and put it  
together, extending their activities into  
the evening. Mrs. MacIntyre served re-  
freshments. Mrs. W. J. Bevis, president,  
was in the chair. A radio concert was  
heard during the evening. Those present  
were Mrs. Bevis, Mrs. J. J. Irving, Mrs.  
Charles Weldon, Mrs. Charles Pittman,  
Mrs. Robert Magee, Mrs. Alexander  
Magee, Mrs. Whitfield Fiewelling and  
Mrs. James King.

When You Feel a Cold Coming On

Take Laxative BROMO QUININE  
Tablets to work off the cause and to  
fortify the system against an attack of  
Grip or Influenza. A Safe and Proven  
Remedy. The box bears signature of

To Better Times**

OTTAWA MISSION

**D. MacGillivray Says Aim Of  
Delegation Should Be For  
Good Of All Canada**

FREDERICTON, N. B., Feb. 20.

During the course of an address on  
conditions in the Maritime Provinces, the  
annual dinner of the Fredericton board  
of trade at the Queen Hotel, last eve-  
ning D. MacGillivray, Halifax banker,  
predicted early return to better busi-  
ness conditions, and drew attention to  
the excellent conditions prevailing in  
the Maritime Provinces, as viewed in  
conjunction with those elsewhere.  
In this connection, he quoted the op-  
timistic outlook of the leading bankers  
of Great Britain and emphasized the  
general trend towards normal condi-  
tions of trade and commerce.

Maritime Finance.

The banking capital of the Dominion  
amounted to \$122,000,000, he said, one-  
eighth of which is located in the Mar-  
itime Provinces, where during the war  
years, approximately \$100,000,000 had  
been raised in victory loans. The total  
amount of bank deposits in the Dom-  
inion amounts to \$2,000,000,000, and  
his estimate of the Maritime Provinces  
portion of this sum was \$150,000,000.  
Baldwin and one or two others be able  
to stay, the market might have been  
higher, but it seems quite likely  
that there will be another shakeout  
before the market can move higher.  
On
