

BRANCH CHIEF
OF C. M. R. GOES
INTO PROBLEM

Continued from Page 1.

Manufacturers represented in Montreal, Toronto, Ottawa, Winnipeg and Vancouver. "What I have said about the woolen mills is also applicable to the shoe manufacturing industry which is suffering acutely on account of inadequate tariffs. We in the Maritime Provinces perhaps feel this more keenly than the central provinces. With our comparatively small population, it is necessary for us to reach out into other parts of Canada for the sale of our products, and while a few years ago, by strict economy we were able to do this to some extent—today owing to abnormal freight rates we find ourselves up against a pretty near impossible condition.

FREIGHT RATES

"The high freight rates brought about by war conditions, however, have been greatly aggravated by the merging of our connecting link, the Intercolonial Railway with the Transcontinental and other bankrupt lines, thus imposing on the old intercolonial carrying charges which it was never intended to bear, as the I. C. R. was built as an inducement to the Maritime Provinces to come into confederation and thus provide a way of easy access to the markets of the provinces west of Maritime products which are sent out of the country annually for coal which should and can be produced in this country and thus give much needed employment to our own people.

HYDRO DEVELOPMENT.

"It is with much interest that we view the development of hydro-electric power in these provinces in the last few years, such as Sheet Harbor, St. Margaret's Bay, Gasperaux and Muskeg—these should all be helpful to many communities in the furnishing of cheap power, and with the still greater development in prospect at Grand Falls it should be a great impetus to industry, particularly in the Province of New Brunswick.

STATES TARIFF POLICY.

"As there is sometimes misconception as to the tariff policy of this association," he continued, "perhaps it will not be amiss for me to refer to the official statement of the association, submitted to the last tariff conference, which stated that the objects of a tariff should be: 1st. To diminish as far as possible the import from foreign countries, goods which can be produced at home. 2nd. To facilitate the importation of raw materials for manufacturing purposes which cannot be produced at home. 3rd. To encourage the exportation of Canadian goods as finished products. 4th. To make Canada self-sufficient."

Ontario Call To N. S. Minister Is Approved

TORONTO, May 6.—The calls to ministers approved yesterday by the Presbytery of Toronto, included one from Westminster Church, Weston, to Rev. G. E. Forbes, of Scotsburn, Pictou, N. S., stipend \$2,600.

by developing and encouraging within its boundaries all legitimate activities that will give occupation to Canadian citizens. "Abnormal trade conditions throughout the world during the last few years have seriously affected many Canadian industries. Maritime included, and I think that we can fairly advocate that Canadian workers and manufacturers should have at least adequate safeguards to protect them against depreciated currencies, the lower standard of wages paid to workmen in other countries, dumping of distressed goods, smuggling, etc. As an illustration of how such matters are dealt with in the United States, may I refer to a recent case in point.

WHITES OF EYES TINGED WITH YELLOW? MUDDY COMPLEXION? YOUR LIVERS OUT OF ORDER!

Mrs. Wm. Bourque, Fox Creek, N. B., writes: "I have been troubled with my liver for a long time, and was so bad I could not do any work. I had severe pains in my stomach that were so bad at times I could hardly stand them. My tongue became coated; I had a bad taste in my mouth, especially in the morning; the whites of my eyes were tinged with yellow, and I had a muddy and yellow complexion. I had a great deal of trouble.

MILBURN'S Laxa-Liver Pills

"I decided I would try a vial, and after taking three of them I was greatly improved and felt more like living, and I can now do my own work without any trouble."

Lifebuy keeps them safe

Kiddies will get dirty—and dirt is dangerous. Brushes and sponges require antiseptic cleaning. But remember, Mothers, when chubby little bodies are rosy and clean after a soothing Lifebuy bath, a danger is removed. The mild, pure lather of Lifebuy contains an antiseptic health ingredient, which goes deep into every pore and purifies and protects. The health odour quickly vanishes after use—but the Lifebuy protection remains.

TERRORISTS AGAIN ACTIVE IN POLAND

Stories of Murder and Pillage and Attempts to Wreck Trains.

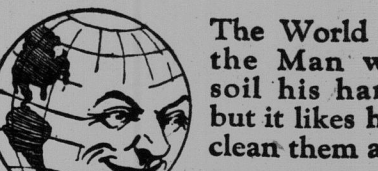

WARSAW, May 6.—Terrorist activity, alleged to be organized and directed by Communists, is being renewed in Poland. From the Bialowieza Puszcza, the former Russian Crown forests, comes a story of murder and pillage by a band of armed men, who left "receipts" in pillaged houses, signed "The White Russian Communist Party." The gang killed a policeman, the head forester and a forest keeper and wounded four others. Serious railroad accidents have been avoided in three places, recently, only by the vigilance of the railway workers.

SUICIDES FOR LOVE

NIAGARA FALLS, Ont., May 6.—Disappointed in love, Alexander Volchuk, Niagara Falls, N. Y., was found hanging by the neck from a handstand yesterday after he had appeared before Judge Piper and was ordered out of the city and told to forget his love problems. He said his girl had left the city after saying she wanted to have nothing more to do with him.

WINDOWS ATTRACT

Photo Views of C. N. R. Scenes in King Street Office Are Greatly Admired. Recent changes in the window furnishings of the Canadian National Railways' city ticket office in King street have added greatly to the general appearance of the window display. The Operation I Avoided—

MR. IDA M. COFFMAN. If there is one thing more than another a woman dreads, it is a surgical operation, and to be told that one is necessary is very disheartening. Hospitals are grand institutions, and undoubtedly many operations are necessary. However, we have received hundreds of letters from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after an operation had been deemed advisable. Every woman who suffers as Mrs. Coffman did naturally wishes to avoid an operation if possible, and the remarkable statements which she makes in her letter will be read with interest by women everywhere.

Mrs. Coffman's Letter Follows: "I was suffering from a pain in my right side which was noticeable at all times, but sometimes it was almost unbearable and I could not even get to bed at night. I had been sick for seven years, but not so badly until the last eighteen months, and had become so run-down that I cared for nobody and would rather have died than live. I couldn't do my work without help and the doctor told me that an operation was all there was left for me. I would not consent that so my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and begged me to take it. I have taken fourteen bottles of it and I feel ten years younger. Life is full of hope. I do all my housework and have a large garden this year. I never will be without the Vegetable Compound in the house and when my two little girls reach womanhood I shall advise them to take it."—Mrs. Ida M. Coffman, R. R. No. 4, Sibley, Illinois.

Alberta Woman Avoids an Operation

Provost, Alberta.—"I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I should have an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. Adams, Box 1, Provost, Alberta.
